

# BALTIMORE'S Manufacturing Forum

TUESDAY **October 7, 2014**

**7:30am-5:30pm** Baltimore Hilton

Presented by:

**SUPPLY CHAIN PANEL** Progressive companies develop new value chain relationships, invest in their suppliers and create a collaborative supply network.

**INNOVATION PANEL** Innovation is anything but business as usual. We will discuss robotics/unmanned systems, 3D manufacturing, process improvements and increasing speed to market.

**"MAKER ECONOMY" LUNCH PANEL** The word is getting out that Baltimore is growing its small-scale, artisan and technology-based manufacturing production.

**ACCESS TO CAPITAL AND EXPORT ASSISTANCE** Don't miss out on incentives that are available right here in Baltimore such as tax credits, export assistance programs, and funding sources.

**WORKFORCE** Are you a company that needs training and hiring assistance? This panel discussion will cover available workforce resources and local initiatives to create a workforce pipeline.

McGladrey

Baltimore City  
**Mayor Stephanie Rawlings-Blake** and the  
**Baltimore Development Corporation** are excited to host an interactive forum to explore the future and growing opportunities of manufacturing in Baltimore,

Join us for an in-depth look at identifying solutions and resources to improve Baltimore's manufacturing operations, spark innovation and increase growth.

This will also be an excellent opportunity to network with other manufacturers and our many supportive partner organizations to identify new opportunities in the manufacturing industry.

## KEYNOTE SPEAKERS

**Stephanie Rawlings-Blake**

Mayor, City of Baltimore

**Patricia Panchak**

Editor-in-Chief, Industry Week Magazine

**Dominick Murray**

Secretary of DBED
