SUBJECT: Brooklyn Homes Mass Shooting Incident Agency After Action Reports

---

**Introduction**

Mayor Scott directed four city agencies, the Baltimore Police Department (BPD), the Mayor's Office of Neighborhood Safety and Engagement (MONSE), the Baltimore City Fire Department (BCFD), the Baltimore City Office of Emergency Management (OEM), and one independent agency, the Housing Authority of Baltimore (HABC), to develop After Action Reports (AAR) following the July 2, 2023, mass shooting incident that took place in the Brooklyn Homes community. The Baltimore City Department of Transportation (DOT) was directed to develop an AAR, but after further review the City's Chief Administrative Officer (CAO) determined that the agency did not have any relevant involvement with the mass shooting since the incident occurred at a HABC property. HABC provides approval for events on their properties and is not required to use the city's permitting system. As such, DOT was not required to submit an AAR, although recommendations for improving the city's special events permitting process are included in this memorandum.

## **After Action Report Process**

Conducting an AAR following a mass shooting incident is an industry best practice conducted by relevant government entities. The purpose of initiating urgent agency AARs immediately following the Brooklyn Homes Mass shooting incident was threefold, to:

- Provide an immediate internal assessment of each agency's response to the Brooklyn Homes mass shooting incident and review the timeline of events leading up to and following the incident,
- Identify strengths, weakness, and perceived system breakdowns, and
- Provide lessons learned, identify best practices and recommend changes to policies, procedures, and protocols.

The CAO convened weekly AAR check-in meetings over a period of approximately six weeks. Along with the CAO, agency leaders reviewed AAR reports from other mass shooting incidents, including but not limited to the 2016 Pulse Nightclub mass shooting incident and the 2017 Las Vegas mass shooting incident. It is important to note that agencies did not receive an AAR template, but instead used AAR formats that complied with best practices and standards within their respective industries where they existed (i.e., public safety and emergency management standards). Additionally, each agency led their own internal AAR process. The Mayor's Office and CAO provided feedback on agency AAR strategies but limited the feedback so as not to compromise the integrity of the agency's internal assessment.

## **Recommendations**

The CAO received a draft of agency AARs on August 17, 2023. After reviewing the initial drafts and providing feedback on each report during the week of August 21<sup>st</sup>, the CAO developed a series of recommendations to improve cross-agency collaboration and communication and to strengthen government systems, processes, and policies. Separate from and in addition to the individual agency recommendations in their reports, the CAO's cross-agency and system recommendations are provided below:

## ***Community Engagement***

The mass shooting incident and AAR process revealed a disconnect between Brooklyn Homes residents and the city government agencies that serve them. To begin to rebuild trust with Brooklyn Homes residents, we will:

- o Provide space for transparent, open dialogue on the findings and recommendations outlined in each agency's AAR with the Brooklyn Homes Community within 30 days following the release of the AAR.
- o Utilize the community convening to chart a path forward for renewed partnership between local government, police, and the Brooklyn community by establishing a community compact and creating accountability by tracking progress on the compact at quarterly community convenings.
- o Establish monthly meetings between Neighborhood Coordination Officers (NCO), HABC tenant council leaders, onsite property management at HABC sites, HABC security personnel, community association leaders, Mayor's Office and Councilmember staff to

share information, address community concerns, and deploy needed resources. BPD should implement this recommendation within 60 days of the public release of the AAR.

- o Partner with the Baybrook Violence Reduction Leadership Team and the Brooklyn Homes Tenant Council to develop a plan of action to address the areas of need outlined in the community needs assessment, which was conducted following the mass shooting incident and shared at the July 18th Tenant Council Meeting. Specifically, the CAO, MONSE, BPD, and other government agencies will work with the Tenant Council and Greater Baybrook Alliance to develop a plan that clearly outlines deliverables and timelines for implementation for each item noted in the community's survey. The CAO will develop timelines for implementation of actions outlined in the plan with the Brooklyn Homes tenant council as part of this process.
- o Deploy city resources and services to the Brooklyn Homes community. In the days immediately following the mass shooting incident, the CAO worked with the Office of Performance and Innovation to develop an SR closeout report specifically for the Brooklyn community. To date since July 2, City agencies have closed 3,367 services requests reported to 311 in Brooklyn Homes and the surrounding community. Requests ranged from abandoned vehicle ticketing and towing, traffic calming, forestry, etc.
  - o The CAOs office will coordinate responses to quality-of-life issues raised by residents and track service request trends and closeout during the monthly clean-stat meeting. Additionally, MONSE will continue to coordinate housing, employment and mental health resources for the community. MONSE will develop a community resource activation schedule in partnership with the Brooklyn Homes Community within 60 days of the public release of the AAR.
- o Provide resources to build the capacity of community-based organizations in Brooklyn Homes and the surrounding community. To support existing grassroots organizations and local leaders with a documented history working in and with the Brooklyn community, MONSE will develop criteria, establish a community grants process and submit a proposal to the CAO for review within 60 days of the public release of the AAR.

### ***Accountability***

To reestablish trust with communities, agencies must accept responsibility and be held accountable for breakdowns that contributed to distrust with the community. To ensure accountability, we will:

- o Implement leadership changes within the Baltimore City Police Department command staff and refer offending personnel to the Police Integrity Bureau. The Acting Commissioner will update the Mayor on recommended personnel changes within 30 days of the public release of the AAR.
- o Expand HABC's Security Operations Center by adding a Vice-President of Security Operations. The vacancy in the Security Operations Manager position is being actively recruited. Both positions are expected to be filled prior to the end of 2023. The expansion will include extending the current security pilot, which began in 2022, across all HABC properties before the end of 2023. Additionally, the Vice-President of Security Operations

will join BPD's COMPSTAT meetings (as required) and partner directly with the Commanders within each District to ensure coordination and joint deployment at HABC properties.

- o HABC should explore providing residents access to a staff person 24 hours/day for emergency issues. Currently, HABC has a phone number residents can contact after office hours, but the phone number is not answered until the next business day.

### ***System and Process Improvement***

The City's response to the shooting and resources provided in the aftermath were swift and comprehensive. However, there were breakdowns in city systems and processes. To build on our strengths while also improving processes and systems, we will:

- Conduct multi-agency tabletop exercise(s) with department leaders, city staff, executive staff, elected officials, etc. to fortify the city's preparedness for a critical incident. The tabletop exercise will define roles and responsibilities during a critical incident, identify resources, and train participants on the command structure during a critical incident.
- Require Executive staff, agency heads, and all public safety personnel to participate in introductory Incident Command System (ICS) training and consider requiring leadership in positions that impact public safety issues to pursue advanced ICS courses.
- Convene a weekly special events coordination call to review permitted events and to share intel on potential un-permitted or "pop-up" events. Expand the existing special events coordination call to include the HABC Constituent Services Manager and HABC security personnel.
  - o Provide a report to members of the City Council on permitted events across the city, by District. Mayor's Office of Performance and Innovation (OPI) will work with DOT to develop a draft report for the CAO to review within 60 days of the release of the AAR.
- Work with BCIT and the digital services team in the Mayor's Office of Performance and Innovation, as well as with key city agencies involved in the citywide permitting process, to develop a 'one-stop permitting system,' building on the progress already made by DOT to digitize the permitting process. The one-stop-shop permitting system will streamline the permitting approval process.
- Require all city agencies to provide notification to the Mayor, CAO, and Deputy Mayor for Public Safety of every event with an expected attendance of more than 50 people. If a city agency identifies a pop-up event of more than 50 people, agency leadership must immediately notify the CAO of the occurrence of the event and outline the steps being taken to immediately assess and address security concerns, including disbanding the event if necessary. City agencies will immediately begin to implement this new protocol.
- Incorporate backup measures into notification procedures for public safety agencies, guaranteeing proper alerts and swift reactions to prevent situations from escalating to critical incidents. BPD will review their current notification procedures to determine

where backup measures can be implemented and provide recommended changes to the CAO within 60 days of the public release of the AAR.

### ***Policy***

Speculation and discussion following the mass shooting incident has raised concerns about policy and legislative changes that may need to be made. This public speculation has specifically touched on the responsibility of Safe Streets workers to escalate potentially dangerous situations to City Hall and on the status of one of the alleged shooters who was on home detention and monitoring. To clarify escalation protocols for all City employees and sub-contractors and to improve policy, we will:

- o Explore legislative changes related to home detention and monitoring. During the 2023 legislative session, Mayor Scott worked with Delegate Smith and Senator McCray to introduce [legislation](#) on “Private Home Detention and Monitoring.” The Administration will explore reintroducing this legislation and working with state partners to take executive action to create real-time notification when individuals under GPS monitoring exit their probation locations. Additionally, the legislation could include notification when multiple individuals under home monitoring are in the same location.
- o Partner with [Cities United](#) to identify industry standards and best practices in the development of escalation protocols for Safe Streets, as well as other nonprofit grantee partners that support the city’s outreach, engagement and efforts to reduce violence.

### **Timeline/Next Steps**

Moving forward, the CAO will convene regular meetings with agency leaders to continue to review agency actions and monitor their compliance with the recommendations provided in the AARs. The Administration will hold quarterly stat-like meetings on the implementation of recommendations from the Brooklyn Mass Shooting incident with the Mayor and other senior officials to track progress.

A full list of findings and recommendations identified by each agency directed to conduct an AAR is enclosed.

## Message from Acting Police Commissioner Richard Worley

To the residents of Baltimore City (including and especially those in the Brooklyn Community), Baltimore City's Elected Leadership, and All Members of the Baltimore Police Department (BPD):

During the early morning hours of July 2, 2023, a critical shooting incident at Brooklyn Homes took the lives of two young people and injured at least 30. What was supposed to be an annual celebration of community between neighbors and families, resulted in a tragedy that is believed to have the largest number of shooting victims for a single incident in Baltimore's history.

While those who pulled the trigger are ultimately responsible for the harm inflicted upon the Brooklyn neighborhood, it was apparent that BPD could have been better prepared for this event and could have been more proactive once large crowds began forming. What happened was unacceptable, and that is why I commissioned this After-Action Review. The Compliance Bureau of the BPD developed this report using templates developed by the FBI and other law enforcement agencies that have experienced similar critical incidents.

In conducting this review, BPD sought to understand who knew what and when, as well as what decisions were made by who and why. Throughout this report, key findings demonstrate that certain procedures may not have been handled properly and policies may not have been followed. In those cases, I have directed the Compliance Bureau to follow our process and submit all potential violations of policy to our Public Integrity Bureau to investigate and hold such members accountable. However, in the midst of these shortcomings, we have also uncovered the actions of some personnel who performed their jobs admirably and heroically, which also should receive recognition.

We will use this opportunity to improve and learn from past mistakes as an agency, so that we can fix what went wrong, ensure better response to future events, and strengthen our relationships with the communities we serve. This report is only the first step in this process. We will continue to investigate any additional information that comes to light with the goal of making our department better. This also includes holding those personnel accountable who may have been derelict or lacking in their duties that evening. Just as important, my hope is that this comprehensive review provides transparency and helps continue to build trust with the public overall.

BPD can and will do better.

In service,

Richard J. Worley, Jr.  
Acting Police Commissioner

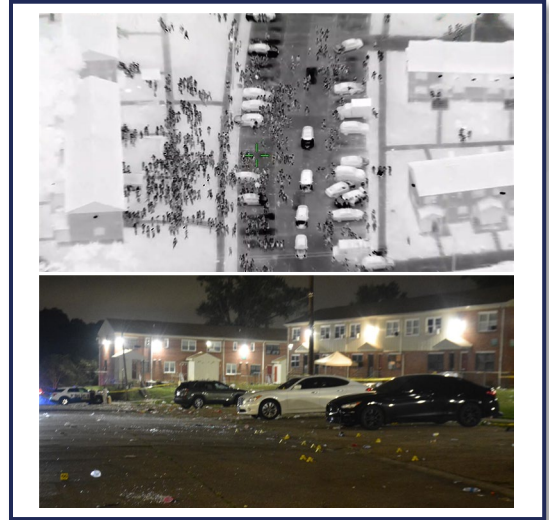

## Overview

### Brooklyn Day Events and Critical Incident

“Brooklyn Day” is a summer event organized by local residents that typically attracts several hundred people. While the date of Brooklyn Day is not fixed on the calendar, it normally falls within the summer months (June / July / August) and during the weekend. Brooklyn Day block party activities may include music, food and activities for children and families.

Since 2020, Brooklyn Day has occurred annually on the following Saturdays: June 27, 2020; June 19, 2021; June 25, 2022; and now July 1, 2023. This information is based on prior operational plans and/or flyers that were collected for this After-Action Review (AAR).<sup>1</sup> Flyers obtained from the 2021 and 2022 events indicate that these events were the 4<sup>th</sup> and 5<sup>th</sup> consecutive annual occurrences of Brooklyn Day. This year, Brooklyn Day was advertised to occur on July 1, 2023 starting at 5 p.m.

*Image 1: Foxtrot Video and Crime Scene Photo after Brooklyn Homes Critical Incident*

At approximately 12:30 a.m. on July 2, 2023, during the late hours of the Brooklyn Day event, BPD received several calls for service regarding multiple shooting victims in the 800 block of Gretna Court, located in the Brooklyn neighborhood. Preliminary investigation of the event found that there were as many as 30 shooting victims, two of whom were killed, in what appears to have been multiple shootings that were precipitated by an initial round of gunfire. There were two other injuries, however, they were not caused by gunfire. The critical incident that took place at Brooklyn Homes on the early morning of July 2, 2023, is believed to be the largest shooting incident in Baltimore’s history. This was not only due to the total number of victims but also the age ranges of the victims, wherein more than half of these victims were below the age of 18:

#### Homicide Victims:

**Aaliyah Gonzalez [18-year-old female]**  
**Kylis Fagbemi [20-year-old male]**

#### Non-Fatal Shooting Victims:

##### 15 Children & Youth

**One 13-year-old girl and one 13-year-old boy**

**One 14-year-old girl**

**Two 15-year-old girls and one 15-year-old boy**

**Three 16-year-old girls and two 16-year-old boys**

**Two 17-year-old girls and two 17-year-old boys**

##### 13 Adults

**Two 18-year-old women and three 18-year-old men**

**Three 19-year-old women**

**One 20-year-old woman**

**One 22-year-old man**

**One 23-year-old woman**

**One 31-year-old man**

**One 32-year-old woman**

## Scope of After-Action Review

Within 24 hours of the critical incident, Acting Commissioner Richard Worley directed the Compliance Bureau to launch a comprehensive After-Action Review. The Compliance Bureau was tasked with this AAR as one of its main functions is to self-assess policy, training and operations in order to determine compliance with the Consent Decree.

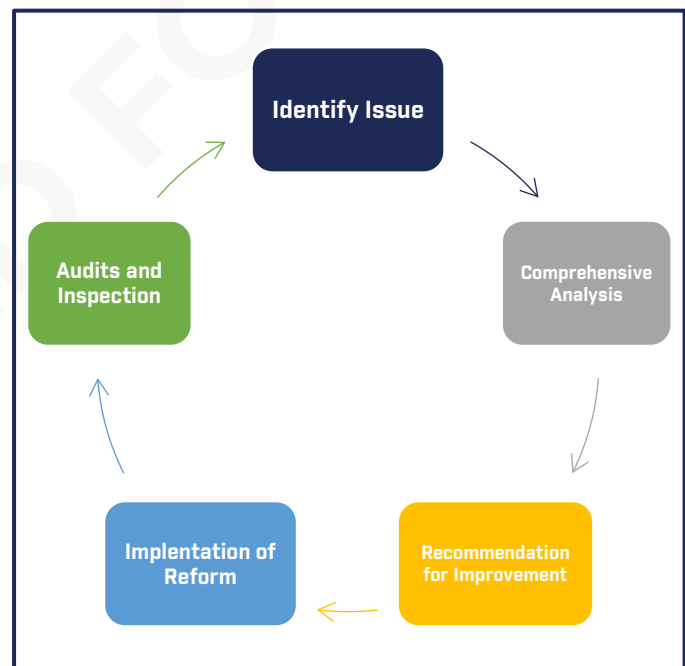

The Acting Police Commissioner, in accordance with [BPD Policy 724](#), referred the critical incident at Brooklyn Homes to BPD's Performance Review Board (PRB). The overarching purpose of the PRB is to learn from critical incidents and apply those lessons toward improving the Department. The PRB is one of several agency processes that ensure ethical performance by officers; and the operationalization of constitutional policing. For the purposes of this report, the scope of the PRB analysis includes all areas of the Department, namely: Departmental policy, training, tactics, equipment, supervision and technology. The PRB is charged with critically reviewing and candidly discussing incidents with the goal of identifying action items that would improve performance, to include police-community relations. The scope of the AAR includes an analysis of staffing patterns, officer deployment, command & control decision-making, intelligence-gathering, and an equity analysis. The PRB is part of the overall Consent Decree reform effort that ensures the BPD is leveraging best practices and serving as a national model for being a self-assessing, self-correcting law enforcement agency.

The PRB is also charged with analyzing incidents under its review in a timely manner, understanding that some investigative information such as statements from involved members may not be available, but that certain information, such as video evidence and witness statements, will be available and should be evaluated. By promptly reviewing incidents, the PRB can address departmental deficiencies on a more expedient schedule; critical reforms related to safety and performance should not wait for a criminal or administrative investigation to conclude. The PRB also identifies areas for performance improvement, supports recognition for exemplary performance by BPD members in reviewable incidents and makes referrals as appropriate.

Several other City agencies are conducting After-Action Reviews, i.e., the Mayor's Office of Neighborhood Safety & Engagement, the Housing Authority, the Fire Department, and the Office of Emergency Management. The focus of BPD's AAR is limited to the performance of BPD personnel and does not provide commentary or context into the performance of non-BPD entities.

BPD's criminal investigation into the critical incident at Brooklyn Homes is ongoing. Many details from the investigation will remain confidential as to not compromise the integrity of future prosecution(s).

# Key Findings

## Staffing

### Key Finding 1:

Each of the three Southern District patrol shifts (day, evening, & night), began each shift either at or above their full complement of officers on the date of the critical incident, which was achieved through the use of voluntary overtime and involuntary drafting.

### Key Finding 2:

On the date of the critical incident, there were several dozen discretionary officers available from other parts of the City that could have been deployed to Brooklyn Day to manage the event prior to the shootings, but they were never requested by the Southern District until after the critical incident.

### Key Finding 3:

The patrol assignment (Post 913) where Brooklyn Homes is located has historically been in the top 1% of busiest patrol geographies in the entire city (prior to redistricting). The boundaries of Post 913 had not been updated in decades, resulting in a single patrol officer being responsible for a significantly higher volume of workload in that area in comparison to any other post in the Southern District or nearly the entire city.

## Intelligence

### Key Finding 4:

The Open Source Intel Unit captured one social media post about Brooklyn Day and did not adequately capture or identify any additional social media postings about Brooklyn Day prior to the event. The unit did not have staff scheduled to work or monitor social media on July 1. Had those personnel been available, they may have processed social media posts about Brooklyn Day that were happening in real time.

### Key Finding 5:

Upon receiving the limited intelligence from the Open Source Intel Unit three days in advance of Brooklyn Day, the Southern District did not act to develop additional information or determine the reliability of the intelligence received. There was no intel gathering plan implemented by the District Command, nor any planning for the possibility of Brooklyn Day taking place on July 1 as the intel suggested.

### Key Finding 6:

The sector supervisors on both the Baker (day) and Charlie (evening) shifts failed to properly inspect deployments and areas of responsibilities on July 1. Had they adequately inspected their areas of responsibilities, it would have been clear that Brooklyn Day was taking place.

## Decision Making

### Key Finding 7:

As Brooklyn Day events were happening, officers working in the Southern District during the day and evening shifts did not appear to send any information to supervisors or commanders about the event. Officers were responding to calls for service and completing proactive engagements in sufficient proximity to the event location that would put them in a position to observe the large crowds and vehicular traffic and make notifications to supervisors.

**Key Finding 8:**

CitiWatch personnel had manually operated the cameras around Brooklyn Homes, at 12:24 p.m. by one individual, and at 7:35 p.m. by a second individual. These camera operators observed the crowd activity but neither person appears to have made any notifications to supervisors or advised any issues over radio traffic during their respective shifts. A third individual in CitiWatch would later make notifications at 10:15 p.m. over the radio citing the large crowd size.

**Key Finding 9:**

The Charlie shift Sector Sergeants, the Sergeant in Charge, and the Gold Badge Lieutenant gave very little consideration on the potential public safety concerns of having a crowd size of 800 to 900 people without sufficient police presence. These members failed to share the information about the large gatherings for Brooklyn Day in a timely manner.

**Key Finding 10:**

The Charlie Shift Commander released and relieved the Charlie shift knowing that there was a crowd of 800 to 900 people that would require additional resources beyond those of the oncoming Adam shift. The communication with Southern District Command gave the impression that they had just learned of the large crowd, when in fact it was known for some time.

**Key Finding 11:**

The Southern District Command made attempts to address the situation once it was learned, but asked for volunteers from the Charlie shift to stay and work overtime instead of directing the entire shift to remain on duty.

**Key Finding 12:**

The Southern District Command should not have directed that officers simply stay on the perimeter of the Brooklyn Day event without any follow up direction on how to engage the large gathering. Southern District Command also failed to immediately request additional resources, nor was there any direction given to personnel to try to identify event organizers prior to the critical incident.

**Community Engagement****Key Finding 13:**

Based on 2020-2023 records, the Brooklyn Homes area had not received sufficient proactive efforts (foot patrols, directed patrols, business checks, etc.) when compared with historic crime rates.

**Key Finding 14:**

Sustained staffing shortages across patrol functions likely contributed to the Southern District's inability to develop positive informal community relationships in Brooklyn that could have served as a source of intelligence to learn about Brooklyn Day prior to July 1.

**Key Finding 15:**

Officer indifference may have compromised the awareness, planning and response to Brooklyn Day prior to the large crowds arriving. Members of the community can view such indifference (whether real or perceived) as a form of bias and from the community's perspective, delayed response time, failing to take reports, and clearing calls without sufficient follow up can also be interpreted as officer indifference.

**Key Finding 16:**

BPD Commanders and Neighborhood Coordination Officers (NCOs) over-rely on transactional and formal community associations to learn about community events, in lieu of building informal relationships through proactive engagement of residents. This likely led to a lack of situational awareness of the Brooklyn Day events prior to July 1. When such informal relationships and information is obtained, there is no formal structure to develop continuity planning for new commanders or develop calendar notifications when events are likely to occur again that took place in prior years.

**Policy and Training****Key Finding 17:**

Charlie shift Supervisors (and one officer on Charlie shift) were completing calls for service and assigning dispositions to those calls throughout the day; however, there are no body worn camera videos from these members to capture this work, which is a potential policy violation.

**Key Finding 18:**

Members of BPD largely adhered to BPD policies on crime scene management and scene control, but due to the size of the area, covered with debris, and the need to permit residents to enter and exit their homes, it may have been possible to overlook certain pieces of evidence from the initial canvass. BPD conducted the appropriate follow-up work to ensure every effort was made to collect any items of evidentiary value.

**Key Finding 19:**

Officers who arrived on the scene of the critical incident adhered to the proper training on life-saving measures. The conduct by many of those officers demonstrably saved lives, and in many cases represents heroic efforts that went above and beyond the call of duty.

**Key Finding 20:**

BPD Dispatchers performed well during the critical incident. They were able to deliver real-time information to units in the field in an expedited manner. They maintained radio discipline and ensured proper coordination of resources that were eventually dispatched from across the city to Brooklyn Homes in the aftermath of the shooting incidents.

# Recommendations

## Staffing

### Recommendation 1:

Adhere to the new post geographies from redistricting that better align patrol staffing resources in the Brooklyn neighborhood (and across the City) so that historical inequities among posts can be reduced and provide more equitable policing services across all neighborhoods.

### Recommendation 2:

Further enhance recruitment efforts to bolster patrol staffing, with the long-term goal of meeting the staffing plan targets for patrol officer time dedicated to proactive community engagement.

## Intelligence

### Recommendation 3:

Develop a more comprehensive notification protocol between district intelligence officers and district command staff to ensure proper situational awareness of large gatherings can be achieved and proper planning can be implemented.

### Recommendation 4:

Standardize the use of Evertel for Districts to ensure that intelligence channels are available for command review and instruct intel officers to fully utilize the Evertel system for information sharing on large scale events.

### Recommendation 5:

Ensure that the regular schedules for intelligence units and neighborhood coordination units include sufficient weekend coverage and that available technology resources are being fully utilized to provide Districts with greater situational awareness regarding social media postings about large events.

## Operational Protocols

### Recommendation 6:

Update standard operating procedures on how officers and supervisors interact with large scale events to ensure safe and appropriate de-escalation of such events can take place.

### Recommendation 7:

Review training on policies and BPD protocols for evidence and crime scene management in order to ensure proper coordination of external resources for large scale critical incidents. Update protocols to ensure Forensics personnel and Operations Bureau personnel are required to coordinate on decision-making that could impact evidence collection efforts on large crime scenes.

## Community Engagement

### Recommendation 8:

All District Commands should instruct NCOs to develop a “neighborhood summary” for each neighborhood of their Districts. These summaries should include as much information as possible about annual or regularly scheduled public gatherings, events, ceremonies, vigils, etc. so that situational awareness in the district can be maintained if leadership of a District or an NCO unit changes.

## **Policy and Training**

### **Recommendation 9:**

Conduct periodic exercises that follow Incident Command System (ICS) best practices for BPD personnel to prepare for responses to large scale critical incidents. Such exercises should include tabletop, functional and full-scale formats with the goal of identifying and correcting any gaps, educating members on ICS protocols, and enhancing BPD's general readiness for such incidents.

### **Recommendation 10:**

BPD will prioritize the delivery of Diversity, Equity, Inclusion and Accessibility (DEIA) training for Commanders throughout the Department in addition to all BPD members receiving refresher training on BPD's Equity Policy during their next in-service training cycle.

## **Referrals**

### **Recommendation 11:**

The Compliance Bureau shall forward this After-Action Review to the Public Integrity Bureau for review and further investigation for any misconduct violations in accordance with [BPD Policy 724](#).

### **Recommendation 12:**

The Compliance Bureau shall refer any members where exemplary conduct was identified during the course of the After-Action Review (especially life-saving efforts), to the Meritorious Service Board, such that members can receive special recognition in accordance with [BPD Policy 724](#) and [BPD Policy 1712](#).

## Summary Timeline and Sequence of Events

This section provides an overall timeline and sequence of events that led up to the critical incident at Brooklyn Homes. This is not an exhaustive list of events observed; but rather, an overview of the timeline BPD's understanding on what occurred in the Brooklyn Homes area and BPD's actions taken (or not taken) on July 1-2, 2023:

**July 1 / 7:00 a.m. – 5:00 p.m.:** Brooklyn Day event organizers and vendors begin arriving in and around the 800 Block of Gretna Court and the 800 Block of Clintwood Court. Tables are set up and food vendors are preparing for the Brooklyn Day event. Based on flyers obtained through this AAR, the event is advertised to begin at 5 p.m. but does not have an endpoint defined. See **Image 3** below:

*Image 3: Flyer for Brooklyn Day obtained during After-Action Review*

**July 1 / 5:00 p.m. – 7:00 p.m.:** Crowds begin to form as the Brooklyn Day events commence. During this period, there is at least one BPD unit that is present on scene for a short time. Based on a review of CCTV camera, there are also indications of cameras being manually operated or monitored at least once during this period to observe the crowds.

**July 1 / 6:57 p.m. - Call for Service (CFS):** A call comes in reporting a disorderly incident at a location near 10<sup>th</sup> St. and Rennick Court (close proximity to the Brooklyn Day events). Caller reports that “It’s Brooklyn Day” and two vehicles are driving recklessly at the location. According to review of the Audio Transcript, “It’s Brooklyn Day” is not read out to the responding Officer; however, if the responding unit was utilizing their Mobile Data Terminal, they would be able to use it to see this note in the call text.

**July 1 / 8:13 p.m. - CFS:** A call comes in reporting a vehicle accident, possible DWI at 4100 Block of Duane Ave. (close proximity to Brooklyn Day events). Caller says that a person driving his personal vehicle ran into two parked vehicles and he is still on scene and requesting police. Officers arrive and arrest the suspect for DWI and complete a report for this incident.

**July 1 / 8:00 p.m. – 10:00 p.m. - CCTV:** CCTV cameras in the area show a very large crowd during this period. Fireworks are being launched in the air. They are also being set off in the crowd at ground level. The crowd begins to run as a result.

**July 1 / 9:41 p.m. - CFS:** A call comes in at the 800 Block of Gretna Court for an Armed Person.<sup>2</sup> Complainant states that “Hundreds of males and females are armed with guns and knives” at the location. This call is not assigned for response until 10:14 p.m. (approximately 30 minutes after the call came in). A subsequent radio transmission by an Officer in response to this call is made saying, “We might have to redirect that call to the National Guard then.” The dispatcher later indicates that the district is “10-12” or that no units in the district are available for new calls for service.

**July 1 / 10:13 p.m. – 10:26 p.m. - Radio Transmissions:** Dispatcher indicates the Armed Person call from 800 Block of Gretna Court is still pending a response. CitiWatch<sup>3</sup> indicates there are 800 to 900 people at the location for a large party. Dispatcher indicates “So they are having a party.” An evening shift supervisor then responds “Yeah, I’m direct” when the dispatcher asks if they copy CitiWatch’s assessment of the party. Supervisor later indicates “Yeah, we are not going into that crowd.” The Supervisor then calls out “David No” (which means No Police Services Required) regarding the Armed Person call for Gretna Court.

**July 1 / 10:26 p.m. - CFS:** A call comes in reporting the Discharge of a Firearm at the 800 Block of Herndon Court (in close proximity of the Brooklyn Day events). Caller states that people are shooting and fighting.

**July 1 / 10:30 p.m. - Evertel<sup>4</sup>:** Message indicates a statement from a patrol shift supervisor that the citizens “snuck in Brooklyn Day on us” and that there was a crowd of 800 to 900 people.

**July 1 / 10:30 p.m. - CCTV and Radio Transmission:** Shows a BPD-marked Explorer near Gretna Court and 9<sup>th</sup> St. which is believed to be occupied by more than one supervisor, one of whom is visible in the driver’s seat. The shift supervisor requests Foxtrot (Helicopter) to respond to the Southern District. A flyover by Foxtrot is conducted above the Brooklyn Day crowd. Foxtrot receives notification by Citywide Communications that the Southern District is requesting their presence. A Southern District Supervisor communicates with Foxtrot and requests a flyover near Gretna Court. “Down in Sector 1 near the homes,” references the crowd, and advises, “Let us know how far that crowd goes back, it’s quite a big crowd.”

**July 1 / 10:35 p.m. - CFS:** A call is received in Sector 1 for a discharging of firearm at the 800 Block of Herndon Court, which is near the location of the Brooklyn Day Events. The caller reports people shooting and fighting at the location. Another officer advises he is on scene and asks for any other units. Dispatch

assigns this officer the call to respond. Foxtrot confirms fireworks are being discharged in the area. Foxtrot continues its flyover.

**July 1 / 10:37 p.m. - Foxtrot Flyover:** Foxtrot estimates 700 people at the location and communicates this to the Supervisor in the Southern District, who acknowledges then advises, "We got a call for discharging in the area, anything look suspicious?" Foxtrot responds: "No, negative. You have a lot of fireworks being discharged that are actually still going off right now. As far as the group inside the Brooklyn Homes, everything appears to be normal right now. They're just walking around, hanging out."

**July 1 / 10:40 p.m. - CCTV:** Cameras show the crowd from a different perspective, but the size of the crowd appears to be no less dense than when the crowd was observed nearly two hours prior at 10:45 p.m.

**July 1 / 10:41 p.m. - ShotSpotter Alert:** An alert comes in for 1600 Block of N. Regester St. in the Eastern District, which is heard during the Foxtrot video feed. Foxtrot transmits pictures of the crowd at Brooklyn Homes and states "They're still lighting off fireworks. I'm going to break off briefly for the Eastern." Foxtrot departs the scene to attend to the priority shooting call in the Eastern.

**July 1 / 10:59 p.m. - Evertel:** Command in the Southern requests if anyone on the shift wants to work voluntary overtime.

**July 1 / 11:01 p.m. – 11:05 p.m. - Radio Transmissions:** A shift supervisor indicates that the Discharging call on 800 Block of Herndon Court is being coded unfounded, this is believed to be due to the observation of fireworks by Foxtrot. CitiWatch indicates that the crowd is running and that they will advise (further). CitiWatch does not issue any further communication on the radio in reference.

**July 1 / 11:12 p.m. - Evertel:** Command in the Southern advises midnight shift is about to begin their shift and to check the Brooklyn Homes first thing and advise.

**July 1 / 11:25 p.m. - CFS:** A call for service comes in requesting the assistance of police at the 4100 Block of Cleve Court.<sup>5</sup> A young person is reported as sick, and the caller believes someone spiked the young person's drink. The caller stated that the patient is becoming combative. Caller also states she heard a few gunshots from a distance and requests on officer to assist with the combative patient. Caller also requests officers for large crowd at the location.

**July 1 / 11:30 p.m. – 11:59 p.m. - Evertel:** The shift commander (Lieutenant) acknowledges the CFS and says that a supervisor is enroute. Foxtrot returns to perform a flyover of the crowd which is densely packed together and continues observations for the next three minutes. The shift commander reports that there was a large amount of foot and vehicle traffic around Brooklyn Homes and that the supervisor was monitoring. Command acknowledges. A supervisor posts a picture that appears to show a large crowd at 8th and Jack St. Foxtrot flies away at 11:57 p.m. and discontinues observation of the crowd. Command in the Southern posts that he is going to inform the Citywide Duty Commander (Unit 41) in case additional staff is needed.

**July 2 / 12:01 a.m. - Text Message:** Command in the Southern texts Unit 41 indicating the following: "Brooklyn homes surprised us with their community party tonight. I have [a supervisor] monitoring. For now, no resources are needed but just wanted to give a heads up." Unit 41 acknowledges. Command in the Southern then texts Unit 41, "Thank you. We had no idea they planned this."

**July 2 / 12:11 a.m. - Evertel:** Command in the Southern posts, "Monitor only don't get drawn in and become a target." Supervisor acknowledges the message.

**July 2 / 12:30 a.m. - CCTV:** Footage shows crowd begins running at the 800 Block of Clintwood Court.

**July 2 / 12:32 a.m. - CFS:** First call for service comes in for a shooting with substantial call text that reads, "Open line.....female in background yelling 'get in the car.' Sound like male in background said someone was shot. Line disconnected.....voicemail on callback..."

**July 2 / 12:32 a.m. – 1:19 a.m. - CFS:** 26 separate CFS come in over the next hour for additional reports of shootings at the 800 Block of Gretna Court, the 800 Block of Herndon Court and nearby locations.

**July 2 / 12:35 a.m. – 12:50 a.m. - Body-Worn Camera:** Units begin arriving on scene to render aid and perform life-saving measures.

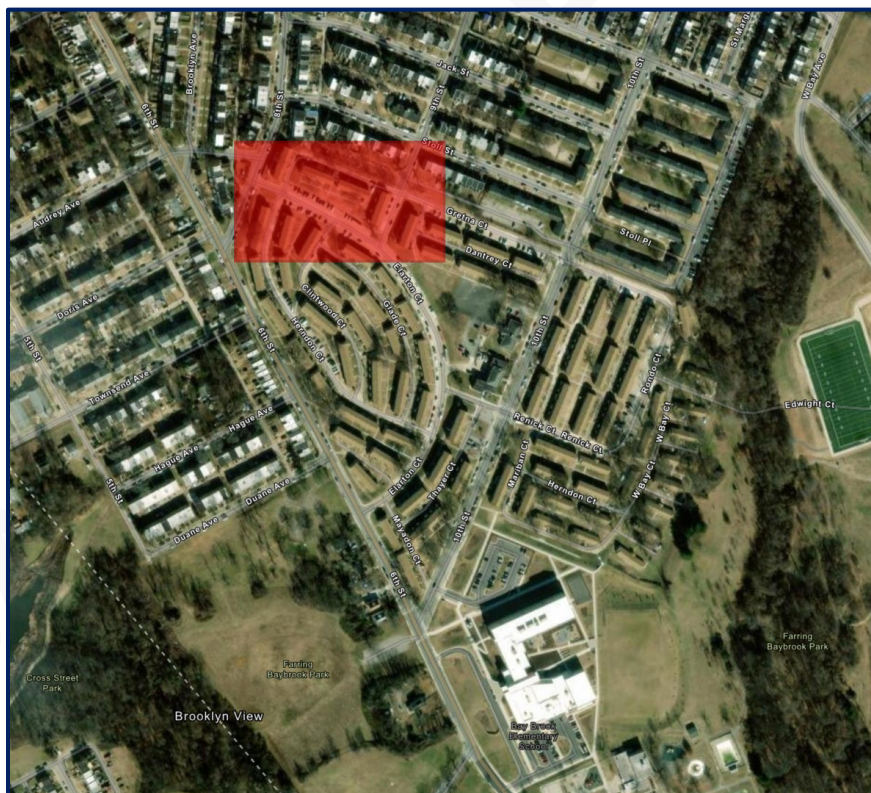

**July 2 / 12:37 a.m. - Evertel:** Shift commander posts that there are multiple calls for shootings in Brooklyn Homes and units were responding.

**July 2 / 12:58 a.m. - Evertel:** Shift commander posts that a command post had been established at 8th and 6th St., and that there were multiple victims with gunshot wounds.

## Data Collection for After-Action Review

BPD's AAR into the critical incident at Brooklyn Homes follows methodologies and overall structure established by major law enforcement agencies responding to similar critical incidents or mass casualty events. Specifically, the BPD reached out to the Las Vegas Metropolitan Police Department regarding the 2017 mass shooting event outside the Mandalay Bay Hotel; the Orlando Police Department regarding the 2016 Pulse Nightclub shooting; and the Aurora Police Department regarding the 2012 mass shooting inside a movie theater. BPD also solicited information received from the Federal Bureau of Investigation (FBI) regarding After-Action Analysis to aid in the creation of this report.

### Methodology

BPD Policy 724 outlines the purview of the Performance Review Board and establishes the structure and mission of determining how the Department analyzes events to improve Departmental performance. While the PRB can make referrals for potential misconduct of BPD members, it is not the appropriate body for recommending disciplinary outcomes or pre-judging any administrative investigation into potential policy violations by BPD members. Upon completion of this report, the PRB will convene to discuss its findings and make recommendations to the Police Commissioner on ways to improve departmental operations.

### Personnel Administrative Reports

The primary means by which this AAR has collected information from BPD personnel is the use of administrative reports, commonly referred to as form 95 per BPD policy. An example of an administrative report request can be found in **Appendix B: Sample Administrative Report Request Format**.

The use of this method by the Compliance Bureau was to ensure that sufficient information was obtained from members regarding the actions and events leading up to and in the immediate aftermath of the shootings. The use of follow up phone conversations or emails with BPD members to clarify information provided in administrative reports also took place. Direct interviews of active sworn personnel were not conducted to avoid any future potential conflicts should there need to be an administrative investigation performed by the Public Integrity Bureau, a division of the BPD separate from the Compliance Bureau. An organizational chart of the BPD can be found in **Appendix C: BPD Organizational Chart**.

### Information on Prior Year Brooklyn Day Events

BPD has collected information on past deployments that were specifically associated with Brooklyn Day events prior to 2023. In speaking with the prior Commanders of the Southern District in 2021 and 2022, it was learned that the Department was made aware of past Brooklyn Day events with 3-5 days' prior notice. BPD developed an operational deployment plan in 2022 which provides insight into what BPD could have potentially leveraged in terms of personnel resources had it received sufficient advanced notice of the event. This operational plan can be found in **Appendix D: BPD Operational Deployment Plan for Brooklyn Day 2022**.

### Review of Video (Body-Worn Camera, CCTV)

BPD's Performance Standards Section (PSS) has inspected more than 200 hours of CCTV video footage surrounding the Brooklyn Homes area and approximately five hours of accumulated officers' Body-Worn Camera video in the Brooklyn neighborhood in the time leading up to the critical incident. The time frame of the review specifically included the Southern District's Baker, Charlie and Adam shifts on July 1, 2023, through July 2, 2023. PSS documented any notable information discovered to include the following:

- Calls for service that mention or indicate a large gathering of people
- Items or actions from the public that indicated a large group of people were gathering for an event
- The presence of any BPD Officer in view of CCTV in the Brooklyn Homes area

- Actions that would indicate a BPD Officer or any CitiWatch personnel was aware of a large gathering

### **Review of 9-1-1 Calls, Proactivity and Radio Communications**

A comprehensive review was conducted of all Southern District calls for service to include proactivity logged into CAD (Computer-Aided Dispatch) beginning on July 1, 2023, at 7 a.m. until July 2, 2023 at 7 a.m. This time frame captures all reportable incidents that occurred prior to the incident, during the incident and post incident. Transcriptions of selected audio recordings pertinent to this After-Action Review can be found in **Appendix E: Transcripts of Radio Transmissions**.

The purpose of reviewing this information was to determine if there were:

- Any radio traffic that mentions or indicate a large gathering of people
- Communications from the public that would indicate a large gathering of people was happening or being planned
- Any recorded proactive efforts conducted by BPD Officers in the Brooklyn neighborhood
- Actions that would indicate a BPD Officer was aware of a large gathering and made notifications to supervisors in the hours before the shootings occurred

### **Review of Crime Scene Management**

The Forensics Sciences and Evidence Services Division has conducted a review of how the crime scene was managed. Given media reports on this topic, BPD wanted to ensure that a comprehensive review of its practices in managing the scene aligns with best practices and with due consideration for community concerns.

The purpose of reviewing this information was to determine if there were:

- Any issues that may have hindered evidence collection
- Any unnecessary restrictions of movement of residents of Brooklyn Homes
- Any issues related to improper access to scenes or control of the scene

### **Equity Assessment Methodology**

The Equity Office examined formal and informal relational structures between BPD's Southern District Commanders, Neighborhood Coordination Officers (NCOs), officers, members of the community, and various community/civil leaders. This evaluation was, in part, to assess how these relational structures impacted police knowledge of and engagement with community members about the Brooklyn Day event.

In addition to reviewing documents, the Office of Equity collected information from members of the BPD Executive Leadership Team, former and current Southern District Command staff, District NCOs, faith-based leaders, non-profit organization managers and members, an elected official, an executive from the Baltimore City Housing Authority, one shooting victim, participants of Brooklyn Day, coordinating members of several "violence interrupter" programs, and Acting Executive Director of MONSE. Several aftermath community meetings were also attended.

The Compliance Bureau also provided an analysis of calls for service, proactivity and crime to determine if BPD's resource allocation for the Brooklyn Homes area was sufficient in comparison to other communities and neighborhoods throughout the Southern District.

# Review of Available BPD Staffing Resources on July 1-2, 2023

## BPD Organizational Command Structure

The Baltimore Police Department is organized into four bureaus that are commanded by the department's four Deputy Commissioners who answer directly to the Police Commissioner. They consist of the Operations Bureau, Administrative Bureau, Compliance Bureau and Public Integrity Bureau. Each of the bureaus are staffed by both sworn and professional personnel. The Operations Bureau is the largest of the four bureaus and is comprised of two divisions, Patrol and Criminal Investigations. Those divisions are led by Colonels, the Chief of Patrol and the Chief of Detectives, respectively. The officers assigned to the Operations Bureau are the most likely to interact with the public. They are the uniformed officers who are on patrol and respond to calls for service, and the detectives who investigate crime. A full diagram of BPD's organizational structure can be found in **Appendix C: BPD Organizational Chart**.

The Patrol Division is further organized into the nine (9) patrol districts. The patrol districts are geographic areas of responsibility and are made up of Baltimore's many neighborhoods. Each patrol district is managed by a District Commander who holds the rank of Major and is assisted by an Executive Officer who holds the rank of Captain.

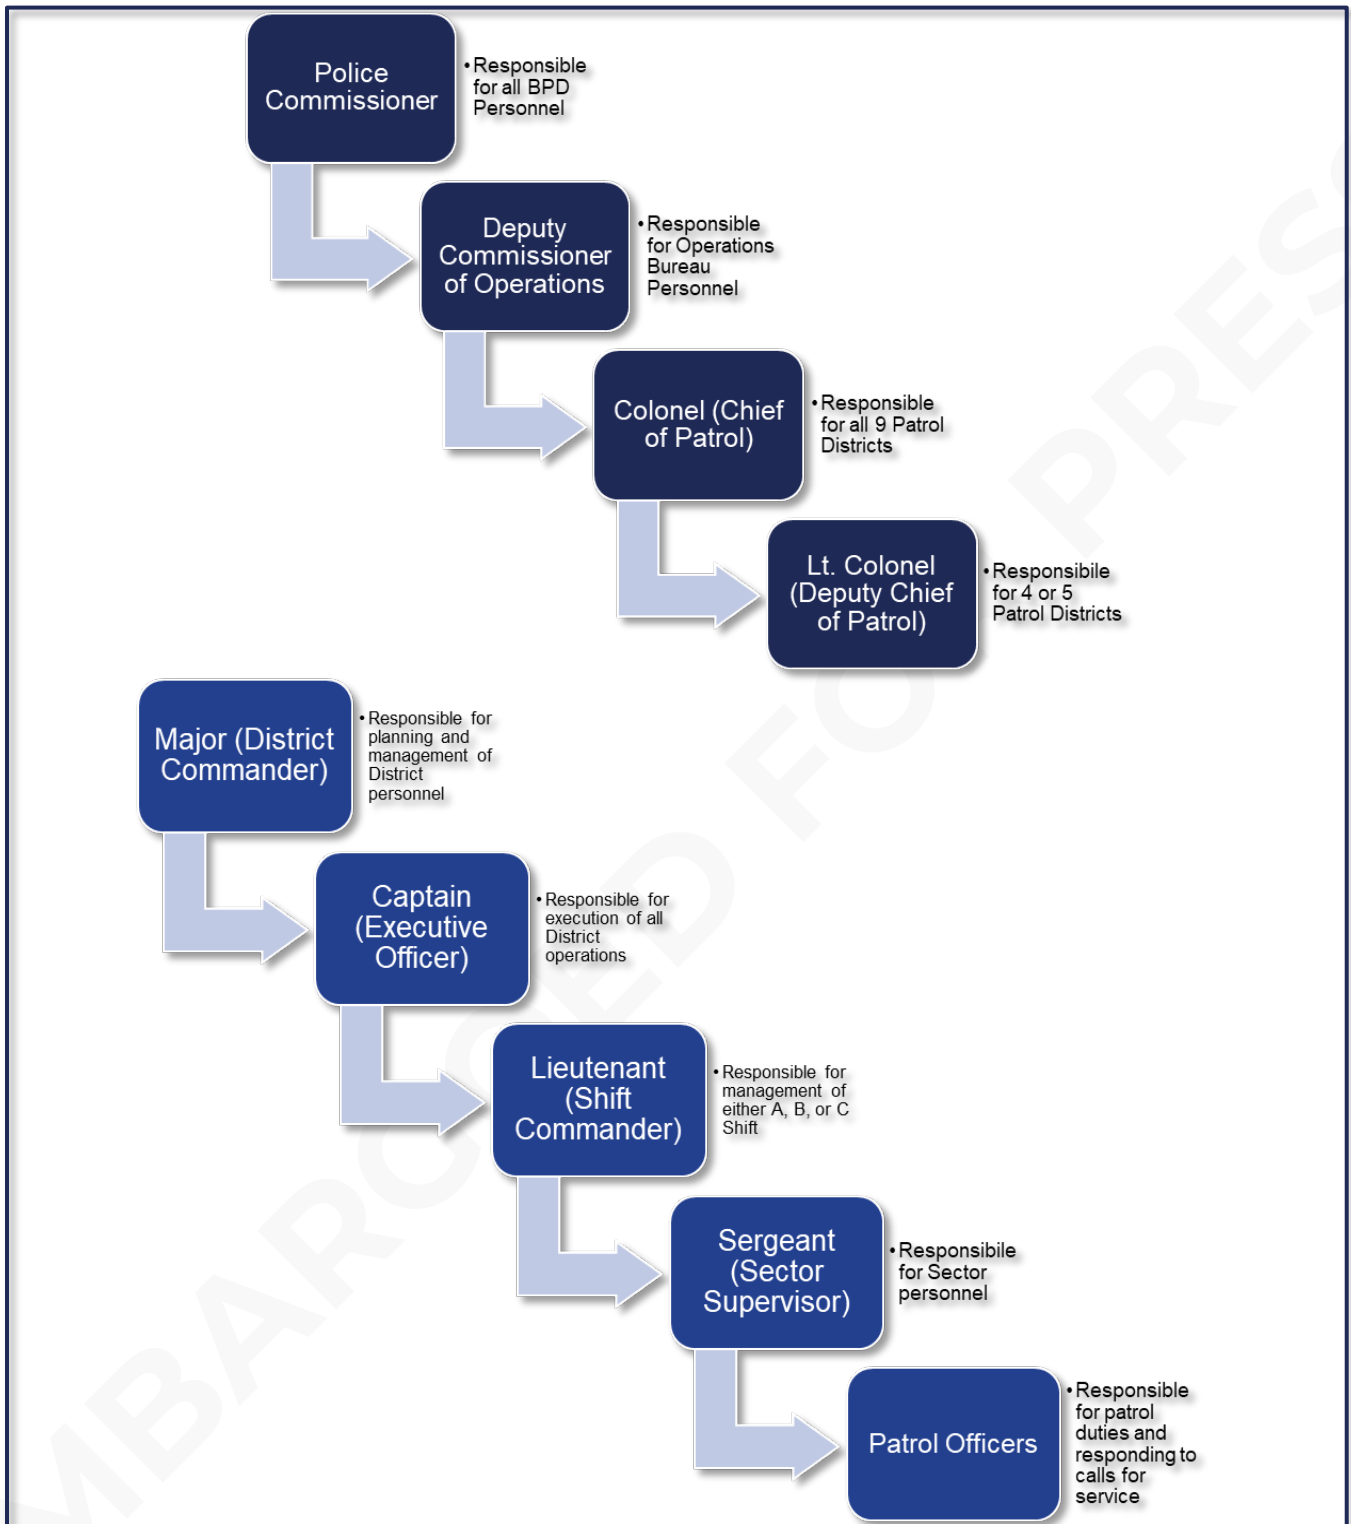

Each district is further divided into sectors of smaller geographic areas of responsibility. A district is comprised of three to four sectors with each sector staffed by a squad of officers. Sectors are further divided into smaller geographic areas of responsibilities referred to as posts. Brooklyn Homes is located within Sector 1 of the Southern District in what was post number 913.

The district boundaries were recently redrawn as part of a legislative mandate and mayoral directive. The City had not seen district boundaries change in more than 50 years. The new boundaries took effect on July 9, 2023, and were not in effect at the time of the critical incident, although the Brooklyn neighborhood was in and remains in Sector 1 of the Southern District under the new boundaries.

This report also makes several references to "chain of command." **Figure 1** outlines BPD's rank structure to provide the appropriate context that is applicable to events leading up to and including the critical incident. The Deputy Commissioner of Operations (DCO) oversees the bureau and reports to the Police Commissioner (PC). Two colonels (Chief of Patrol and Chief of Detective) report to the DCO. Under the Chief of Patrol are Lieutenant Colonels (Deputy Chiefs of Patrol) who each oversee multiple police districts and operational sections. Police districts are commanded by a Major (District Commander) and a Captain (Executive Officer) who serves as the assistant commander. The uniformed patrol functions of a district are organized under the aforementioned shifts. They are commanded by a Lieutenant (Shift Commander) who reports to the Captain. The squads assigned to the shift are supervised by a Sergeant (Sector Supervisor) who reports to the Lieutenant. Officers are assigned to squads. **Figure 1** further illustrates the chain of command for a patrol district.

Figure 1: BPD Chain of Command Structure in Patrol Districts

## **First Responder Readiness for Calls for Service**

Each patrol district is organized by three eight-hour shifts. During a shift, officers are responsible for patrolling their post or another assigned area, responding to calls for service, and engaging with the community in a proactive, positive way.

The assigned shifts are the midnight shift (11 p.m.-7 a.m.), which is referred to as the “A” or “Adam” shift, the day or “B” or “Baker” shift (7 a.m.-3 p.m.) and the evening or “C” or “Charlie” shift (3 p.m.-11 p.m.). As mentioned above, a shift is broken down into three or four squads which are assigned to sectors within a district. Sectors are then organized into posts which are assigned to an individual officer on the shift. That is where the term “post officer” comes from.

While each of the nine patrol districts are organized in a similar fashion, they may not all be staffed at the same levels. Patrol shift staffing is determined based on a number of factors including an analysis of calls for service. It is important to note that the staffing is not based on the size of the district geography. Posts in one district or sector may be substantially larger than others in terms of geography, but may have fewer calls for service by comparison. Through proper allocation of staffing, based on calls for service, the workload can be distributed more evenly among post officers throughout a district. The workload analysis informs the basis for how many officers are assigned to a particular shift and how many are deployed on any given day. This is the process used by the BPD in determining the appropriate level of staffing and is supported by the analysis conducted by independent experts brought in to determine the BPD staffing needs as required by the Consent Decree.

The number of assigned officers to patrol function during a shift is referred to as the “Shift Constant.” Shift constants are not the same for all districts and are not the same for all shifts within a district. For example, the constant for the Charlie shift is typically higher than that of the Adam shift because the number of calls for service is greater on the Charlie shift. Officers are scheduled for duty based on the shift constant.

Due to staffing shortages across the department, there can be instances where there are not enough officers on a particular shift scheduled to work to meet the shift constant. Those shortages are staffed with both voluntary and involuntary (drafted) overtime officers. Due to labor contract obligations, when an officer is “drafted” to work involuntary overtime to staff a shift, they are not required to work more than four hours or half of the shift. If an officer volunteers and is within their allowed total overtime hours, they may work the entire eight-hour shift.

Each district also has a complement of discretionary officers assigned to detective squads, District Action Teams and Neighborhood Coordination personnel that can be deployed if available. During peak times of the year and on weekends, the BPD deploys officers to busy entertainment zones throughout the city including the Downtown area. These deployments are typically staffed by officers from the Administrative, Compliance and Public Integrity Bureaus.

BPD also deploys additional Command level personnel on the weekends. That includes the Duty Officer who serves as the overall commander for the entire city during nighttime hours and holds the rank of Captain or above. Additionally, there is a Downtown Deployment Commander who holds the rank of Captain or above. There are also three Area Commanders who hold the rank of Captain or above who are assigned coverage of three districts each. Finally, there is at least one Lieutenant that is referred to as the “Gold Badge” that covers one of three Area Commands (3 districts) from the hours of 7 p.m. to 3 a.m. The command personnel deployed on weekends are responsible for responding to major incidents, inspecting deployments, and coordinating the reallocation of resources across the City if needed, among other duties.

## **Patrol Shift Personnel in Southern District on July 1, 2023**

The following outlines the staffing levels for the shifts leading up to and including the critical incident at Brooklyn Homes:

### **Baker Shift Personnel (7 a.m. to 3 pm.)**

The Baker shift began with its full complement of 16 officers. In fact, the shift was staffed above the required constant when you include additional non-patrol officers that were on duty. There were three supervisors working, including the Shift Commander who was a Lieutenant and two Sergeants. There was an additional Sergeant working as a discretionary asset.

### **Charlie Shift (3 p.m. to 11 p.m.)**

The Charlie shift began with its full complement of 16 officers and plus additional officer over the constant for a total of 17 officers. Charlie shift did have a number of officers on both voluntary and involuntary overtime. As a result of the drafting and overtime cap restrictions the staffing for the Charlie shift changed throughout the day. After four hours the shift was at 88% staffed (down to 15 officers). After five hours, the staffing was at 82% (down to 14 officers) and fell to 76% (down to 13 officers) after seven hours into the shift.

In addition to the officers assigned and working, there were three supervisors working. The Shift Commander was a Sergeant who was an Acting Lieutenant. Additionally, there was an area Lieutenant working a 7 p.m. - 3 a.m. shift who was providing "Gold Badge" coverage for the Southern District.

### **Adam Shift (11 p.m. to 7 a.m.)**

The Adam shift began with its full complement of 13 officers.<sup>6</sup> This is important to note, as the narrative outlined in media reports was that there were only seven officers working on Adam shift, which was incorrect. There were seven officers scheduled to work their regular shift, but additional officers were either drafted or authorized for voluntary overtime to ensure a full complement of 13 officers was working in the Southern District at the start of the Adam shift. The shooting incident took place at approximately 12:30 a.m. on July 2, 2023. The shift also included two Sergeant supervisors. There was also a Shift Commander on duty (a Lieutenant).

## **Available City-wide Resources (Specialized Units, Details, Additional Deployments)**

As previously mentioned, the officers assigned to the patrol shifts do not represent the total number of officers working and available during a particular shift. During the overlapping hours of the Charlie and Adam shift on July 1<sup>st</sup> into July 2<sup>nd</sup> when the shooting occurred, each of the other eight districts began both their Charlie and Adam shifts at or above the shift constant. In total, there were more than 140 patrol officers on duty at the beginning of the Charlie shift and more than 110 patrol officers at the beginning of the Adam shift throughout the entire City. In addition, there were more than 30 discretionary officers (District Action Teams/District Detective Units) working and available in the hours leading up to and including the shooting. Finally, there were more than 20 officers assigned to the Downtown Deployment detail prior to and at the time of the critical incident.

For the shifts leading up to and including the critical incident, the Duty Officer and Downtown Deployment posts were each staffed by a Major, and the Area commander for the area that included the Southern District was staffed by a Captain.

---

<sup>6</sup> Staffing requirements for night shifts are typically lower than day or evening shifts due to the significant difference in volume of calls for service at night.

## Actions of Responding Officers and BPD Support Personnel

Baltimore police officers are trained to provide emergency medical care to persons suffering from a traumatic injury. To that end, all BPD officers are equipped and trained in using an Individual First Aid Kit (IFAK) to stop hemorrhaging and stabilize the victim until advanced medical care is provided. The kits are equipped with first aid life-saving supplies such as tourniquets, pressure dressings, occlusive dressings, topical hemostatic agents, nitrile gloves and trauma shears. Baltimore police officers frequently use these medical supplies when responding to incidents where individuals have suffered traumatic injuries.

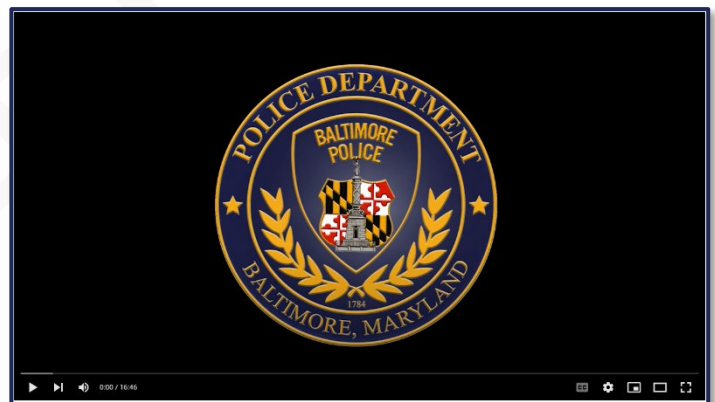

### Life-Saving Measures

The critical incident at Brooklyn Homes was one such occurrence where police officers used their emergency medical care training and demonstrably saved lives. For example, when a Southern District midnight patrol officer arrived on scene, he was directed to a victim who was multiple blocks from where he parked his patrol vehicle. The patrol officer and the citizen ran to the victim's location. When the officer got to the victim, he started providing medical care by using the trauma shears to cut away the shirt so he could further examine the extent of the injuries and used the appropriate life-saving supplies, in this case, an occlusive dressing (chest seals) to the gunshot wound in the torso.

The police officer and the people on the scene realized there was no time to wait for an ambulance to come to their location, given the severity of the injury. The patrol officer ran back to his police car and brought the car to the victim. With the assistance of two individuals on the scene, they helped the patrol officer carry the victim and place him into the back of the police car so he could be transported to the hospital. The actions that this patrol officer took when providing emergency medical care and then deciding to transport the victim to the hospital undoubtedly saved the life of this gunshot victim. BPD has provided a link to this officer's [body-worn camera footage](#) and will be using it as an example for training other officers on life-saving measures.

In addition, there were several other instances where police officers used their medical supplies. There were two gunshot victims who had tourniquets applied to their legs to stop the bleeding. BPD is submitting all instances of life-saving measures and meritorious conduct to recognize those officers who went above and beyond the call of duty in the aftermath of the critical incident.

## **Partners in Victim and Survivor Response & Support**

### **Victim Service Unit Support**

BPD's Victims Services Unit (VSU) received notification of the critical incident at approximately 2:10 a.m. The Major of the Robbery/Homicide Section notified VSU of a fatal female victim (Ms. Gonzalez) and that the family was on scene and in need of support. The VSU Supervisor proceeded to respond to the scene and contacted two additional VSU coordinators and directed them to arrive on scene, as well. VSU personnel stayed with the parents of Ms. Gonzalez, providing emotional support and crisis intervention until her body was removed from the scene. VSU personnel remains in constant contact with the Gonzalez family as of the writing of this report.

VSU personnel also went to Harbor Hospital and Shock Trauma where gunshot victims were treated. There, they were able to meet with Mr. Fagbemi's mother, just after she was notified of her son's death. VSU personnel provided emotional support for Mr. Fagbemi's family and remains in constant contact as of the writing of this report.

VSU has been able to speak with all but five of the non-fatal shooting victims (as of 8/8/23). Of those five remaining victims, one is a minor. VSU mailed each person resources when valid phone numbers could not be obtained. BPD has dedicated a VSU member to the Brooklyn Community Resource Center since the critical incident occurred. Several VSU members along with community agencies went door-to-door with resource letters for those indirectly affected. VSU members also participated in all of the Brooklyn-related events that have been held in the aftermath of the critical incident.

BPD has offered a variety of resources to the victims to include counseling referrals, transportation assistance, property inquiries, rental assistance referrals and funeral assistance. The VSU Supervisor coordinated with the funeral homes that serviced the families of both fatal victims to ensure that there was not an undue financial burden on the families and that the balances were paid in full by various agencies and outside entities. As of Aug. 3, 2023, the VSU is coordinating financial assistance to three non-fatal shooting victims to include rental payments for the month of September.

With the assistance of United Way, the VSU also delivered care packages to all of the victims and families who were contacted on Thursday, July 13, and Friday, July 14, 2023. The VSU team conducted follow-ups calls and text messages to the victims of the critical incident at two weeks and at one month following the incident.

### **Employee Wellness and Healing**

BPD's Officer Safety and Wellness (OSW) Section and BPD's Peer Support team have also been continuously engaged with officers and support staff since the critical incident. Peer support members responded to the scene and spoke to every officer and professional member who was present, with special attention paid to those officers who treated multiple victims. One officer who was administering aid to victims had become light-headed. OSW and peer support services secured EMS transport for the member and provided aid. Peer members also responded to the Southern District roll calls to provide any officers support, if needed.

### **BPD Community Chaplains**

BPD's Chaplain program has provided another avenue of community engagement and support in the aftermath of the critical incident at Brooklyn Homes. In the days following the incident, more than two dozen Chaplains held community walks, provided direct community support, visited roll calls at police districts, and hosted listening sessions with the Brooklyn Homes Tenant Council and meetings with local clergy in the Brooklyn area. BPD Chaplains, with the support of VSU, continue to follow the lead of local pastors and offer coordination of possible trauma-healing groups and food distribution services as requested.

## After-Action Review Overall Findings

### Body-Worn Camera and CCTV Audit Findings

Throughout the assessment conducted by the Performance Standards Section's Inspection Unit, several incidents were noticed that would indicate residents in the Brooklyn Homes area took steps to proceed with an organized gathering that progressed into a party. The Inspection Unit also noticed several actions performed that indicate uniformed BPD officers could have been aware of the ongoing gathering for Brooklyn Day.

It should also be noted that BPD does not actively monitor all camera activity 24/7 on the CCTV/CitiWatch network in real-time. Instead, the camera network is used for investigative look-back purposes, and active monitoring in real time only occurs if specific events are identified or active surveillance is being maintained for direct enforcement efforts.

The video footage reviewed by the Inspection Unit shows the beginning stages of a large gathering in the Brooklyn Homes area. The start of the gathering includes the arrival of a U-Haul truck carrying folding tables and the formation of separate crowds of people. As the crowds of people began to grow, a trailer arrived with horses. As the crowd of people continues to grow, vehicular traffic increases and, in some instances, comes to a standstill.

Based on information obtained through this AAR, it was learned that CitiWatch personnel had manually operated the cameras around Brooklyn Homes, at 12:24 p.m. by one individual, and at 7:35 p.m. by a second individual. The camera operators observed the crowd activity but neither person appears to have made any notifications to any supervisor or advise any issues over radio traffic during their respective shifts.

The first BPD communication made by CitiWatch (or any other BPD member over the radio) regarding a large crowd on Gretna Court was at 10:15 p.m., when CitiWatch advised there was a large party with "maybe 800 or 900 people out there." Near the conclusion of the Charlie shift (10:34 p.m.), a radio transmission goes out dispatching for a call for service for firearm discharging. In response, the Charlie shift supervisor advises the Officers to refrain from entering the crowd. This supervisor then requests assistance from the Aviation Unit (Foxtrot) who then relays the presence of fireworks in the area, which results in the supervisor clearing the call. A Charlie shift supervisor later advised the patrol officers on shift to return to the district quickly so Adam shift could go into service.

Units from Adam shift responded to a call for service to assist the Fire Department with an uncooperative patient within the immediate area of the large gathering. The Officers who responded to this call were at this location for approximately 10 minutes. Approximately one hour later, a shooting occurred and numerous individuals at the gathering are observed running away (via CCTV video footage).

## CAD Data Findings / Review of Dispositions / Review of Radio Traffic

The Communications Section is the central hub where information flows via 911/311 call takers to members of our field operations. Our members of the dispatch team performed exceptionally well during this critical incident. They were able to deliver real-time information to units in the field in an expediated manner while maintaining radio discipline.

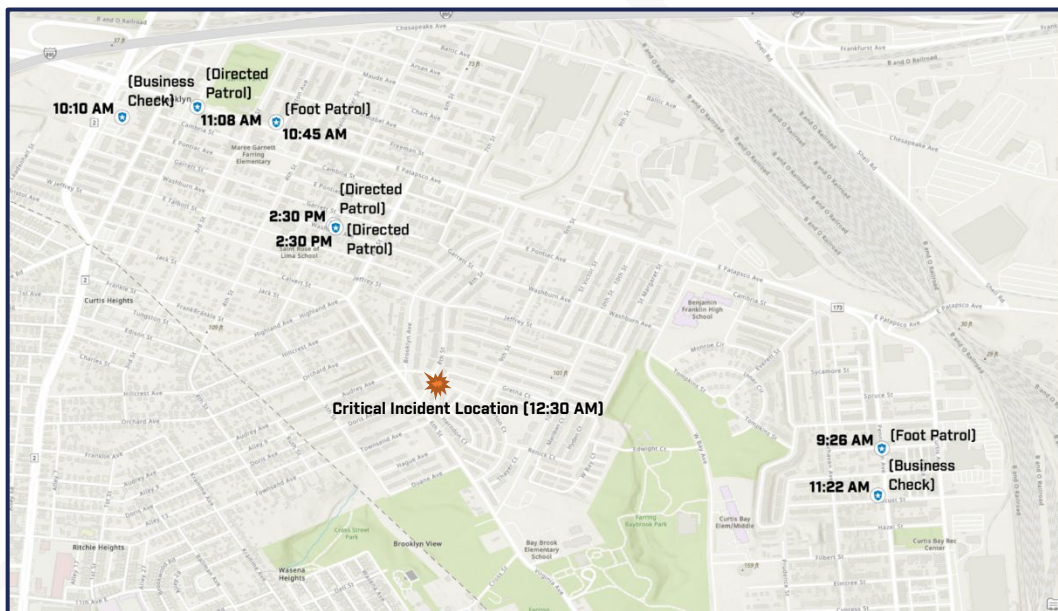

### Review of Baker Shift [7 a.m. to 3 p.m.]

Based on the review conducted by the Communications Section, it was determined that during the Baker shift there was consistent radio traffic with minimal down time and no notable incidents to report for the district. There were a total of 74 calls for service along with 80 proactivity types to include field interviews, business checks, foot patrols and directed patrols across the district recorded in CAD. The highest proactivity being seen in sector 2 and the lowest in sector 1 where the critical incident occurred.

The following locations in Sector 1 were logged in for proactivity:

- 9:26 a.m. Intersection of Plum St./Pennington Ave. (Foot Patrol)
- 10:10 a.m. 3600 Block of Potee St. (Business Check)
- 10:45 a.m. 300 Block of E. Patapsco Ave. (Foot Patrol)
- 11:08 a.m. 3600 Block of 2nd St. (Directed Patrol)
- 11:22 a.m. 4200 Block of Pennington Ave. (Business Check)
- 2:30 p.m. 3700 Block of 5th St. (Directed Patrol)
- 2:30 p.m. 3700 Block of 5th St. (Directed Patrol) (2<sup>nd</sup> instance)

*Image 16: Baker Shift Proactivity Record on July 1, 2023 in Brooklyn area*

Shortly after 10 a.m., a unit working in sector 2 is heard notifying the Sector 1 Supervisor of a cookout in the 2600 Block of Maisel Street in the Westport community that is being held from noon until 8 p.m. The Supervisor acknowledges the transmission and directs the unit to keep him apprised of the size of the crowd. During the duration of this shift, there were no calls dispatched or communications made over the air regarding activities for the Brooklyn Day event held in sector 1.

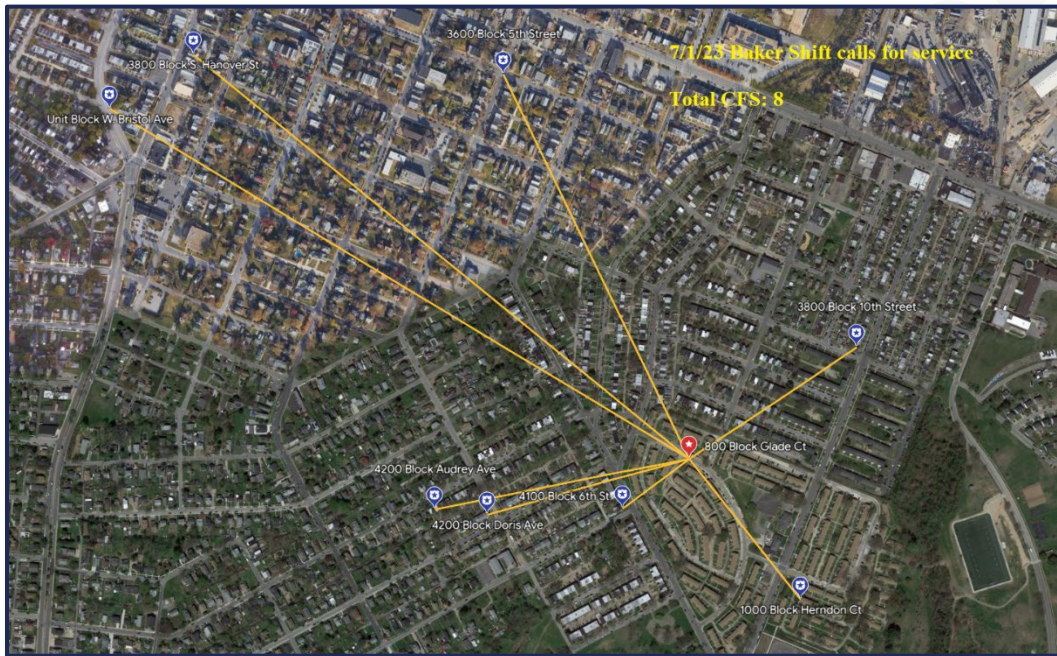

During the day shift, there were four units logged on to handle calls for service in sector 1. There were units assigned in this sector advising the dispatcher that they were riding together. Units were often heard responding out of the sector to assist with calls for service in other areas of the district. The post officer for the Brooklyn area was dispatched to another part of the district for an armed robbery call at 12:23

p.m. Additional information provided for this call indicated that the victim of this incident was now in Anne Arundel County. Within 10 minutes of receiving that call, the unit calls out to respond to an out-of-jurisdiction address in reference to this call.

A broadcast was made by the Baker Shift Supervisor at 1:25 p.m. advising that the Charlie shift was still looking for two volunteers to work on Charlie shift. One officer responded and asked if he was already on the list and the supervisor acknowledged that he was. Then two additional units were informed that they were being drafted to work the Charlie shift. The Baker shift units were called into the district for the end of the shift at 2:58 p.m.

The image below provides an overview of calls for service that took place around the Brooklyn Neighborhood during the Baker shift and their relative location to the critical incident:

**Image 17: Baker Shift CFS Locations on July 1, 2023 in Brooklyn Area**

### **Review of Charlie Shift [3 p.m. to 11 p.m.]**

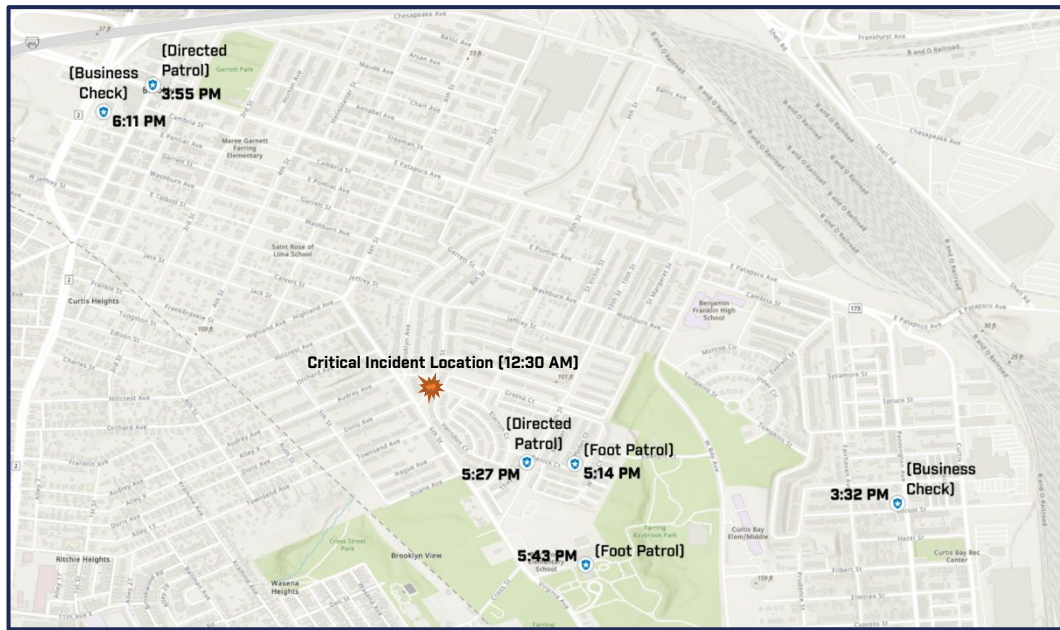

During this shift there were four permanent rank supervisors and a full complement of officers for the district. The volume of calls for service increased significantly from the earlier shift. There were a total of 163 police calls for the district recorded in CAD. In sector 1 there were six proactivity actions, to include business checks, foot and directed patrols, documented. Several of those locations were in close proximity to where the critical incident occurred.

The following locations in Sector 1 were logged in for proactivity.

- 3:32 p.m. 4200 Block of Pennington Ave. (Business Check)
- 3:55 p.m. Intersection of S. Hanover St./E. Patapsco Ave. (Directed Patrol)
- 5:14 p.m. 4100 Block of Hyden Court. (Foot Patrol)
- 5:27 p.m. 900 Block of Renick Court. (Directed Patrol)
- 5:43 p.m. Farring-Baybrook Recreation Center (Foot Patrol)
- 6:11 p.m. 3600 Block of Potee St. (Business Check)

**Image 18: Charlie Shift Proactivity Record on July 1, 2023, for Sector 1 Southern District**

There were challenges for the oncoming shift, with six calls pending within the first hour that were carried over from the Baker shift. The dispatcher broadcasted to the Charlie shift at 3:07 p.m. that there were six calls pending, but none of the calls were high priority. At 3:19 p.m. the dispatcher advised there were 10 calls, no high priorities holding for the district. As units were answering calls, the Charlie Shift Supervisor informed the shift that volunteers were needed to work the Adam shift.

The below listed information depicts notable transmissions and CAD calls that occurred on this shift leading up to the critical incident. This is not an exhaustive list of calls for the district.

- 4:19 p.m. Vehicle pursuit of a stolen vehicle was initiated in Sector 3
- 4:29 p.m. Common Assault 4100 Block Hyden Court dispatched to Sector 1 unit
- 5:00 p.m. District Gold badge (Lt.) logged on
- 5:18 p.m. Requesting if units can clear up for Assault 300 Block S. Mount St.
- 5:41 p.m. Holding calls
- 6:09 p.m. A Sector 1 officer is sent out of sector as back up for 2700 Block Giles Road. This officer is reported as assisting as back up for Aggravated Assault
- 6:35 p.m. Drafted unit held out to the district for end of shift
- 6:47 p.m. Sector 1 units handling accident with injuries 3800 Block S. Hanover St.
- 6:59 p.m. 10th St./Renick Court, Disorderly -- Caller reports it's Brooklyn Day and two vehicles driving recklessly at location. Sector 1 officer codes call EN (gone on arrival) at 7:15 p.m. (NOTE: Based on audio recording, dispatch did not read out "It's Brooklyn Day" over the radio.)
- 9:45 p.m. 800 Block of Gretna Court, Armed Person -- Caller states that "100s of males and females are armed with guns and knives at the location." An officer is heard on the radio commenting, "We may have to redirect that call to the National Guard."<sup>7</sup>
- 9:46 p.m. The Southern District is given the designation of 10-12<sup>8</sup>
- 9:53 p.m. 800 Block of Clintwood Court, Noise Complaint -- Caller reports loud kids at the location/states the location is blocked off. The Sector Supervisor codes the call DN (no police service needed) at 9:53 p.m. Based on audio recording, dispatch does not read out, "Location is blocked off." Dispatch requested for a unit on a report of fireworks at 1100 Cherry Hill and noise

<sup>7</sup> This officer does not identify themselves on the radio but BPD has been able to ascertain the officer's identity. This matter will be referred to PIB for any potential policy violation.

<sup>8</sup> This designation (10-12) indicates that all patrol officers are currently occupied handling calls for service.

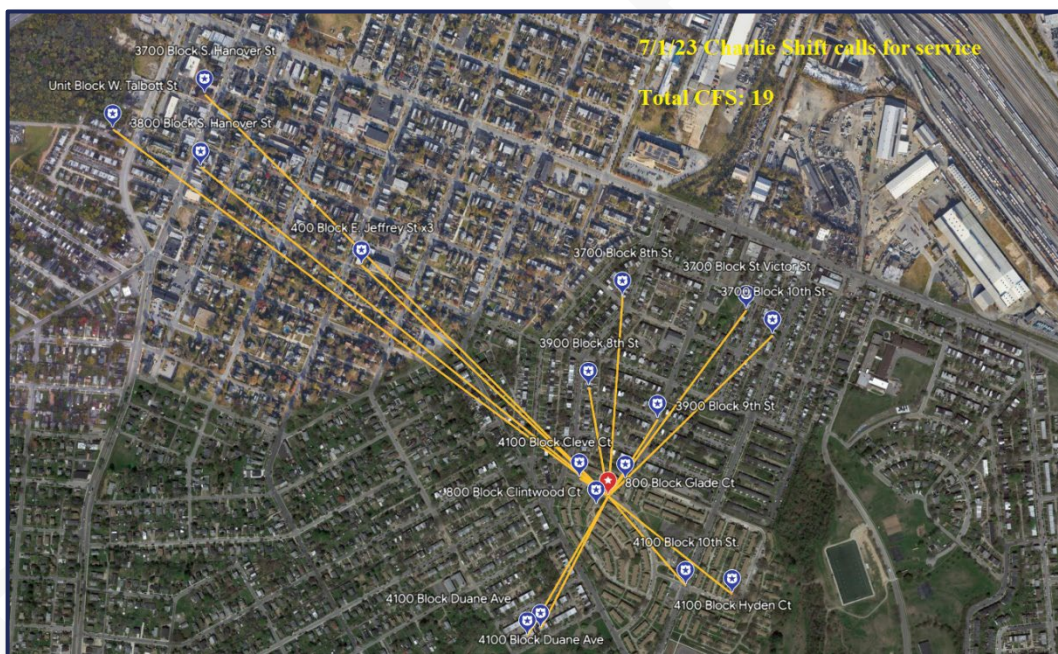

disturbance at 800 Block of Clintwood Court. Supervisor immediately advises to designate both calls as DN (no police service needed).

- 10:26 p.m. Supervisor codes the previous Armed Person Call from 9:45 p.m. at 800 Block of Gretna Court as DN (no police service needed).<sup>9</sup>
- 10:30 p.m. 800 Block of Gretna Court, Supervisor requests Foxtrot (Aviation support) to respond to the Southern District.
- 10:35 p.m. 800 Block of Herndon Court, Discharge Firearm -- Caller states people shooting and fighting. Supervisors request Foxtrot to flyover area. Foxtrot advises there are fireworks, nothing suspicious that he sees. Supervisor codes call AN (Unfounded) at 11:01 p.m.<sup>10</sup>

At 9:46 p.m. dispatch announced that the district was 10-12 (unavailable) and there were eight calls pending, two were higher priority (Assault in sector 4 and an Armed Person in sector 1). At 10:14 p.m. the midnight shift dispatcher requested units to come clear to respond for the armed person call in sector 1 at the 800 Block of Gretna Court, which is the location where the critical incident would later occur. The Sector 3 Supervisor advised that he will respond and he is riding with the Sector 1 Supervisor.

The first BPD communication regarding a large crowd on Gretna Court was made by CitiWatch at 10:15 p.m. CitiWatch advised there was a large party with maybe 800 or 900 people out there. A Supervisor acknowledged the information and announced that they were not going into the crowd. A request was put in by a Supervisor to have Foxtrot fly over the location and provide an approximate head count. A patrol officer communicates directly with the Supervisor about the call and was advised by a Supervisor to stay back from the location.

*Image 19: Charlie Shift CFS Locations on July 1, 2023 in Brooklyn Area*

<sup>9</sup> PSS conducted a subsequent review of Body Worn Camera video records to determine why the supervisor made this determination, but found no Body Worn Camera video on file. This matter will be referred to PIB for any potential policy violation.

<sup>10</sup> Same note as footnote 9, see above.

### **Review of Adam Shift [11 p.m. to 7 a.m.]**

The midnight shift started work with several calls pending, similar to the first two shifts (Baker and Charlie) when they started. CitiWatch continued monitoring the cameras and reported at 11:05 p.m. that something was going on and the crowd was scattering. At this time, a 911 call was received and dispatched to patrol officers in reference to a possible shooting at the 800 Block of Washington Blvd., in a location unrelated to the area where the critical incident later occurred.

At 11:29 p.m. at the 4100 Block of Cleve Court, police were requested for a disturbance. This incident in Brooklyn Homes would be the first call to which the Adam shift responded. Initially the call was routed to EMS. CAD history mentions the caller stating she heard a few gunshots from a distance. Also, the subject of the call is intoxicated and fighting with some other people. They requested an officer for a large crowd at the location.

The initial calls for a shooting were dispatched over the radio to officers at 12:35 a.m. with multiple locations of individuals being shot. Units were being directed to respond to the blocks 800-900 Gretna Court, 800 Herndon Court, 800 Glade Court, 800 Clintwood Court, 4100 Cleve Court, 10th St. & Stoll Place and 4100 6th St. In addition, there were numerous calls categorized as 911 hang-ups in the same area of the shooting, and discharging calls for service along with calls from Harbor Hospital and UM Baltimore Washington Medical Center advising of walk-in shooting victims. The total number of calls pertaining to this incident captured in the CAD system was 43.

According to radio transmissions, patrol officers were advising they were on scene within four minutes of the initial call dispatched. They immediately began to request additional assistance for the crowd while providing locations of victims and specific injuries. Additional units, to include Supervisors, advised they were responding. There were multiple requests for medics and units requesting assistance as members of the crowd were putting their hands on an officer. Dispatch continued to notify units of more calls coming in for multiple locations in that area.

At 12:46 a.m., within 11 minutes of the first calls related to a shooting, the Assistant Chief of Patrol (Unit 8) advises that he has one unit coming from every district to assist. Units are advising they are providing medical attention to victims, they are following medics to the hospital. By 12:51 a.m. out of district units were advising they were responding. The Duty Officer (Unit 41) arrived at 12:55 a.m. and immediately took command of the scene and began providing direction to officers and supervisors. In addition, the District Duty Officer (Unit 24) was on scene to assist in coordinating units to secure the scene. At 12:58 a.m. BPD established a command post at a location just outside the crime scene where BPD and City leadership would be designated to convene.

Due to multiple walk-in shooting victims at surrounding hospitals, units were directed to those locations for crowd control. This was handled by an out of district Supervisor (Unit 404). Throughout this incident, there were many challenges with patrol vehicles blocking access to medics, command trucks and officials. Operation of the district was turned over to an out of district Supervisor. All pending calls for service were handled by out of district units until shift change.

## Findings Related to Internal Communications (Evertel Messaging System & Email)

### Evertel Communications

The Southern District utilizes multiple chat rooms within Evertel, the departmentally approved platform for internal communications. A review of each Evertel room was conducted as part of this AAR. Below is a list of observations made from a search of these data sources:

A search of chatroom titled, "Team 900"<sup>11</sup> revealed that on July 1st, a Supervisor posted a message acknowledging a cookout in Westport. The Supervisor posted, "Westport Cookout. Only a small crowd was observed 5-10 people, no issues to speak of." This posting confirms that supervisors were making and documenting observations of events throughout the District that day, but no observations were made regarding Brooklyn Day.

A review of chatroom titled, "Southern District Supervisors" indicates this was the chatroom used during the time of the incident, "Brooklyn Day." The first message posted in regard to the event was at 10:30 p.m. Prior to that message, there was no recorded communications or posts throughout Evertel documenting Brooklyn Day or any of the incidents leading to the critical incident. The lack of communication present on Evertel for this event does not preclude the possibility that supervisors and officers were utilizing another form of communication. Below is a transcript of the communication on Evertel leading up to the shooting.

*10:30 pm: Sergeant posted, "Just a heads up for midnight shift. Looks like the citizens of Brooklyn snuck in "Brooklyn Day" on us. There are roughly 800-900 people in the homes."*

*10:59 pm: Captain replied, "Appreciate it. Anyone that wants some OT tonight the check book is open!"*

*11:12 pm: Captain posted, "Midnights please do a check of Brooklyn homes first thing. If resources are needed please advise."*

*11:30 pm: Lieutenant responded, "Copy Sir, [Supervisor] is enroute to Brooklyn Homes."*

*11:53 pm: Lieutenant posted, "Brooklyn Homes large amount of foot and vehicle traffic. [Supervisor] monitoring and will post updates here."*

*11:55 pm: Captain replied, "Thank you."*

*11:56 pm: Sergeant posted a picture of a crowd stating, "8th and Jack St."*

*11:57 pm: Captain wrote, "I'll let Unit 41 know in the case we need staff."*

*12:11 am: Major posted, "Monitor only don't get drawn in and become a target."*

*12:12 am: Sergeant replied, "10-4."*

*12:26 am: Captain posted, "I advised [Unit 41 who is on duty] until 0130."*

*12:37 am: Lieutenant posted, "Multiple calls for a shooting Brooklyn Homes. Units enroute."*

### Email Communications

BPD conducted a review of 4,100 BPD emails ranging from the dates of 7/1/23 to 7/2/23, using the search query "Brooklyn," there was no evidence located to indicate that there was any departmental knowledge or internal communications to prepare for Brooklyn Day.

Further review of BPD Emails, shows BPD taking the necessary response upon receiving critical intelligence of the Brooklyn Day event from 2022. In that year, a BPD intel detective learned of Brooklyn Day five days prior to the event and immediately notified his command. In response, the Southern District Command instituted a plan and made all proper notifications in reference.<sup>12</sup>

<sup>11</sup> "900" is the designation used by BPD for the Southern District.

<sup>12</sup> See Appendix D for BPD's 2022 Brooklyn Day Operational Plan

## Overview of Intelligence Gathering and Investigative Support

An Analyst and Open Source Unit (OSU) supervisor reported that on June 28, 2023, at around 1 p.m., the Unit contacted the Southern District intelligence officer to advise of a social media post which referred to “Brooklyn Saturday.” The post is described as quickly disappearing from the author’s social media page and was unable to be located again on this page or any pages of associated people. This post is described as containing no pertinent details or further information other than the phrase “Brooklyn Saturday.” The OSU supervisor then made the appropriate notification to the District Intelligence officer based upon this limited information of a potential gathering.

The OSU supervisor then held a conversation with the Southern District intelligence officer to discuss further monitoring of social media for any additional information. The OSU supervisor then indicated that they would continue to monitor for any new information to keep the intelligence officer updated. OSU then did not observe any additional posts nor were they informed of any other relevant information concerning Brooklyn Day. It should be noted that OSU monitors information for the entire city and not just the Southern District.

OSU further indicated that due to the prior year’s event being shut down by BPD (due to its large size, unpermitted nature and indefinite endpoint) attendees and organizers were particularly upset. It is believed that this likely affected whether BPD would receive notification and how the event was advertised. It is also believed that the usual organizers of the event in prior years were not responsible for planning the event in 2023. Lastly, it is indicated that by the end of Friday’s business day preceding the event, there were no additional posts regarding Brooklyn Day observed by the unit.

The district intelligence officer references his conversation with the OSU supervisor and indicates that while he recognizes that Brooklyn Day is an annual event, it occurs on a variable date each year. This has been confirmed through this AAR.<sup>13</sup> The officer further recognized no indicators of a planned event other than the information provided by OSU but advised that he spoke to patrol supervisors in an attempt to locate any physical advertisements of when it would be held, due to prior knowledge of flyers being posted in the neighborhood in the past. Based on the preliminary information discovered in this AAR, no further indication of advanced notice of Brooklyn Day was received by BPD in the following days leading up to the event.

---

<sup>13</sup> In the past, the Brooklyn Day events in various years have been scheduled in June, July and August, on Saturdays with no discernable pattern.

## Crime Scene Response, Evidence Collection and Scene Management

The crime scene was processed and all the evidence located by investigators during the low light and the subsequent daytime canvasses was recovered by the Crime Scene Unit (CSU). Homicide detectives conducted a preliminary canvass of the scene during their initial response, locating ballistic evidence including physical evidence that was in close proximity. A secondary canvass of the scene during daylight hours was conducted where additional ballistic evidence was recovered. Secondary canvasses during daylight hours are routine for incidents that occur at nighttime. All evidence at this point was processed and collected. The scene remained cordoned off to the public and maintained by patrol. CSU was called back to the scene for the recovery of additional evidence.

Due to the area being rather large and covered with debris, it would be possible to overlook certain pieces of evidence. However, as debris removal was underway, which was requested by BPD, another canvass was also conducted and additional ballistic evidence was recovered and collected by CSU. The second response to the scene in the morning was for the recovery of additional items located by officers with the potential for DNA analysis. It was reported in the media that the crime scene may have been compromised by cleaning crews. When the HABC employees arrived, one crime scene technician stayed, in case new items were discovered when the bulk removal of trash was completed. A second scientist joined her when it became clear that the clean-up had resulted in finding more items of evidentiary value. The two techs were there for an additional seven hours collecting firearm and DNA evidence. Follow-up work is routine and incorporated in standard operating procedures for CSU activities.

*Image 20: Brooklyn Homes Crime Scene on July 2, 2023*

Due to the large crime scene area and the need for community members and the families of victims to access their homes and other belongings, the crime scene was not limited to only BPD personnel. BPD must balance evidence preservation and collection with the ability to grant residents access to their homes, which was a critical lesson learned in past events where BPD unnecessarily restricted access to entire blocks and neighborhoods citing investigative requirements.

In this case, BPD determined it was necessary to conduct evidence collection activities while allowing potential disruption of those efforts to accommodate to the ingress and egress of the residents of Brooklyn Homes. CSU's task on any scene is to process the scene utilizing all resources available in order to further investigative leads. Once that initial scene canvass is done, BPD releases the area.

Five Crime Lab Technicians were on the scene in the initial response for over five hours collecting evidence including clothing, phones, blood, cartridge casings, keys, shoes and other items. More than 100 items were collected with the potential for DNA analysis. CSU also took more than 900 photographs of the crime scene and evidence on scene.

## BPD Equity Assessment

Among the concerns brought forward by the public in the aftermath of the critical incident event, was the claim that BPD has not provided sufficient coverage or policing services to the Brooklyn Homes area or the Brooklyn neighborhood, generally.

In 2016, the Department of Justice recognized the significant organizational structures that allowed for discriminating behaviors and negative outcomes – particularly against the African American Community. As a result, a patterns and practices investigation was launched, which found the BPD was responsible for a significant number of unconstitutional practices. This led to the Federal Consent Decree which was entered in 2017. For the past six years, the Department has worked diligently to correct past practices of discrimination by deconstructing old systems, and building new ones that ensure fair and impartial policing; and better community relations, to include the creation of the Office of Diversity, Equity, Inclusion, Accessibility and Anti-Racism within the BPD Compliance Bureau in 2021.

This section provides context into BPD's review of data regarding calls for service volume and proactivity data as well as observations obtained by the BPD's Equity Officer's information requests.

### Response Time Rates in Southern District

Response times by police to calls-for-service are measured from the point a dispatcher receives a call for help to the time a police officer arrives at the identified location of an impending crime, a crime in progress, or after a crime was committed. Response times are influenced by several measurable factors including:

- Travel distance
- Nature of the calls for service (such as priority 1 calls that involve in progress crimes, shootings, behavioral crises)
- Extenuating conditions, i.e., road, weather, traffic
- Number of officers available to respond

More difficult to quantify are socio-psychological factors that have impact on police response times which could include:

- Officers' morale; unwillingness to perform basic functions; or a lack of knowledge/skill
- Personal indifference or refusal to respond based on implicit biases and preconceived notions about a community, prejudices and/or an affinity to serve one group of people over others
- An organizational culture that is discriminating; or that favors deployment of officers to oblige some communities more than others – based on political pressures, not necessarily based on crime

In particular, these factors can lead to inequitable police services from deployment of resources to the quality of policing provided. To determine whether or not there was a disparate impact on response times to the Southern District, BPD's Equity Office examined the response times of all nine districts. From January 2022 to July 2023. After adjusting for backup officers and non-recorded arrival times, there were 348,203 calls-for-services from January 2022 to July 2023 across the City's nine police districts. 73% of the responses were made within 10 minutes or less. 27% of calls for services were responded to between 11 to 60 minutes. By comparison and in practice leading up to the July critical incident, 74% of the time, Southern District police responded within 10 minutes or less - demonstrating no significant difference to that of the city-wide average. The agency goal is a target of 90% of all emergency calls-for-service be responded to within 10 minutes or less. This is critical as delayed response times will likely lead to a decrease in crime reporting as people – usually African Americans, Hispanics and other marginalized groups – anticipate less and less proactive police response to their needs for service.

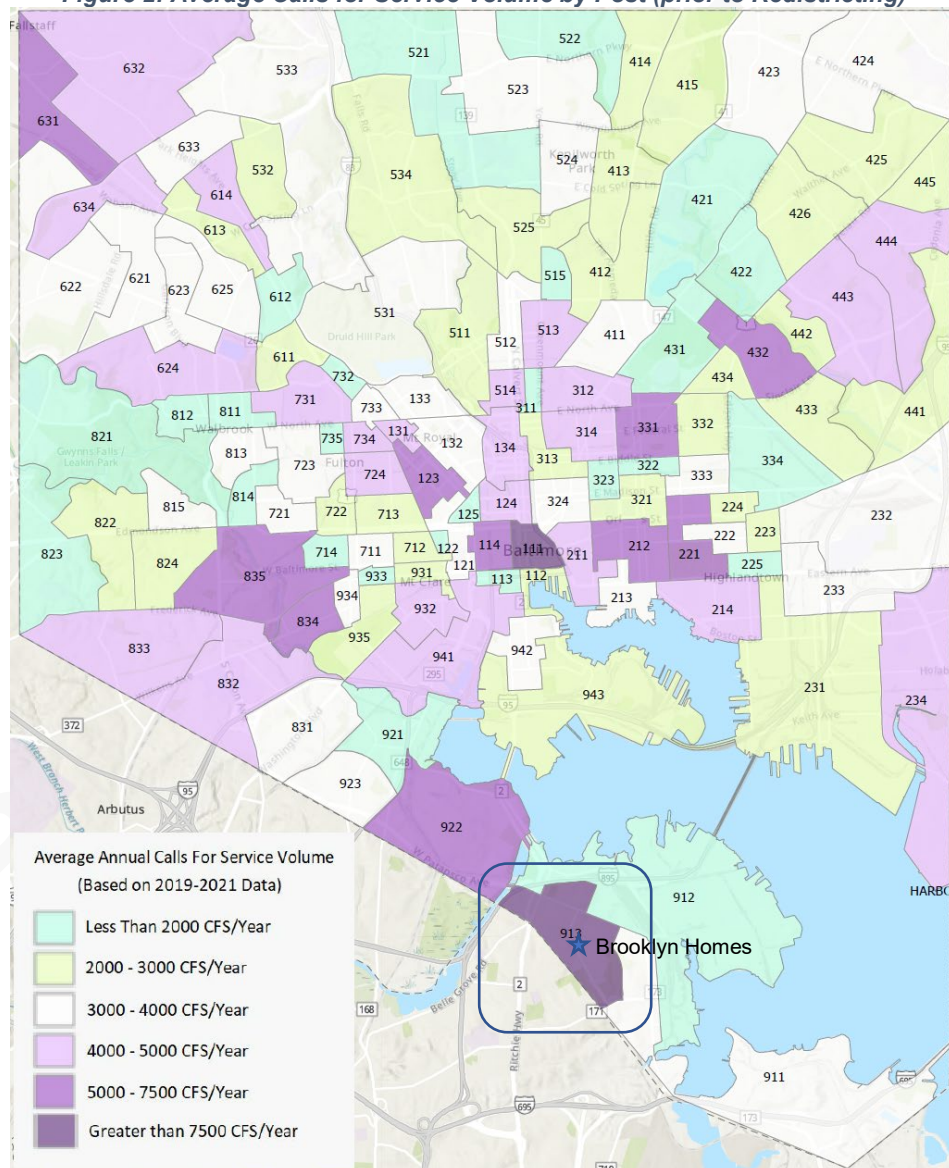

Officer indifference may have significantly compromised the awareness, planning and response to Brooklyn Day prior to the large crowds arriving. Members of the community can view such indifference (whether real or perceived) as a form of bias. From the community's perspective delayed response times or not taking reports can also be interpreted as officer indifference. This was a common form of feedback received during the Equity Office's gathering of information from community members during the AAR.

### Analysis of Call for Service Volume

Brooklyn Homes and the Brooklyn neighborhood were previously located in post 913 prior to redistricting. As outlined in the previous section on personnel resources, patrol officers are assigned to geographic posts for the purpose of ensuring sufficient coverage and response times. If significant events occur in other parts of a District, officers are dispatched from other posts to provide backup for the post officer where the event occurs. The map shown in **Figure 2** provides an analysis of the volume of calls for service experienced in each post of the City based on 2019-2021 data. Post 913 represented one of only two posts in the entire city where the average call volume exceeded 7,500 per year. With the completion of redistricting, the Brooklyn Neighborhood is now within three separate post areas, which is illustrated in the map in **Appendix F: Brooklyn Day Event Supplemental Maps**.

**Figure 2: Average Calls for Service Volume by Post (prior to Redistricting)**

In addition, for 2022, the calls for service volume for the Southern District was analyzed to determine the nature of call volume in Post 913 and the disposition of those calls. This data is presented in **Table 1 and Table 2**.

**Table 1: Dispositions of Calls for Service Generated by the Public in Southern District (2022)**

The data for 2022 shows that Post 913 received a significantly higher number of calls for service than another post in the Southern District. This information is further corroborated by the previous figure which shows data from the 2019-2021 periods.

In comparison to the Southern District as a whole, post 913 also had more dispositions where the incident was determined by officers to be unfounded (A), or no police service was necessary (D), and fewer instances where the subject of the complaint was gone when police arrived (E), the complaint was abated by police presence (F) or a report documenting the incident was completed by an officer (X).

## Historic Proactivity and Crime Data in Brooklyn Neighborhood

BPD's Data Driven Strategies Division has also conducted a review of crime data and proactivity in the Brooklyn Neighborhood from 2020 – 2023 (YTD).

Figure 3: Brooklyn Neighborhood Reported Crime Density Map (7/1/2020 – 6/30/2023)

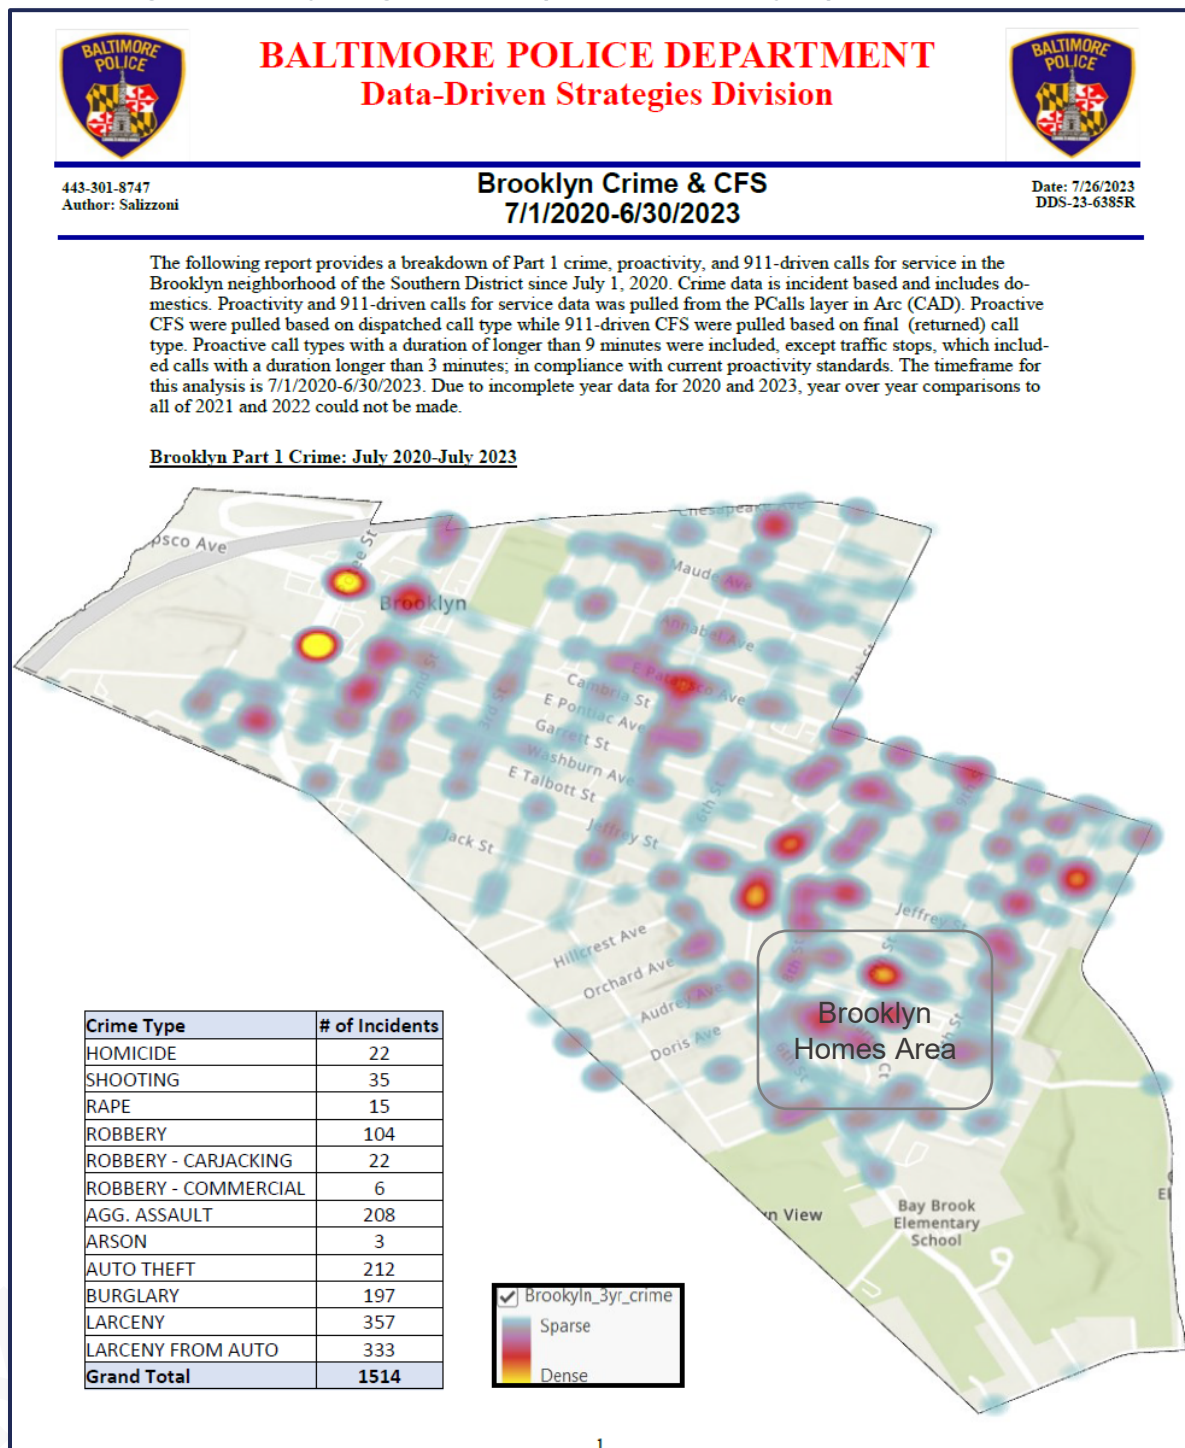

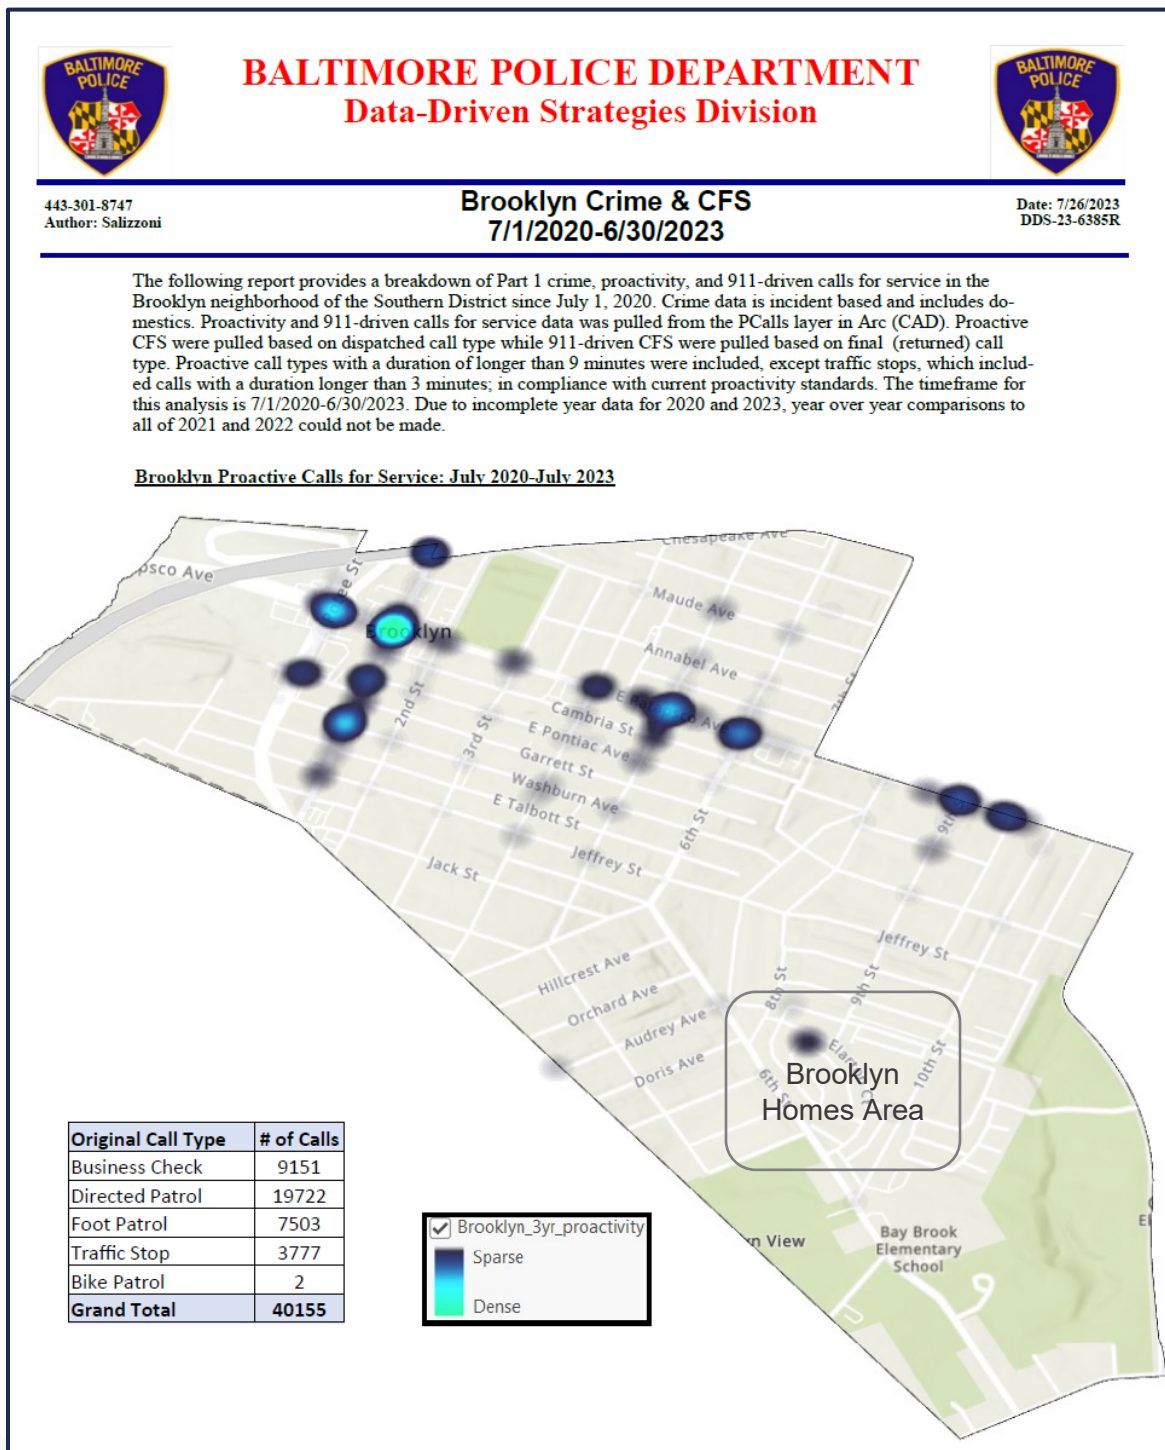

Figure 4: Brooklyn Neighborhood Recorded BPD Proactivity Map (7/1/2020 – 6/30/2023)

Management directives outline that proactive engagements are supposed to occur in areas of the City where crime has historically occurred, with the goal of having positive policing presence deter and prevent crime. While the crime density for the Brooklyn Homes area is significant, the map indicates that the historic level of proactivity in the past three years does not appear to be sufficient to meet Management's expectations. While this map only indicates activity from patrol officers and does not account for investigative resources that may be deployed to the area, the fact remains that BPD's footprint for the Brooklyn Homes area is less than the rest of the Brooklyn Neighborhood.

## Interactions with Brooklyn Neighborhood

The Equity Assessment revealed that many Baltimore Police Commanders over-rely on transactional and formal associations that are least relational in nature. This reflects both racial and cultural issues as well as a police adherence to paramilitary structure. The assessment revealed various levels of interaction with the community: (1) presence and visibility; (2) transactional associations; (3) formal associations; (4) informal engagement; and (5) personal relationships. Relative to the Brooklyn Day 2023, Commanders depended upon agencies, community organizations, etc. to inform the police department about Brooklyn Day; however, these entities were not involved in the coordination or planning of 2023 Brooklyn Day events; nor were they associated with the individuals who eventually did.

Three NCOs are assigned to all Police Districts. They are especially trained on police-community relations. One of their primary roles is to develop “relationships” with residents, community organizations, proprietors and faith-based organizations through community policing principles. In BPD’s training Lesson Plan on Community Policing, officers are trained on the importance and impact of community policing:

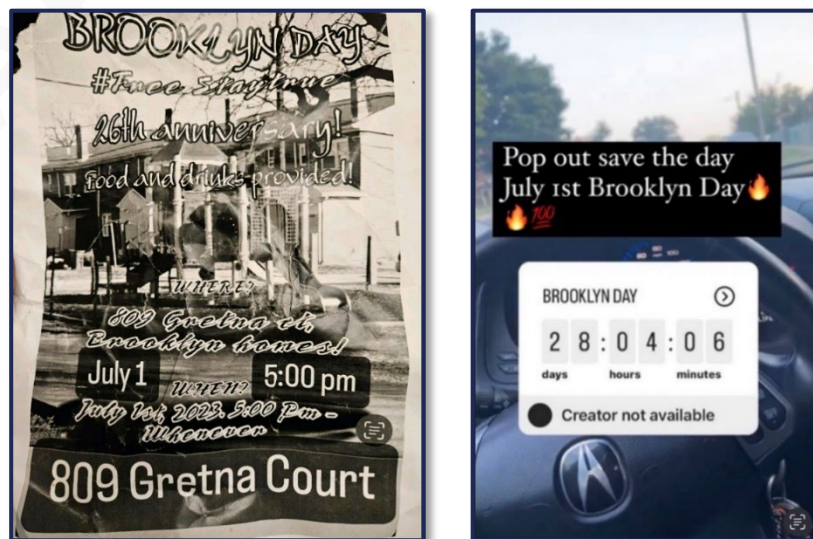

*“Builds personal relationships, which is the cornerstone of creating trust, problem solving, and crime prevention. Conveys as authentic policing, not mandated or forced. Reinforces our shared humanity and equality...”*

*“It’s good for police to be seen, but that’s not enough. We don’t want to be perceived as outsiders who are watching the community. We make a bigger impact when we engage as a positive part of the community. Authentic engagements help to sustain the trust that is built from showing residents that police are human and we care about their concerns.”*

Districts rely on NCOs to assist with providing valuable information that they retrieve through trust and genuine relationships with residents. NCOs are expected and do attend weekly community association meetings. For the Southern District, that would include the Greater Baybrook Alliance (GBA). This reflects formal associations and engagements with the police. The executive staff of the Greater Baybrook Alliance explained, however, that they had heard of previous Brooklyn Day events, but have never participated in planning them. GBA and a few members of the community work closely with the NCO team of the Southern District. Three days prior to July 1, all three officers were on duty but indicated that they did not receive any information regarding Brooklyn Day.

The Equity Office retrieved two flyers from residents. One apparently distributed by hand the day of Brooklyn Day. The other through Instagram – one month prior. Both residents believed that these flyers were easily accessible and stated that the police deliberately chose to ignore them.

**Image 21: Flyer and Social Media Post Advertising 2023 Brooklyn Day**

Repeatedly, community members conveyed to the BPD Office of Equity that, had this large group of people converged in a predominately white neighborhood, the police response would have first been preemptive and then certainly swiftly tactical toward dispersing the crowd well before any violence occurred. After speaking to one Brooklyn Day participant (wounded in the shooting), they claimed to have seen officers drive by the Brooklyn Day crowd earlier in the day.

### Brooklyn Day Coordination

While it is said that Brooklyn Day is an event that has occurred over 20 years, the Equity Office was only able to confirm its coordination over the past six years. From 2018 to 2022, several critical conditions existed that contributed to the coordination of Brooklyn Day without substantial incidents. The Equity Assessment revealed that many of these critical conditions (based on formal and informal associations with the police) began to dissolve incidentally; and by July 2023 were either significantly altered or non-existent. Between 2018 and 2022, formal levels of associations between police, community members and the housing authority security contributed greatly to the successful coordination and safety of Brooklyn Day.

- In 2020, a former BPD Police Commander was hired by the Executive Vice President and C.O.O. of HABC to serve as the Public Safety Coordinator for Brooklyn Homes.
- For a period of time, an unidentified resident of Brooklyn Homes was known for coordinating Brooklyn Day on an annual basis. It is believed that sometime between 2019 and 2021, this resident died. The Equity Office was unable to confirm that some other resident assumed the role of Coordinator of Brooklyn Day. The Equity Office spoke to no one who could confirm that Brooklyn Day was ever a permitted event, formally authorized by the Housing Authority or through the Department of Transportation.
- In 2021, the Major who commanded the Southern District had significant experience in patrol as both an officer, a supervisor, manager and executive leader. During his time in the Southern District, he routinely worked with the Public Safety Coordinator for Brooklyn Homes and communicated with the Coordinating Resident. The Public Safety Coordinator played a significant role in exchanging information to the Major about Brooklyn Day. The Major recalled being notified of Brooklyn Day as little as five days in advance. He recalls mingling among the attendees during Brooklyn Day and giving the music D.J. successful orders to cease playing around 9 p.m. which was effective in dispersing a large majority of the crowd.
- Following the retirement of that Major, a new Major was appointed to the Southern District. By 2021, the Coordinating Resident was deceased. However, there was not a continuity plan in place and the previous Major never conversed with the new Major about the Southern District nor Brooklyn Day. During his Command, this Major remembers working with the Public Safety Coordinator and he received notice of Brooklyn Day three days in advance. The Major asked the Public Safety Coordinator to distribute safety flyers about Brooklyn Day to the community but the Public Safety Coordinator did not do so.
- The Major created a written Deployment Plan and distributed it to executive level leaders. He executed the plan on Brooklyn Day in 2022 without incident. This plan can be found in **Appendix D: BPD Operational Deployment Plan for Brooklyn Day 2022**. He also requested a Lieutenant to attend the event to coordinate directly with the residents during the Brooklyn Day events. Two residents recall last year's event, and the police presence which they viewed as "good." They remember police officers mingling and patrol cars quite visible.

- At the end of 2022, the Major of Southern District resigned and a new Major was appointed; however, the 2022 Deployment Plan for Brooklyn Day was not shared with the new Commander, and there were no continuity efforts discussed; and by March 2023, the Public Safety Coordinator at Brooklyn Homes had resigned. This leadership role was vacant in the weeks leading up to the 2023 critical incident.

Between 2018 and 2022, formal and informal levels of associations between police, community members, and the housing authority security contributed greatly to the successful coordination and safety of Brooklyn Day. However, the Equity Assessment revealed that many of the critical conditions that led to this success began to dissolve incidentally, over time, and by July 2023 were either significantly altered or non-existent. The Equity Office also ascertained that the African American Commander appeared to have more success in developing greater, stronger informal associations with the Brooklyn community than his white successors.

While BPD strives to ensure diversity among District Commands when possible, this can be hindered by the availability of diverse candidates on qualified lists for promotion. Regardless of the race of a commander, there is a need for additional training for command staff on the principles of diversity, equity, and inclusion in how they are expected to engage with diverse communities.

## Appendix C: BPD Organizational Chart

Released: July 2023

# BALTIMORE POLICE DEPARTMENT ORGANIZATIONAL CHART

BALTIMORE POLICE DEPARTMENT

# 2022 Brooklyn Day

## BALTIMORE POLICE DEPARTMENT

### Circumstance:

The Brooklyn Day community celebration is an annual event that attracts approximately 1000 people. This event is financially supported by individuals living in the community, and who have historical connections to the sale of controlled dangerous substances. Based on the behavioral deficiencies observed during this event in the past, which are not unlike those commonly observed down the Inner Harbor during our seasonal weekends, juveniles tend to engage in delinquent acts with little to no adult supervision. Although the conduct of our older residents may also be a criminalistic concern, officers will attempt to maintain a safe environment devoid of violence or gun related crimes. The concern, that will be monitored continuously, relates to the aforementioned behavioral issues observed when large groups become constricted by a condensed geography. Assaults, traffic disruption, the targeting of law enforcement and the apparent disregard for legal parameters are commonly observed.

### Objectives:

Provide a safe and harmonious atmosphere for our local community members to enjoy the referenced festivities, while also subtracting the intrusive hindrances of criminal elements along the way. We will provide support and a thoughtful approach towards law enforcement and non-law enforcement related interactions. These actions will be consistent with BPD values, and will adhere to policy and procedure.

Priorities will include:

1. Preservation of life (resident safety, officer safety)
2. Ensure the public's 1<sup>st</sup> Amendment rights are protected at all times. If behaviors should arise that conflict with the provisions of the 1<sup>st</sup> Amendment, proper protocols will be followed. This may be observed if an organized level of civil unrest transitions into a riot related situation.
3. Preservation of property (resident and business interests)
4. Safe traffic flow (ingress and egress)
5. Restoration of normal operations, in the event of disruption.

Responding to incidents involving large crowds, civil disobedience, civil unrest, and looting events requires a five-stage approach:

1. Phase One: Control the Initial Response
2. Phase Two: Control the Scene
3. Phase Three: Evaluate Your Resources
4. Phase Four: Create and Evaluate a Plan to Resolve Incident
5. Phase Five: Process and Release the Scene

## BALTIMORE POLICE DEPARTMENT

### Command and Control

**Incident Commander:** Major Robert Velte

**Field Operations Commander:** The Lieutenant is TBD

#### I. Staffing

Deployment staffing overview (1700 until clear);

- 1 Lieutenant
- 3 Sergeants
- 18 Officers

Broken-down/ staff sourcing:

- Patrol: 1 Sergeant 7 Officers (1 from each district)
- Southern DAT: 1 Sergeant and 4 detectives
- Southern NCO: 1 Sergeant 3 officers
- MMU: 2 Officers

05:59 PM / 01:18:14  
10. Four. Thank you. Three. 1 41 if nobody in three is 10. Eight. I'm  
05:59 PM / 01:18:19  
Gonna go back.  
05:59 PM / 01:18:21  
Ten four. Thank you.  
05:59 PM / 01:18:22  
Two three,  
05:59 PM / 01:18:23  
Go ahead.  
05:59 PM / 01:18:25  
Two three on Cliff.  
05:59 PM / 01:18:27  
10. Four. Thank you.  
06:00 PM /  
And you at the signal? 31. Could you repeat that tag number again? I'm not getting any record back. I just wanna make sure I have the tag number right.  
06:00 PM / 01:18:34  
21. What's that for me?  
06:00 PM / 01:18:36  
Ten four. Can I get that tag number again?  
06:00 PM / 01:18:38  
Yes. 10 four's. That New Jersey tag. 10 tag of uh, [REDACTED] Adam. And if not I have a VIN number for you. Uh, that don't work.  
06:00 PM / 01:18:51  
Ten four. Can I get the vin? I'm not getting any record. Um, on sound for the temp?  
06:01 PM / 01:18:56

Yes. Ten four. Uh, VIN number is five.

Four.  
06:01 PM / 01:19:11  
Ten four. Thank you.  
06:01 PM / 01:19:12  
And whenever you get a chance, uh, you can drop an x-ray note for uh, single 31 in my box.  
06:01 PM / 01:19:18  
Ten four, no problem.  
06:01 PM / 01:19:20  
41 10 23.  
06:01 PM / 01:19:22  
Ten four. Thank you.  
06:01 PM / 01:19:23  
41.  
06:02 PM / 01:19:24  
Go ahead  
06:02 PM / 01:19:25  
Boy. No for copper, show me 10 23 at 1205 Westbrook.  
06:02 PM / 01:19:29  
Ten four. Thank you.  
06:02 PM / 01:19:30  
41 eye copy. Two.  
06:05 PM / 01:19:32  
1, 2 1.  
06:05 PM / 01:19:33  
Yes ma'am. If it's possible I can have that X-ray, uh, signal.  
06:05 PM / 01:19:36  
Thirty one, ten four. I apologize. I'm still looking for the vehicle. I'm not sure if my packet cluster is down or not. Could you gimme the year and type of vehicle it is so I can go ahead and finish requesting the Dow?  
06:05 PM / 01:19:48  
Yeah. Ten four. It's a 2005 Honda, Honda pilot and it's white in collar and it has uh, heavy, uh, front heavy damage.  
06:05 PM / 01:19:58  
10. I apologize. I just tried the VIN number and the tagging. It's not coming back so I'm not sure  
06:05 PM / 01:20:03  
Therefore it's uh, probably it's from New Jersey. Jersey's  
06:06 PM / 01:20:08  
Not coming. Standby by just one second. I'm sorry. You can take them. Thank you.  
06:07 PM / 01:20:13  
31. Okay.  
06:08 PM / 01:20:16  
13.  
06:09 PM / 01:20:17  
Calling for  
06:09 PM / 01:20:18  
13. Yeah. Can you call ahead and over the [REDACTED] Giles Road? [REDACTED] Giles for on person first for nine ten four. I don't have a 36. And can I have a unit on a bed?  
06:10 PM / 01:20:30

06:10 PM / 01:20:37  
31. 10 Charlie?  
06:11 PM /  
35. 10. Two, three. Court commissioner. Any mileage? 1 0 1 6 0 61.  
06:11 PM / 01:20:49  
Okay,  
06:14 PM /  
Charlie 11. So you have no description.  
06:14 PM / 01:20:53  
There is no 36. Lemme look again. No. 30  
06:14 PM / 01:20:57  
11  
06:16 PM / 01:20:59  
Charlie  
06:16 PM / 01:21:00  
11. I'm doing a call back now.

06:16 PM / 01:21:02  
Are are you getting a call sent over from the central pack in Dover? In and Peck. Peck and Camden? What's supposed  
06:16 PM / 01:21:08  
13 on three?  
06:16 PM / 01:21:10  
Who's supposed to peck in Dover? Peck and Camden  
06:17 PM / 01:21:13  
Comes up at one 13, but I'll head over to 5 0 4 the Boulevard.  
06:17 PM / 01:21:17  
I know who's supposed is coming up as the central is saying it's ours. Who's supposed is it in the Southern, Southern 80 Control. And I'm trying to figure out who posts those agg assault on. No problem ma'am. Thank you.  
06:17 PM / 01:21:30  
13.  
06:18 PM / 01:21:31  
13.  
06:18 PM / 01:21:32  
We gonna give it David Call for this call.  
06:18 PM / 01:21:34  
Ten four. Thank you. 41.  
06:18 PM / 01:21:37  
41. I am responding.  
06:18 PM / 01:21:39  
Ten four. And that's in reference to the Packa and Camden Street.  
06:18 PM / 01:21:44  
I'm into 5 0 4 Washington Boulevard.  
06:18 PM / 01:21:48  
Ten four.  
06:18 PM / 01:21:49  
21  
06:19 PM /  
21. Yes ma'am. So I'm gonna be following Medic 21 to John Hopkins Hospital. Um, 23 is gonna stay. Stay here waiting for the tow truck to get here.  
06:19 PM / 01:22:01  
Ten four, no problem.  
06:20 PM / 01:22:04  
Try 11. Be advised, we're looking for a, a number one male with dreadlocks accompanied by a female. And uh, it seems like a lady was assaulted. Pistol whip. So 13 at night are doing a  
06:20 PM / 01:22:20  
Ten four. Thank you. And do you 41, do you have a unit with you? 12 41 41.  
06:20 PM / 01:22:26  
You can give my call on uh, Washington Boulevard. David? No. [REDACTED] Westbrook David? No. And I'm backing up. Uh, 41.  
06:21 PM / 01:22:34  
Ten four forty three. Where? 41 bar? Uh, 5 0 4 Washington Boulevard  
06:21 PM / 01:22:40  
To start, I'm gonna try the 5 0 4 Washington Boulevard, but it looks like they're all around that intersection. Frank, you're going the wrong way ma'am. Ten four.  
06:21 PM / 01:22:51  
Ten four. Now it's coming out. Portland and Fremont units.  
06:22 PM /  
Copy.  
06:22 PM / 01:22:57  
Ten four.  
06:22 PM / 01:22:58  
Is City West up in reference to those incidents? Go ahead. No, I'm just inquiring if City Watch is up in reference, those incidents. Packa, Camden, handcuff over standby.  
06:22 PM / 01:23:09  
All right, I'm gonna try Portland of Fremont. It's the closest and the most recent.  
06:23 PM / 01:23:14  
And standby City watch is being asked to switch.  
06:23 PM / 01:23:17

Yeah, I'm at Portland of Fremont. That's not  
06:23 PM / 01:23:19  
Ten four  
06:23 PM / 01:23:21  
And and 41. Apparently it's a shirtless male  
running down the Boulevard. Southwest  
06:23 PM / 01:23:29  
Female. Ten four has four 11 Fremont.  
06:23 PM / 01:23:32  
Uh,  
06:23 PM / 01:23:32  
Yeah you could do Portland and Fremont.  
06:23 PM / 01:23:34  
Ten four  
06:24 PM / 01:23:35  
And 41. Can I get my medic to this  
intersection just for a uh, number one male  
leaving from the face.  
06:24 PM / 01:23:42  
Ten four nine ninety nine  
06:24 PM / 01:23:45  
Lateral nine or any supervisor on the  
06:24 PM / 01:23:47  
Air? I have available supervisor. Key up for  
99.  
06:24 PM / 01:23:50  
10 Go ahead. Nine 10. Uh, midnight has to  
call up. Ten four.  
06:25 PM / 01:23:55  
Ten four ten forty one.  
06:25 PM / 01:23:57  
Sounds like there's a second victim in front of  
pickles, however I haven't made it over there  
yet.  
06:25 PM / 01:24:02  
Ten four. Can I get another unit to respond  
over to Pickles, see if there's a second,  
second victim to the assault.  
06:25 PM / 01:24:08  
Pleasure. I'll make my way  
06:25 PM / 01:24:08  
Over 10. Four. Thank you.  
06:25 PM / 01:24:10  
Pleasure. I'll make my way  
06:25 PM / 01:24:11  
Over 10.  
06:25 PM / 01:24:12  
4 43. Could you just go by pickles and tell me  
what you got? I got the uh, second victim. I'm  
talking to a witness.  
06:25 PM / 01:24:19  
Ten four.  
06:26 PM / 01:24:20  
And be advised we are getting it at 5 0 4  
Washington Boulevard. Pickles I think is five  
20 Washington  
06:27 PM /  
Fire Department's en route to that location on  
Washington Boulevard.  
06:27 PM / 01:24:30  
45 en route  
06:28 PM /  
13.  
06:28 PM / 01:24:33  
1322  
06:28 PM / 01:24:35  
You go to C please. 2213  
06:28 PM / 01:24:39  
C  
06:28 PM / 01:24:39  
22 2700  
06:28 PM / 01:24:42  
B Gills Road. We got a young lady as we was  
coming over here Flagstaff. So she was  
assaulted by a number one male wearing a  
white t-shirt with dreads and he pulled out a  
gun on everybody. Um, we do see that's a  
family functions literally around the corner.  
We're gonna try to investigate and see if the  
subject is matching that description, but I think  
you may need another unit due to the having  
the family gathering as well.  
06:29 PM / 01:25:06  
So what's the

06:29 PM / 01:25:07  
Location right now? I'm at 27 25 G I L S road.  
This is where I am right now.  
06:29 PM / 01:25:13  
And 43. Did you have a code for the  
investigate auto  
06:29 PM / 01:25:17  
At <inaudible> for now.  
06:29 PM / 01:25:18  
Okay, I'm coming to you.  
06:29 PM / 01:25:19  
Thank you.  
06:29 PM / 01:25:20  
What's your eta?  
06:29 PM / 01:25:22  
I'm coming over Giles Road. I'm coming over  
06:29 PM / 01:25:25  
Ten four  
06:29 PM / 01:25:26  
And 42 and 43. You cautioned one going in.  
I'm getting a second call that says they're a  
group of males attacking one person at that  
location. Um, you're gonna need more units.  
06:30 PM / 01:25:37  
I'm pulling up man. They said it's in front of  
pickles.  
06:30 PM / 01:25:40  
Uh, it's coming in 5 0 4 Washington  
Boulevard. Um, pickles I think is five 20. So  
it's in that area.  
06:30 PM / 01:25:46  
I'm here with the ten four possible get a um, I  
called back so we person down. There's a lot  
of people out there  
06:30 PM / 01:25:57  
And you need additional, you need additional  
units.  
06:30 PM / 01:25:59  
Well right now I don't even know what we got.  
You can't even find the um, the guy you  
talking about.  
06:30 PM / 01:26:04  
Ten four. Lemme try to do a call back.  
06:31 PM / 01:26:07  
11. I'll be canvassing by Spellman. 41. I'm  
back here Boulevard  
06:31 PM / 01:26:15  
And stand. I'm trying to do a call back.  
06:31 PM / 01:26:18  
I'm 10 fucking traffic.  
06:32 PM / 01:26:21  
All right.  
06:32 PM / 01:26:22  
41 of 43 and 42 Go to Sea Channel so I can  
not tie up there. 43. I copy 41 detector. 4 43  
on C. Okay, where are you at Bobby?  
06:32 PM / 01:26:35  
11. What's your 20  
06:32 PM / 01:26:37  
Coming down?  
06:32 PM / 01:26:38  
Uh, uh real estate on down. 2,800. Block of  
filming for now that you just drove past the uh,  
statue.  
06:32 PM / 01:26:47  
Ten ten four.  
06:32 PM / 01:26:50  
Alright, I'm in front of pickles. I'm looking now.  
My original victim dipped off. Didn't want me.  
I'm trying to find a guy who matches the video  
who also got knocked out just found vast.  
We're in front of uh, sugar Moore and Pickles.  
06:33 PM /  
Please sir. I copy  
06:33 PM / 01:27:07  
And you be advised I did call the caller back in  
reference [REDACTED] Washington Boulevard and  
he said he thinks they all left the scene.  
06:33 PM / 01:27:17  
You inside the pickle Pickles location  
06:34 PM / 01:27:19  
And 41 and 31. You okay on Fremont?  
06:34 PM / 01:27:22  
Yes.

06:35 PM / 01:27:23

 08:30 PM / 01:55:51  
 Oh, 11. There's a lot of people out here.  
 08:30 PM / 01:55:53  
 Ten four. Do you need more units?  
 08:31 PM / 01:55:55  
 Uh, 12 is fine for now.  
 08:31 PM / 01:55:57  
 Ten four. Just advised if you do  
 08:32 PM /  
 nine. Nine, nine. This post is ■ South Hanover.  
 08:33 PM /  
 All right. Just as a heads up to 41, the call should be coming in through 9 1 1 shortly. Um, a woman's going to be going to that location and she has a copy of an extreme risk protective order, um, in involving firearms with the individual inside the respondent. Um, she's gonna place a nine one one call when she's about 10 minutes away.  
 08:33 PM / 01:56:29  
 A copy 7,500 has to serve those anyways.  
 08:33 PM / 01:56:32  
 Ten four.  
 08:33 PM / 01:56:34  
 Thank you for that.  
 08:33 PM / 01:56:35  
 And if I have anybody coming, ten eight. I have a disorderly coming out at ■ West Pratt Street. Um, it's in reference to a verbal disturbance at the location.  
 08:34 PM / 01:56:45  
 41 to 99. Can you call my landline?  
 08:35 PM /  
 11.  
 08:35 PM / 01:56:50  
 11  
 08:35 PM / 01:56:51  
 You on a Maryland driver's license number please. In reference.  
 08:35 PM / 01:56:54

08:43 PM / 01:57:20  
And Sector 40, units two. To be advised, the  
protection order is coming out for 2 0 1  
Warren Avenue.  
08:43 PM / 01:57:27  
41. I copy. Um, 41 to 99. Can you go to C  
channel  
08:44 PM / 01:57:35  
10 41 Girlfriend?  
08:44 PM / 01:57:40  
Um, this is a different address, correct?  
Because I know this protective order is signed  
in and it's on the desk.  
08:44 PM / 01:57:46  
So she, she said that she was gonna park  
somewhere else and call 9 1 1 before going to  
that location.  
08:44 PM / 01:57:54  
What was the numbers for her problem?  
08:44 PM / 01:57:56  
It's gonna be like nine 12 dash can over, so I  
don't know if that's close to it or not.  
08:44 PM / 01:58:02  
It's not. All right. Ten four. I'll be in the district  
to get my, uh, the one copy.  
08:44 PM / 01:58:07  
We don't have a copy here at the district for  
Hanover.  
08:44 PM / 01:58:11  
Ten four. I got a copy for the one on Warren.  
All right. I appreciate it. Ten four  
08:45 PM / 01:58:19  
Still. Eight 10. Eight units. I need to get  
somebody to 2 20 0 1 WesTrac. This is  
another call coming out now as a common  
assault by threat  
08:46 PM / 01:58:30  
30. Can anybody clear up and go on to that  
please?  
08:46 PM / 01:58:33  
Uh, 41 or you still have the audible alarm?  
08:46 PM / 01:58:37  
Uh, 10 47. That's an Adam or sorry, zebra.  
Yes. I was gonna pick up the protective order  
paperwork from the district for Warren. I can  
add over to three  
08:46 PM / 01:58:45  
Again. Ten four. I thought the female was at  
Warren.  
08:46 PM / 01:58:49  
47. Different situation.  
08:47 PM / 01:58:51  
Ten four. Uh, two.  
08:47 PM / 01:58:53  
2 22  
08:47 PM / 01:58:54  
Sir, can you start to [REDACTED] West Pratt? It's  
coming in as it came in as a disorderly, um, in  
reference to, uh, verbal disturbance. Now it's  
coming in as a common assault by threat. Um,  
caller says husband's having a problem with a  
male. The male is a atv. The location  
bothering the male and threatening him, um,  
says that the threat was that he was going to

09:55 PM / 02:16:39  
13, go ahead. All right. An audible alarm.  
Church Street, 1429. Correction. Go  
ahead and give that day of a note. Always  
comes out and you can still put me back here  
on this call.  
09:59 PM / 02:16:51  
Ten four. Thank you. And all units. Ten six kj.  
Everybody have a safe evening and thank  
you. Time is twenty one fifty nine, twenty one  
10:01 PM / 02:16:59  
Birthday. Yes sir. Can I, uh, give you a name  
and date of birth?  
10:01 PM / 02:17:03  
Uh, we haven't a ship change, sir. I haven't  
logged into anything. Anybody get off about  
21?  
10:01 PM / 02:17:09  
Yeah girl. I give you a call at 13 just for the  
record. My vwc just died. I'm gonna put her on  
the charger.  
10:07 PM /  
32.  
10:07 PM / 02:17:19  
Uh, 32.  
10:08 PM / 02:17:20  
Yeah, you could put uh, that 23 Pierce side  
drive in my box. I dealt with her, uh, a week  
ago, so I'll give him a call.  
10:08 PM / 02:17:28  
All right. 10 Charles 43. Charles 43. It's nine  
Charles 43. Nine Charles 43.  
10:08 PM / 02:17:36  
43. Go ahead.  
10:08 PM / 02:17:37  
43. What's the code for Stockholm?  
10:08 PM / 02:17:39  
I'm still at the location now of the, uh, truck  
driver's scene. He is, uh, working on the  
vehicle now. Him to get it off the, uh, track.  
10:09 PM / 02:17:46  
This is on the train track.  
10:09 PM / 02:17:48  
Ten four.  
10:09 PM / 02:17:49  
Ten four Charles  
10:09 PM / 02:17:51  
2141.  
10:09 PM / 02:17:52  
Are you clear? 41 1. Are you clear sir?  
10:09 PM / 02:17:56  
I'm sorry, I thought you were calling uh, 21.

10:09 PM / 02:17:58  
I'm talking to 41. Uh, 41. Are you clear sir?  
Uh, 10 47. Trying to get clear now. Okay. Ten  
four. The only thing is I need a call for this.  
Uh, cause it's a red call. I just wanna to get  
you off the board. It's common Southwest  
Cross Street medics. Respondent. It was a  
false medical call. And it's anonymous. No  
one's there that sounds like No, we're not.  
You still have me out for, uh, nine 12 South  
Hanover, sir.  
10:10 PM /  
I gotcha. Thank you. Charles  
10:10 PM / 02:18:27  
Three, one. Can you hold me to <inaudible>  
to process my arrest?  
10:10 PM / 02:18:30  
All right. Three, one. That's not three one.  
Lemme finish. I need you code for this call  
right here. It's gonna be South  
Gilmore for the summer. Alarm it a false  
alarm. Just need a code.  
10:10 PM / 02:18:40  
Three five. Um, yeah. What do they call back?  
10:11 PM / 02:18:44  
They call back for false alarm. Just a cold  
10:11 PM / 02:18:47  
Zebra. Uh, I mean, David, no. And um, that  
other call on, uh, 18th 10. That, uh,  
<inaudible> now.  
10:11 PM / 02:18:53  
Thank you sir.  
10:11 PM / 02:18:55  
2 1 34.  
10:11 PM / 02:18:57  
34. Good.  
10:11 PM / 02:18:58  
34. Just advising that, uh, the prisoner I have  
will be, uh, discharged from Grace Medical.  
10:11 PM / 02:19:05  
All right. Ten four t1.  
10:12 PM /  
You?  
10:12 PM / 02:19:07  
Yes sir. Can you run a name and of  
10:12 PM / 02:19:09  
For me? Haven't caught, I logged into that.  
Can you mind help out t1?  
10:13 PM / 02:19:13  
21 to 13. 13. Hey, can you real quick? Hey,  
ranks, it's, Hey, could you, uh, can you gimme  
a call and can I text you like a driver's license  
to see if you can, uh, run that c I see. Sure.  
Send it over. I'll run it. Alright. Can you just  
gimme a call? I don't think I have your phone  
number.  
10:14 PM / 02:19:37  
And you just be advised we have any units  
coming clear for that armed person, like it's  
been pending for 30 minutes. Rent a,  
uh, grant court.  
10:14 PM / 02:19:47  
30. I'll take it right down there and check  
10:15 PM / 02:19:48  
It out. Four 30. Thanks sir.  
10:15 PM / 02:19:50  
Say what  
10:15 PM / 02:19:51  
Much? Good,  
10:15 PM / 02:19:52  
Good evening, sir. You were referencing eight  
19 gretna court,  
10:15 PM / 02:19:57  
Sir.  
10:15 PM / 02:19:58  
Okay. It's gonna be kind of hard cause it looks  
like I got maybe eight or 900 people out here  
with a description.  
10:15 PM / 02:20:04  
Okay. So it is crawly up there, huh?  
10:15 PM / 02:20:06  
Yeah. They had a large party, roughly about  
80 or 900 people  
10:15 PM / 02:20:10

At your tenfold, sir? Um, tenfold. I didn't give a description. It said everybody have a gun to one knife.

10:16 PM / 02:20:17  
City-wise, any available SWAT supervisors?  
10 21, 2, 3, 4, SWAT supervisors, 10 21, 2 3, 4 22 16.

10:16 PM / 02:20:28  
Regards, can we get you to, uh, take back with 30 down there?

10:16 PM / 02:20:32  
30? I got 10 riding

10:16 PM / 02:20:33  
With me. Okay. 10 sir. And I guess your copy citywide. I'm sorry. City watch.

10:16 PM / 02:20:38  
Yeah, I'm direct.

10:16 PM / 02:20:40  
All right. 10

10:16 PM / 02:20:41  
13. 13.

10:17 PM / 02:20:43  
13.

10:17 PM / 02:20:44  
All right. The call on ninth Street and Jack, is that a day? No.

10:17 PM / 02:20:47  
All right. 10 full.

10:17 PM / 02:20:49  
13 to 21. Getting your information now. One second. Ten four. Thank you.

10:17 PM / 02:20:54  
Charlie? 34.

10:17 PM / 02:20:55  
Charles. 34.

10:17 PM / 02:20:57  
Charlie 34. Can you show me doing a transport from Grace Medical to the Southern district? I have the number one female on board. I am 61 and my mileage is 32 87 0.3.

10:18 PM / 02:21:09  
All right. Ten four. Time is 22. 18.

10:18 PM / 02:21:11  
Thank

10:18 PM / 02:21:11  
You.

10:19 PM / 02:21:14  
13.

10:19 PM / 02:21:15  
13, go. Alright,

10:19 PM / 02:21:16  
What time? We're gonna go ahead and leave that as a six 30. We can close it down with a Frank, no ex uh, David, no for exchange.

10:20 PM / 02:21:24  
All Rightt.

10:24 PM / 02:21:26  
34.

10:24 PM / 02:21:27  
34.

10:24 PM / 02:21:28  
First condition check. All good.

10:24 PM / 02:21:30  
All right. I'm 20, 24.

10:26 PM /  
30 30. Good sir.

10:26 PM / 02:21:35  
Yeah, we're not going into the that crowd David, No

10:26 PM / 02:21:38  
Sir.

10:26 PM / 02:21:40  
So

10:27 PM / 02:21:40  
12

10:27 PM / 02:21:42  
Here from Dwayne Station for the remainder,

10:27 PM / 02:21:46  
Right?

10:28 PM / 02:21:47  
34.

10:28 PM / 02:21:48  
34.

10:28 PM / 02:21:49

Second condition check.

10:28 PM / 02:21:51  
All right. 2220.

10:29 PM / 02:21:55  
Yes. Remain chance Fox.

10:30 PM / 02:21:58  
Um, well I shots by West End so we can see if we can get him over. What do you need him miss Sir?

10:30 PM / 02:22:03  
I just wanted him to do a fly while over in Correct court and uh, give us maybe an approximate head count.

10:30 PM / 02:22:08  
All right, I'll see if I can get him over. Can I think, wait a minute.

10:30 PM / 02:22:13  
13 and 10. 10 standing by 10. What was the address you were referring to? Uh, it's Greg Accord, but there is probably close to 900, a thousand people. So just stay back. Ten, ten four. You go ahead and take him back.

10:31 PM /  
Fox Drive seven

10:31 PM / 02:22:33  
Fox. Go ahead.

10:31 PM / 02:22:34  
Switching over for City Wide. Yeah, turn to Fox. Go ahead sir. Do me a favor. If you can fly around, grant the court down in search one in homes. Let us know how far that crowd goes back. It's quite a big crowd. LER on the way. Search.

10:32 PM /  
Thank you.

10:32 PM / 02:22:52  
32. 32. In reference to uh, Pierce side Drive, I called the, uh, the officer or the sergeant, um, in reference. They just need an attempt to locate, um, you could just leave it as pending. Um, and either sector four or Adam Shift. Um, can just see if, um, she's there.

10:33 PM / 02:23:14  
11. 11? Yes. What time did this call come out?

The  
10:33 PM / 02:23:20  
Time? 2020.

10:33 PM / 02:23:23  
Charles? Yes ma'am. Can I order a tow truck to my location? 2,500 block West Penasco.

Go ahead

10:33 PM / 02:23:29  
With your vehicle.

10:33 PM / 02:23:30  
It's gonna be a Maryland tag of [REDACTED]. It's gonna be a Austin, uh, Ford Austin. Silver Col.

10:33 PM / 02:23:39  
It said say [REDACTED].

10:34 PM / 02:23:43  
Ten four. All. Where was that? Ten four.

10:34 PM / 02:23:46  
Are you damage to the vehicle?

10:34 PM / 02:23:47  
Lemme have an x-ray note for, uh, 12 vehicles.

10:34 PM / 02:23:51  
Charlie 34 1. I'm getting a 10 31 discharge in a firearm. [REDACTED] Herndon Court people shooting and fighting at the location at Miss Carer.

10:35 PM /  
13. It's foxo. Hey, a 10 31 discharged in a fight. Um, [REDACTED] Herrington Court. People fighting the shooting at the location.

10:35 PM / 02:24:09  
Ten four right here. Any other units?

10:35 PM / 02:24:11  
Can I have any other units on the back of

10:35 PM / 02:24:13  
1330 and 10? We're coming. Fox is overhead. Do not go into the crowd by yourself.

10:35 PM / 02:24:19  
32. I'll make my way over there.

10:35 PM / 02:24:22

Fox

10:35 PM / 02:24:23  
Shower. Ten three. And yes, there are fireworks being discharged in the area.

10:35 PM / 02:24:28  
Okay,

10:35 PM / 02:24:28  
Ma'am, 21 number 2 8 9 0 2 8 9 can 4, 3, 8, 4 and some

10:35 PM / 02:24:34  
21 49,

10:36 PM /  
34, 34.

10:36 PM / 02:24:39  
Just advising. I'm at the station now. My ending email is 32 9 1 0.5.

10:37 PM / 02:24:46  
Fox

10:37 PM / 02:24:46  
Drive to 10

10:37 PM / 02:24:48  
10. Stand by. Hey, sorry.

10:37 PM / 02:24:50  
You have approximately 700 people at this location.

10:37 PM / 02:24:55  
Ten four. Thanks. Hey, we got a call for discharging that area. Anything look suspicious?

10:37 PM / 02:25:01  
Not negative. We have a lot of fireworks being discharged. They're actually still going off right now, but as far as the group on inside of the Brooklyn Homes, everything appears to be normal right now. They're just walking around, hanging out.

10:38 PM / 02:25:18  
All right. 10 43 3 in reference to, uh, 2 0 1 Warren Avenue. Can I go ahead and uh, get an x-ray note for, uh, service of a peace order?

10:39 PM / 02:25:28  
43. What's the

10:39 PM / 02:25:29  
42 0 1 Warren Avenue, apartment one oh one?

10:39 PM / 02:25:34  
Did you call us out? Was the on view?

10:39 PM / 02:25:38  
It was in reference to, uh, 40 ones, uh, ep, but uh, I can just make it along view.

10:39 PM / 02:25:42  
So as in reference to nine 12 South hva,

10:39 PM / 02:25:46  
The, uh, the location I served it, you can just give me a new x-ray for it. But the, uh, location I served, it was, uh, 2 0 1 Warren Avenue.

Nine

10:39 PM / 02:25:53  
Four. Stand on one second. You said Warren Avenue?

10:40 PM / 02:25:57  
Ten four. Uh, 2 0 1 Warren Avenue.

10:40 PM / 02:25:59  
All right, make it number 0 2 9 0 Canada 4 5 49. And OX 22.

10:40 PM / 02:26:05  
Forty two forty nine. Just one call for the discharging or whatever.

10:40 PM / 02:26:10  
29

10:40 PM / 02:26:11  
For [REDACTED]. I believe it was Clintwood. It's just the one call for the discharging. All right, we're two three on Herdon now. We're not seeing anything as of yet.

10:40 PM / 02:26:18  
40 citywide

10:41 PM /  
Shotspotter alert. [REDACTED] North Register Street, Eastern 43. Did you have a code for the vehicle that serve on stock Home and Warren Street?

10:41 PM / 02:26:29

Four. You got it Frank? No, we just cleared the uh, truck  
10:41 PM / 02:26:32  
Citywide. Shotspotter alert. [REDACTED] North Register Street. One round  
10:41 PM / 02:26:37  
Fox Drive to 10. I just sent you some pictures sir. And they're still later off fireworks. So we're gonna break off briefly for the Eastern. Alright. 10. Appreciate it. Yeah, we're down here running around there. Shooting off everywhere. Looks like it's gonna be fireworks.  
10:45 PM / 02:26:53  
43. I'm getting hold of 21. Eastport at Compass Baltimore. Can unit on the back. 9 21 Eastport for hold of 32. You can pull me on the back.  
10:46 PM / 02:27:09  
Allall Street, sir.  
10:46 PM / 02:27:10  
32?  
10:47 PM / 02:27:11  
Yes ma'am. What  
10:47 PM / 02:27:12  
Was the code for the, uh, side?  
10:47 PM / 02:27:14  
I advised the other dispatcher that uh, have it either, uh, effect for or the Adam shift to head out there. It's just an attempt to locate. Um, I, there was an incident in, uh, Aron County, um, and they just need to see if she's at the location.  
10:49 PM / 02:27:33  
Oh nine later with, uh, 10 or 2030 go or 30. Yeah. Um, I'm ready to call, man. How, how you feel down there?  
10:50 PM /  
Uh, the people. We're almost back to the district now. Yep. Alright. Ten four. Uh, trailer shift. Let's make this quick. Let's do, uh, 10 18. Just make sure everyone has a yard backup.  
10:50 PM / 02:27:59  
Charles. Nine units until 18. Time is 22. 50. Have a good night  
10:51 PM / 02:28:08  
City. All units with hospitals on your post respondent check saying for any walk in shooting victims in Ference to the shotspotter of [REDACTED] North Register. Anyone finding anything? Switch over to the eastern and lateral results. 22. 52.  
10:53 PM /  
32. I'm coming up. 10 23.  
10:53 PM / 02:28:24  
All right.  
10:53 PM / 02:28:25  
Ten four forty three. I'm also, uh, 10. Do you know what the, uh, business name is?  
10:53 PM / 02:28:29  
10 47. I'm not here.  
10:54 PM / 02:28:31  
32 to 43. I'm around back by the, uh, gym. Ten four.  
10:57 PM /  
Probably 34.  
10:57 PM / 02:28:38  
34  
10:57 PM / 02:28:39  
Charlie 34. I'm going be a late unit and I'm gonna be beginning a transport from Southern District to c Bs. My mileage is 32 91 0.5. I got a number one female on board. She seatbelted in and I'm six one.  
10:58 PM / 02:28:52  
All right. Time is 2258.  
10:58 PM / 02:28:55  
Thank you.  
10:59 PM / 02:28:56  
That thought. You're welcome. 20 Charles,  
11:00 PM /  
go ahead. You can lock me off on the 10 18.  
11:01 PM /

Charles. Charles, Charles 30 30. You guys still sitting there up there? Uh, but uh, what's the code heard on court?  
11:01 PM / 02:29:13  
Adam?  
11:01 PM / 02:29:15  
13.  
11:01 PM / 02:29:16  
13. Go ahead sir. I  
11:01 PM / 02:29:18  
The district. 10 18th  
11:01 PM / 02:29:20  
You log me please. All right. 10. Thank you.

11:02 PM /  
98 24 in apartment. 98 24. Go ahead.  
11:02 PM / 02:29:30  
Yes. If you could have  
11:02 PM / 02:29:31  
A post car response to the 1100 block of Light Street, just flag down by saying that a MTA bus hit his, uh, vehicle and knocked the mirror off.  
11:02 PM / 02:29:42  
That would be mta,  
11:03 PM / 02:29:42  
Police. Mta. I call MTA police, sir. Ninety eight twenty four. You copy. Uh, I didn't copy. I apologize. You gotta called MTA police for that, sir. Alright. Central.  
11:04 PM / 02:29:57  
Yes. First condition. Check on.  
11:04 PM / 02:29:59  
All right, <inaudible>, time is 23 4. Thanks.

with that.  
12:29 AM / 02:46:30  
Sorry. 10, 9, 11.  
12:29 AM / 02:46:33  
Yeah in reference they don't have any  
information in reference to the vehicle. They  
said she literally just got it back. Uh, so she's  
still looking for information to give me the  
report.  
12:29 AM / 02:46:42  
Okay. That's the 36 20.  
12:29 AM / 02:46:45  
Uh, that's the address further up.  
12:30 AM / 02:46:48  
Okay. Is this in reference? Is this the same  
thing?  
12:30 AM / 02:46:51  
Nope. One of them's a stolen auto. This 1 1  
36 24 is a 10 stolen auto. The vehicle's here,  
it's still parked. Okay.  
12:30 AM / 02:46:58  
Gotcha. Sir.  
12:30 AM / 02:47:00  
21 myself and 23. 10 23 6 1 so far we don't  
see any, uh, signs of the vehicle. And you said  
you ran the car and came back not stolen.  
12:30 AM / 02:47:09

Dispatch. Send to dispatch. Anybody that's coming up to the scene, have them meet me here at eighth and sixth. Eighth and sixth we're gonna open up this spot, come through here so I can identify who they are and where they need to go.  
01:11 AM / 03:09:57  
I gonna need you to 8 56.  
01:11 AM / 03:10:00  
I have a somebody coming. [REDACTED]. Brandon. Alright. I know this may be an issue, but can you raise the units that have shop number 92 67  
01:11 AM / 03:10:16  
Unity <inaudible>.  
01:11 AM / 03:10:17  
91 57. I need to get those moved. I know it's gonna be an issue, but I gotta get 'em moved out so I can get these, these, uh, ambos and everybody out here.  
01:11 AM / 03:10:26  
I need a couple more units over here on this. Wrecking the court. I got all these people walking through this crime scene. I don't have any cops here.  
01:12 AM / 03:10:33  
4 0 4. I got another gunshot wound victim. [REDACTED] Clintwood Court. Unconscious. Unresponsive.  
01:12 AM / 03:10:40  
Four. Sir,  
01:12 AM / 03:10:41  
Can we get on account of your mutual aid? Please State  
01:12 AM / 03:10:45  
I make that decision. We're not calling in mutual aid right now.  
01:12 AM / 03:10:49  
23.  
01:12 AM / 03:10:50  
23. Go ahead.  
01:12 AM / 03:10:52  
Somebody available on Greenwood. We need to move these people. They're in the crime scene.  
01:12 AM / 03:10:58  
All right. We need vehicles. Shop numbers. 92, 67 and 91 57 moved from the location need 92, 67. 91 57 moved. So we get the ma uh, medics moved. And unit eight. I need a supervisor over here on GRE court.  
01:13 AM / 03:11:13  
Adam, I'm en route. Adam. 11. Adam 11. Another requested for this medic. I got. It's a possible she's not taking her medication. And uh, I guess the shot from thing. She's over here. This much thing to hit on the wall. I just need somebody back here. Ten four sir. Communication supervisor,  
01:13 AM / 03:11:30  
Dispatcher. Go ahead.  
01:13 AM / 03:11:31  
Just to let you know, you got a call from a county. They just had two victims walk into Baltimore, Washington Medical Center.  
01:13 AM / 03:11:41  
Four. Adam, you got copy  
01:13 AM / 03:11:44  
Adam, right?  
01:13 AM / 03:11:45  
Sir, you copy two vehicles, Adam, uh, number on  
01:13 AM / 03:11:50  
33 on Pack Street. I need oh nine on scene.  
01:14 AM /  
Adam nine. I'm going channel 10. Four. Is he, uh, command truck on the air. 30 10. Ten four.

Steve, take that truck all the way up. 10th Street and hook that right behind the homes. You're gonna come down to like eighth and sixth there. You're gonna end up, uh, seeing a bunch of fire trucks. They're gonna get out the way and then you're gonna come a little closer. But that's the way I need you to route in. Nine. Adam. Oh nine. I'm on. See ten four. Make a right on 10th Street. Take y'all went down to the end. Make a left, right? Yep. That's exactly correct. Uh, captain Stewart, unit 24 is gonna be there. He's gonna be the command post. Oh, commander.

01:15 AM /  
I'm, I'm here.

01:15 AM / 03:12:46  
Can you just copy getting another shooting at [REDACTED] Clintwood Court. [REDACTED]

01:15 AM / 03:12:50  
Clintwood. 4 0 4. What are the details on that? No details. It just says it's a shooting. Police only are there no medics. Um,

01:16 AM /  
yeah, that's where I just came from. That guy is a medical problem. His family's taking him to the hospital. They said Okay. Five Adam.

25. 25. Uh, where do you need me, Adam? 25 Come two, six and eighth Street. Six and eight. That's why I want to check. Have you check in and then we'll tell you where we need you.

01:17 AM /  
Charlie 21. The units on 8 0 5 <inaudible> fourth. I'm trying to get the medic to you now. 11 is any units on ninth Street and Gretna.

01:17 AM / 03:13:28  
Just stop. You have me on ninth and gre. Is anybody on Cleave, Rena or TRE Court? Can y'all tape all that off please? Got cars trying to come through the alley. Trying to get past

01:18 AM /  
ten nine. The block of Cleave ninth Street and TRE Court as the alley. They have vehicles trying to come through the rear of Gantt tree. Trying to come through the crime scene. Just outta the location again. It'll be ninth Street in Gretna. There's a alley. Just can they just block off the whole ninth Street? Take it all the way up here. There. Uh, I think it's Jack. I believe we stole unit 24. We have two more bodies. Where do you need them? All right, send them up here to 800 Gretna. What we're gonna start doing is trying to expand the, uh, the, the, the, uh, internal perimeter of the crime scene here where the, uh, ten seven victim is.

01:19 AM / 03:14:22  
Ten four. Sir, we're sending 'em up now. Okay. You have 41 at dispatch. 41. Go ahead. All right. Well, we, we obviously have this big incident. We have a lot of units tied up on this incident. Uh, we are gonna start setting aside some individuals to run patrol operations. Uh, we've identified a supervisor, I think it's seven Adam oh nine is gonna be coming over and running patrol operations for the Southern. Where do we stand on the calls right now for regular patrol operations?

01:20 AM /  
It estimated it is like, there's almost about 13 calls in regards to patrol unit forty one, ten four on that. But I'm also assuming that we don't have anybody really available to handle those calls at this point. Is that correct? Yeah, that's correct, sir. Okay. Unit 41 to unit 24. Unit 24. Go, sir. All right. The, the last two that you're sending up, we should be good with them up here on Gretna at that point. Anybody else coming to the command post to check in is gonna do regular patrol operations in the southern district. Ten four. Ten four Sir? Adam? 34. Adam 34. Sergeant named South Accident you

01:21 AM /

34. I haven't seen no three on South.

01:21 AM / 03:15:44  
Not at all. Nine. Adam. 42. Kga

01:21 AM / 03:15:50  
Two. Go ahead, sir.

01:21 AM / 03:15:51  
42. I know we're all over the place right now, but whatever available. Like you got a supervisor to Harbor 4 0 4. I'm on the way to Harbor right now. Adam. 42. Four. Adam, oh nine.

01:22 AM /  
Adam on that, sir, you should have my Adam 43 and Adam 41 en route to you. Yeah. 43. I'm over here now. Adam. Oh nine,

01:22 AM / 03:16:15  
Sir, I don't know if I advised you, but they have two walk-ins at, uh, Washington, Baltimore, Washington Medical.

01:22 AM / 03:16:22  
Adam. Oh nine. I copy that.

01:23 AM /  
Seven Adam. Two. One. Suffolk. District

01:23 AM / 03:16:27  
Seven. Adam two. My good sir.

01:23 AM / 03:16:29  
Yes sir. I'm gonna say, um, from the Western to the Southern. Where am I headed? One moment, sir. Seven Adam. Oh nine on Southern

01:23 AM / 03:16:39  
Seven Admir oh nine. Good sir.

01:23 AM / 03:16:41  
Yes sir. Uh, I'll be with you for, uh, a period of time helping you out also, uh, taking over the district, um, for your calls. Uh, I think I'm gonna run into, uh, that Eagle, Eagle Street call on the way over. Uh, you can put 1841 Eagle on my box.

01:24 AM / 03:16:59  
All right. Two, four and two, one. That could be your first one, sir. I need to take back with, uh, Adam.

01:24 AM / 03:17:04  
Okay. Four. It's going be Eagle Street.

01:24 AM / 03:17:07  
10, 4, 9.

01:24 AM / 03:17:08  
Adam, 21

01:24 AM / 03:17:09  
Said nine. Adam 21. 9 21.

01:24 AM / 03:17:14  
Sir, I got medics on scene. Uh, I'll be riding in new medics with the, uh, victim.

01:24 AM / 03:17:19  
Ten four. You know what medic you? Well what hospital you going to?

01:24 AM / 03:17:22  
Uh, like check Can grab one of those for me, man.

01:25 AM / 03:17:26  
And I'm sorry we never did this. Can we, 32. The, uh, signal 13

01:25 AM / 03:17:30  
Can't go into 32. Adam. 34.

01:25 AM / 03:17:35  
10 32. 10 32. Signal 13 in the Southern district for 800 grand court for the shooting time is 1 25.

01:25 AM / 03:17:42  
Adam 34.

01:25 AM / 03:17:43  
Adam 34. Go ahead.

01:26 AM / 03:17:44  
Can I'm sorry for good. Can I get a medic on hundred?

01:26 AM / 03:17:49  
What's the, what's the injury sir? What's the injuries?

01:26 AM / 03:17:54  
No injuries in the back of the car. Okay. Okay, sir.

01:26 AM / 03:17:58  
Are you okay?

01:26 AM / 03:18:00  
Nobody's not hurt. I didn't need one out here. No, I know. Alright, unit 41. Unit 24,

01:27 AM /  
sir. Unit 41. Unit 24. Unit 24. Sorry dude. All right. When the command truck gets there, fire department is gonna be setting up there. Uh, CP two. We're gonna run a unified command. Uh, the command truck, fire truck. Anyways, it's gonna be right where you're at. Just make sure you link up with your partners from the fire department there. Copy that. Seven 14, unilateral.

01:28 AM / 03:18:35  
Seven 14.

01:28 AM / 03:18:37  
14 nine. Adam 10. I am blocking ninth, I mean 10th and sixth. That's corrected. One item 21.

01:28 AM / 03:18:44  
Item 21. Good sir?

01:28 AM / 03:18:45  
Yes sir. May I with you? Oh nine please.

01:29 AM /  
One Adam. 2209. Seven. Adam. Oh nine. Go ahead, sir. Yes, sir. I'm enrolled to your district. Is there a specific location that you need me, sir? No, sir. You'll actually be helping us out with calls for service. Uh, I believe they have the scene secured at the moment. Uh, ten four ten. The dispatcher.

01:29 AM / 03:19:09  
Go ahead.

01:29 AM / 03:19:10  
I know this is gonna be kind of tough, but I need three vehicles moved so that we can, uh, get some units down this street right here on um, sixth Street. It's gonna be 92 0 5, 92, 47, 88 64.

01:29 AM / 03:19:23  
I really need vehicles moved. It's gonna be 92 0 5, 88, 64 and 92 47.

01:30 AM / 03:19:30  
Yeah, just have him come through. I can't get the command truck through here with this car, sir. 2137.

01:30 AM / 03:19:39  
1 37. Go ahead.

01:30 AM / 03:19:41  
I'm about to come. Two three. I know the main area is going to be 800 lane. 800, correct. Where is the command post and the primary for this incidents

01:30 AM / 03:19:49  
Be eighth and sixth Street, sir.

01:30 AM / 03:19:52  
Unit 24. 24. Right now. Command post is gonna be eighth and sixth Street. Ten four. And is the primary for this incident. Is he at that location also? Ten four? I believe so.

Adam,  
01:30 AM / 03:20:08  
2, 1, 2, 1. Go ahead.

01:31 AM / 03:20:10  
Yes, sir. I'm heading to, uh, Chuck Trauma with my victim.

01:31 AM / 03:20:13  
Four. Sir, you're following medic or you taking them?

01:31 AM / 03:20:19  
Seven. Adam. Oh nine.

01:31 AM / 03:20:20  
Seven. Adam. Oh nine.

01:31 AM / 03:20:22  
Yeah. Gimme a little help. 100 block of, uh, Monroe. Well, I find Eagle 600 South. 600 South. Thank you.

01:31 AM / 03:20:33  
Four. Thank you, sir. And one Adam. 21. One Adam. 21

01:31 AM / 03:20:36  
Adam 21 from the central

01:32 AM / 03:20:38

Sir. Uh, help out a little bit. It's gonna be 2120 Annapolis Road for the juvenile disturbance. Uh, kids will causing property damage.  
01:32 AM / 03:20:46  
Adam, 21. I'm holding off, uh, part to the crime scene at, uh, the 800 block of seven. Adam, 21. 10 23, 7 0 9. 10 23. 10 61,  
01:33 AM /  
2 Adam, 21, 7 21. Just the vehicle. Call. Call,  
01:33 AM / 03:21:05  
Sir. Yes, sir. Definitely could do that. Let me, um, put you over here.  
01:33 AM / 03:21:10  
One item. 20.  
01:33 AM / 03:21:11  
Adam 20. Good.  
01:33 AM / 03:21:12  
Yes, sir. I'm in your district. Where is that?  
Um, juvenile disturbance,  
01:33 AM / 03:21:16  
Sir. That's going to be 2120 Annapolis Road.  
01:33 AM / 03:21:19  
Uh, show me road.  
01:33 AM / 03:21:20  
It's ten four 1:00 AM 20. Let me control you. Hold on.  
01:34 AM / 03:21:25  
Dispatch you holding here. You go ahead, sir. Uh, unit 41 at Unit 4 0 4. Unit 41 to the command post at Harbor Hospital Unit 4 0 4. 4 0 4. Go ahead. All right. It's confirmed. I'm sending you a Northeast officer and a Southwest officer, so she be up there in about 10 minutes. They're coming to you. All right. Good copy. And the nursing coordinator just updated me. She said 30, 30. Jesus. Adam 14.  
01:35 AM /  
Adam 14 advised. Um, right now I'm the only one at C R U, uh, the number one male in his thirties that came. He sent seven out, um, two females. The 14 year old is, uh, non life threatening at this time. His 10 year old is non threatening male.  
01:35 AM / 03:22:16  
Did you just say another victim? One ten seven? Yes, sir. At, uh, a Shock Trauma. T R U I. I don't even know his name. They didn't have an id. I'm, uh, I'm with the people that are unconscious right now. Do they remember where he was scooped up from? Like what address? No, they sent, um, get from that is Medic two, the one that took him. So wherever they came from there, copy that. Unit 41 is seven Adam oh nine on air.  
01:36 AM /  
7 0 9 on air. Hey, look, esky, I broke away two units. Uh, one's an Eastern District unit and there's another unit. They're gonna start, uh, helping you with some patrol operations. Ten four. We're gonna try to get you some more. Uh, the Northwest Captain 6 0 1 Kovic is trying to, uh, scramble some more patrol based, uh, units for you. Ten four, sir. I'll, I'll try to help, uh, get their, uh, volume down to a manageable thing. Four Adam oh nine. My four Adam 12 is in route from the Northeast district as well. So oh nine, copy. 7 0 9 to, uh, kga. Yes, sir. 9, 9 11. Yes, sir. I know you're, uh, a little overwhelmed to be, you know, honest. If you can start trying to do some of these, uh, calls to the, uh, either the shooting or, uh, the nine one ones and the, uh, various calls for shootings so I can, uh, see what actually I need to get to on the board.  
01:37 AM /  
All right. Simple. I got it. 910 23, 800 GRE court two. Adam, 2121. Put a Fair Haven in my bus in the road.  
01:37 AM / 03:24:00  
All right. Stand for me one second. Let me handle these pen. One sec.  
01:38 AM /

Adam 1414 advising. Um, another, uh, lady is in here. Um, I have her information if you're ready. She's got one time in the back. Uh, uh, probably paralyzed. All right.  
01:38 AM / 03:24:20  
Stand up for one second. Let do please call. I can see my Boy. One second.  
01:38 AM / 03:24:22  
Seven. Adam. Oh nine. I an Adam. Oh nine. Yes ma'am. Seven. Adam. Oh nine and seven. Adam 21. Believe responding down to that call for, uh, M L K and, uh, 3 95.

04:51 AM / 04:17:54  
4 31.  
04:51 AM / 04:17:56  
Sir, it looks like you're probably going come past this. Well I guess you check it out but it's [REDACTED] South Hanover. It was a sign on fire. Got fire department there on scene. They saying they're not saying anything.  
04:51 AM / 04:18:09  
Alright, we'll be advised I'm still downtown getting fuel.  
04:51 AM / 04:18:14  
All your travels back. I guess if you check it out, see if it's there. If it's not or you can give a call.  
04:51 AM / 04:18:19  
Ten five, twelve

04:52 AM / 04:18:24  
Thing. Can you tell me what time I arrived on scene  
04:53 AM /  
11? Eye can sir, that's negative. You said that's a negative. Alright, I was just looking at my camera. Thank you.  
04:53 AM / 04:18:36  
Three  
04:53 AM / 04:18:38  
In  
04:53 AM / 04:18:39  
Reference to the, um, incident down in Brooklyn Homes. Can I get a number? 3 22.  
04:54 AM / 04:18:43  
That's what its three. Two. Two. Thanks you.  
04:59 AM / 04:18:49  
31. I'm clear. I'm heading to [REDACTED] South Anova.  
04:59 AM / 04:18:53  
What are you heading to?  
04:59 AM / 04:18:55  
I'm a pump. So heading to my car at [REDACTED] South South Anova Street. That's,  
05:00 AM /  
I believe I got a call on my box for fire or something.  
05:00 AM / 04:19:06  
Ten four thirty seven five. Fire Police.  
05:08 AM /  
Nine Charlie 34. 9 34. Not sure if I advised, but I'll be logged off for the remainder. You have a good name. Have a good name.  
05:09 AM /  
Thank you. Adam. 34.  
05:10 AM / 04:19:21  
Seven. District. You ready? Seven.  
05:12 AM /  
Adam. Oh, okay. Seven Adam, 21.  
05:12 AM / 04:19:25

05:12 AM / 04:19:27  
Yes sir. I got check. Well being at 200 Harmon Court. Uh, Harmon Street. Um, it was an open line. 9 1 1. Operator. I heard the call said someone tries to take advantage of him and rape him. No. Call back number. It's gonna be in the office. 200 Harmon Harmon Court Street Limit  
05:12 AM / 04:19:48  
Four.  
05:12 AM / 04:19:48  
All right. I'm reading the location sir. This is a cell tower location.  
05:18 AM / 04:19:54  
49 31. I'm 61. That was, that was uh, 37. That was [REDACTED]. Correct  
05:18 AM / 04:20:04  
Sir.  
05:18 AM / 04:20:05  
And you said there was a fire over there?  
05:18 AM / 04:20:07  
Yeah, 10 40. You reported a sign that was on fire. Like I said, the fire department came in clear cause they didn't see  
05:18 AM / 04:20:16  
Yeah, ten four. I'm not seeing anything here.  
05:27 AM / 04:20:24  
Yes sir. I'm gonna log off and go home. Alright sir.  
05:27 AM / 04:20:29  
4 0 4.  
05:30 AM / 04:20:30  
Four four. Go ahead sir.  
05:30 AM / 04:20:32  
I don't know if anybody rerouted the buses. I know we're way into this now, but I see a bus sitting up on sixth Street, so there's no bus traffic down sixth Street. Uh, from sixth and 10th all the way down to, uh, sixth and fifth. So I don't know if they know  
05:30 AM / 04:20:50  
<inaudible>. I'll give 'em a call sir.  
05:30 AM / 04:20:52

Hey, okay. I think they were setting up stanchions over there or something like that, um, to block it off, but I'm not sure if they were made aware of it yet. Okay.

05:31 AM / 04:20:59  
Yeah, I see the stanchions, but I also see a bus sitting on the other side of it with his hazards on. He's

05:31 AM / 04:21:05  
Trying to figure out what to do. I'm sure.

05:31 AM / 04:21:07  
And full oh four. Yes sir. I just made him aware.

05:31 AM / 04:21:09  
Appreciate it sir. Thanks.

05:33 AM / 04:21:12

# AFTER ACTION REPORT

Brooklyn Homes Incident | Internal Evaluation of Response & Action

Submission Date: August 17, 2023

# INTRODUCTION

The Scott Administration requested all departments and agencies that have been involved with the July 2, 2023, Brooklyn Homes mass shooting to provide an assessment of actions and responses since the incident occurred. To meet the completion deadline for this review, the Housing Authority of Baltimore City (HABC) conducted an internal evaluation of its actions and responses. The authority analyzed all activities, including but not limited to internal and external communications, on-site inspections, meetings with officials, resident affairs, community services, etc. from the time it was notified of the incident over the following 10-day period.

The findings and recommendations are considered preliminary as the incident is still part of an active investigation with other city departments. While this after-action report provides an overview of activities to assist the city with its initial review, HABC will conduct a more comprehensive review by an independent entity to fully evaluate the emergency response and preparedness.

# BACKGROUND

## I. HABC – Agency & Structure

The Housing Authority of Baltimore City (HABC) is the nation's fifth largest public housing authority, serving over 20,000 low-income households (over 43,000 individuals) through its Public Housing and Housing Choice Voucher programs. HABC currently owns and operates nine conventional public housing developments as well as scattered sites throughout the city consisting of approximately 6,500 public housing units.

The Housing Choice Voucher Program (HCVP) provides housing subsidy to over 18,800 households who rent homes in the private market. HABC is federally regulated and funded through HUD, and the agency is governed by a Board of Commissioners appointed by the Mayor of Baltimore City. HABC works and communicates with its residents through the Resident Advisory Board and Tenant Council, including coordinating support services and community events for residents.

## II. HABC's Resident Advisory Board and Tenant Council

The Resident Advisory Board (RAB) is an independent entity that was established in September 1968 with the goals of fostering open communication between public housing residents and HABC management, advocating on behalf of residents to address issues and concerns and encouraging tenant involvement in their communities. It serves as the umbrella organization over all the Tenant Councils at HABC's public housing developments throughout the city. RAB members and Tenant Council representatives are elected by HABC residents and sworn in by a judge.

HABC follows HUD regulations to facilitate the structure, funding and efficient operations of both the RAB and individual tenant councils. HABC's Constituent Services Manager (CSM) is a ready support and resource to promote and affect the operational and business functions of these entities in conjunction with those of HABC and its residents. The CSM works closely with the RAB and Tenant Councils to ensure there are efficient communications, adherence to policies and by-laws as well as promotion of activities and support on behalf of the RAB and Tenant Councils with agency leadership and divisions.

### III. Description of Brooklyn Homes & Mass Shooting Incident on July 2

Brooklyn Homes is a public housing development located in South Baltimore that consists of 481 units and currently serves 472 households with a total of approximately 1,161 residents. On Sunday, July 2, 2023, at approximately 12:35 a.m., the Baltimore City Police Department (BPD) arrived on the scene at the 800 block of Gretna Court, which is located within the Brooklyn Homes development, in response to reports of gunshots fired during a community block party. This was an unsanctioned event that was held without notice to or authorization from HABC.

HABC's leadership was notified of the incident at approximately 3:00 a.m., and HABC staff arrived at the site early Sunday morning. The Office of Resident Services (ORS) was onsite to provide wellness checks and other support services to residents and maintenance staff.

Emergency responders reported that 30 people were shot, two fatally, an 18-year-old female who was found dead at the scene and a 20-year-old male who died at an area hospital. The 20-year-old male victim who was fatally shot was a resident of Brooklyn Homes. Three of the surviving gunshot victims are residents of Brooklyn Homes, two others were HABC public housing residents, one residing in Cherry Hill Homes and one residing in Westport homes, and three were HCVP participants.

#### IV. Brooklyn Day

Brooklyn Day has historically been a community clean up event, organized by residents, after which activities for kids and food were provided by the Tenant Council Association. There is no set date on which the event is held, but it has previously taken place during the months of June, July or August. In the past, HABC was notified in advance of the scheduled event and was able to coordinate with the Baltimore City Police Department and other appropriate city departments to provide any needed security resources for the day. However, since COVID-19, the event has not been organized by the residents in the same manner and properly communicated to HABC. The Authority did not receive any prior notification regarding the Brooklyn Day event that took place this year.

The activities that took place at this year's Brooklyn Day are prohibited by HABC. This includes activities like, alcohol use and electricity hookups without written authorization. Permission must be granted to host events after 4 p.m. If HABC grants permission, the organizers must provide their own security after 4 p.m., as well as the required proof of insurance for any third party event.

# NOTIFICATION PROCESS, TIMELINE & RESPONSE

## I. HABC's Emergency Call & Notification Systems

HABC provides a 24-hour emergency telephone system through a private company that residents can use to report urgent matters if HABC offices are closed. Each public housing development is assigned its own (800) number, and calls are connected to a live person. When the after-hours service is contacted, HABC has an assigned on-call employee for that property to respond. If the matter requires more than one person to address, the on-call employee will contact the site's supervisor for assistance. If the call

is regarding a critical event that threatens the life, health or safety of residents, the call is escalated to HABC's Vice President of Property Management. Once escalated to this level, a notification is sent through the Alert Media System software system to HABC's entire senior leadership and management staff via text message and email. The alert stays open, and updates can be provided, until it is closed out by staff once the matter is resolved.

We communicate extensively with our residents to make sure they are aware of the after hours emergency phone numbers. Residents are encouraged to utilize these numbers after hours to report concerns for management's attention. However, in light of the events, HABC will explore additional opportunities to promote the use of these numbers.

Records from July 1 and 2, 2023 reflect that no calls regarding the Brooklyn Day event, concerns about crowds and weapons on the property or the mass shooting at Brooklyn Homes were made to HABC's after-hours emergency hotline. After HABC was contacted about the shooting by the Baltimore City Police Department, an Alert Media message was generated and sent to staff on July 2, 2023, at 4:24 a.m., which allowed the entire agency to be on alert for action and to mobilize.

## II. Timeline

Below is a timeline of events/actions taken beginning with when HABC first received notification about the mass shooting at Brooklyn Homes from the Baltimore City Police Department.

- ORS and Operations provided support and assistance to residents, MONSE and other agencies on site as needed from 8:00 a.m. to 8:00 p.m.

## II. HABC Response

As summarized in the timeline above, HABC staff from all levels were immediately onsite providing support and assistance. This included Executive Leadership, Office of Resident Services (ORS), Communications, Maintenance and Site Management and HABC's Board of Commissioners. Operations staff from other public housing sites were also deployed to Brooklyn Homes to help respond to resident inquiries and concerns. The Brooklyn Homes Community Center was used to provide space for City agencies and other services providers, and HABC staff stayed late each night to prepare the space for the next day. Additionally, the Communications team has been providing ongoing responses to internal and external audiences. Further details regarding HABC's response are provided below.

### *Office of Resident Services*

Staff from HABC's Office of Resident Services (ORS) were onsite at Brooklyn Homes on the morning of July 2. Upon arrival, the ORS team gathered in the Brooklyn Homes community center and prepared to deploy their trauma response protocol which includes engaging those directly impacted by traumatic events within 48 hours.

The Senior Vice President (SVP) and seven additional ORS staff members were the first to provide trauma response services to the residents. Eight buildings were identified to have been directly impacted due to their proximity to the event. The initial engagement included providing wellness checks and trauma support referrals to the Baltimore Crisis Response Center and Baltimore Behavioral Health. Staff visited each household in the impacted area while following the guidance from BPD officers, the K9 unit and crime scene officials.

Each resident that ORS staff engaged with was provided with referral information for HABC's trauma and mental health practitioner partners. The ORS team provided immediate, real-time emotional support for any resident who indicated a need. Referral information was left in the doors of households that did not respond to these visits. When the ORS team returned to the Brooklyn Community Center after conducting home visits, the Mayor, City Council President, other staff from various Baltimore City agencies, as well as other responders had begun to arrive.

The ORS SVP briefed city officials on ORS' response and engagement using the property site map to identify the area that was canvassed and information from households that were requesting mental health first aid.

Representatives from the Mayor's Office and other City agencies maintained a physical presence at the Brooklyn Community Center for nine days following the incident. After day nine, the ORS team continued the implementation of HABC's trauma response plan, performing follow up visits to the households residing in the initial eight buildings, staying in contact with Brooklyn Homes' two Tenant Council leaders, and providing additional resources.

## Communications

HABC's Office of Communications took immediate action to establish its presence onsite at Brooklyn Homes, provide updates and information to residents, staff and others and coordinate responses to media and other inquiries. Ongoing outreach efforts to residents, staff, community stakeholders and media included:

- Media: provided media with updates that were available and could be provided per the active investigation by the BPD;
- Residents: provided Brooklyn Homes households with updates about support services and messages from HABC's leadership;
- Social Media: utilized HABC's digital channels to provide updates regarding community support services and community strength, e.g. A Unified Community is a Prosperous One. Additionally, social platforms were used to make requests for witnesses to contact the BPD with any information;
- Community Outreach: created a kiosk and billboard campaign to promote public safety awareness

# AFTER ACTION ANALYSIS: MEASURES TAKEN AND ONGOING FOCUS AREAS

## I. Analysis of HABC's Initial Response

HABC's Executive team performed a preliminary review of the agency's response to the mass shooting incident at Brooklyn Homes. Upon notification of the mass shooting, HABC followed its routine emergency response and coordinated with city agencies and service providers. While the emergency response was effective, HABC believes that a more efficient coordination process among all agencies involved could have been realized by establishing a Joint Information Center. This would have allowed for a more consistent flow of information among all who were present, keeping everyone updated much quicker.

## II. Actions Taken & Focus Areas

### *Security Program*

HABC did not provide security at the Brooklyn Homes community. In the past when HABC was notified by residents about the Brooklyn Day event, the agency would coordinate public safety efforts with the BPD and other appropriate city agencies. HABC does not have its own police force, but in 2022, HABC implemented a "pilot program" to provide contracted security services at four developments: Poe Homes, Douglass Homes, Westport Homes and Latrobe Homes based on the analysis and recommendations from the Security Operations Manager. The original pilot program is scheduled to conclude in December 2023. However, the results of the pilot were that the targeted efforts were both effective and desirable to extend to the remaining family developments. In June of 2023, an RFP was launched to solicit security contractors for this purpose.

A contract was subsequently awarded in July 2023 for security services for all HABC family developments. As it pertains to Brooklyn Homes, the security contract began on Aug. 1, 2023, with two shifts from 12 p.m. to 6 p.m. and 6 p.m. to 2 a.m., seven (7) days a week.

## *Communications*

HABC continues its communication to residents and strive to build stronger relationships through:

- Establishing regular meetings with members of HABC's leadership team and the RAB Executive Board and/or Tenant Council representatives
- Implementing new initiatives to inform residents of HABC policies
- Redesigning of the HABC app to create a more user-friendly interface filled with content that is informative and helpful to residents
- Being proactive in communicating with residents and staff to identify known events and working with organizing to ensure that all requirements are followed

## *Continued Support for Brooklyn Homes Residents*

HABC's ORS team continues to support the residents and community of Brooklyn Homes by coordinating and implementing a vast array of programs and services to enhance the quality of life for residents. Working collaboratively with families in mind, ORS has established six pillars to empower residents to become self-sufficient. These priority pillars include economic mobility; personal empowerment; youth development; senior support; digital inclusion; and health and wellness. ORS utilizes a service connector model with a focus on outcomes that contribute to impact and maintains strong community partnerships with local government, philanthropists, health and wellness practitioners and nonprofit stakeholders.

The onsite service coordination team continues to implement its trauma-informed approach to support the healing of the Brooklyn Homes community. This includes emotional and mental health referrals and weekly wellness checks/home visits.

## *Updated Policies*

In reviewing operational documents to see what needs to be clarified and/or created, HABC realized that the requirement for prior approval for indoor and outdoor events defined in the lease was not included in the [Admissions and Continued Occupancy Policies \(ACOP\)](#), which is a governing HABC document. Pursuant to federal regulations, HABC submitted amendments to the ACOP to the Board of Commissioners (“Board”) for approval. By resolution, the Board approved the amendments to the ACOP at the July 2023 meeting, and the amendments included language that made the approval process for residents to hold indoor and outdoor events consistent with the requirements in the lease.

HABC is updating the guidelines to ensure that prior written approval is obtained from the Chief Operating Officer or designee within the HABC executive office prior to a resident or third-party holding an indoor or outdoor event that is held in the HABC common areas. The guidelines will continue to require that the sponsor has security for the event.

Additionally, the guidelines will address the requirements for the use of utilities for the event and when insurance will be required. HABC is collaborating with the City to establish a process for the City to issue a permit when warranted for an event. Once the common area guidelines are updated, HABC will be discussing these requirements with the Resident Advisory Board, the Tenant Councils and HABC staff.

## *Updates to HABC’s Emergency Response Protocols*

In 2019, HABC worked with the University of Maryland’s Center for Health and Homeland Security to prepare an Emergency Response and Preparedness Plan (EPRP). The plan defines actions to be taken in response to any disaster or emergency, regardless of type or scale. This is a living document that was last updated in 2020. HABC will conduct a review and update of the EPRP and convene staff for emergency preparedness training exercises.

## *Community Resource Center*

Construction plans were already underway to renovate the existing community center. As part of HABC's outreach with residents and other community stakeholders after the July 2 incident, it was determined that the former Daycare Center, which was closed in 2010, will be renovated and reopened to serve as a new multipurpose Community Resource Center. The renovation of the former Daycare Center will include an update to the building envelope and infrastructure. The interior will be completely renovated to maximize space utilization and promote the operation of community programming, meeting space, job readiness, skills training, and educational development. The intent is to make a "state-of-the-art" facility fully adaptable to various requests for usage to address the various resident needs at Brooklyn Homes.

## NEXT STEPS

HABC is already in the process of implementing many of the new policies and initiatives outlined above and will continue to advance other actions as determined throughout the evaluation process. The Authority has also engaged an established third-party evaluator to discuss providing an in-depth analysis of its emergency preparedness plan and ongoing response at Brooklyn Homes since the July 2, 2023, incident. HABC will provide the Administration with any additional reviews and/or assessments involving the Brooklyn Day incident when they are complete.

BROOKLYN HOMES MASS SHOOTING

# AFTER ACTION REPORT

## Incident Background

On July 2, 2023, at approximately 12:30 A.M., 18-year-old Aaliyah Gonzalez and 20-year-old Kylis Fagbemi were killed, and 28 others were injured in a mass shooting incident in proximity to the 800 block of Gretna Court in South Baltimore's Brooklyn Homes community.

Kylis Fagbemi was a forklift operator at Amazon and Kohl's who sought to become a traveling ultrasound technician and had recently signed up for a certification course. He loved video games, music, motorcycles and playing with his dogs. Kylis is survived by a daughter, his parents, sister, niece, aunts and cousins.

Aaliyah Gonzalez received a last-minute invitation to the Brooklyn Day party and attended to support a friend. She loved to draw and had just graduated with honors from Glen Burnie High School. Aaliyah planned to study sports medicine at Anne Arundel Community College in the fall.

The 28 nonfatal shooting victims ranged in age from 13 to 32, including: 15 victims under 18 years old: two 13-year-olds, a 14-year-old, three 15-year-olds, five 16-year-olds, four 17-year-olds, five 18-year-olds, a 19-year-old, a 20-year-old, a 22-year-old, a 23-year-old, a 31-year-old and a 32-year-old.

Brooklyn Homes is a 34-acre Housing Authority of Baltimore City (HABC) property located on 10th Street in the Brooklyn neighborhood of South Baltimore, with approximately 1,161 residents in 481 units. On July 1, 2023, Brooklyn Homes was the site of Brooklyn Day, an annual community party organized by Brooklyn Homes residents during the summer for the past three decades.

Brooklyn Day has historically functioned in part as a reunion for current and former residents of Brooklyn Homes. This year's Brooklyn Day party began as a neighborhood cookout with pony rides and face painting, as in the past. Later in the evening, Brooklyn Day evolved into a dance party that drew significantly more people – primarily teenagers and young adults – than previous Brooklyn Day gatherings, including more individuals from outside the neighborhood. Estimates put the crowd size at a minimum of 800 to 900 people when gunfire erupted at approximately 12:35 A.M. on the morning of July 2.

## Agency Overview – Mayor's Office of Neighborhood Safety and Engagement

Established in December 2020, the Mayor's Office of Neighborhood Safety and Engagement (MONSE) replaced and re-scoped the office previously known as the Mayor's Office of Criminal Justice. The charge of the office is to coordinate citywide efforts to reduce crisis levels of gun violence immediately, while also addressing the long-term underlying factors that drive

violence in Baltimore. MONSE is the lead agency responsible for implementation of the Mayor's Comprehensive Violence Prevention Plan (CVPP), a trauma-informed, community-centered, and evidence-based public health approach to stemming the tide of violence.

MONSE's work focuses on development and coordination of an integrated violence prevention ecosystem in Baltimore. The agency's work is organized by three interconnected direct service lanes:

- **Gun Violence Prevention** including Community Violence Intervention (CVI) programming based in neighborhoods, schools, and hospitals; and the Group Violence Reduction Strategy (GVRS), which connects people at the highest risk for gun violence with intensive life coaching and other wraparound supports while ensuring swift accountability for continued violence.
- **Victim Services** including case management for victims of violence; referrals to service providers; intimate partner violence (IPV) prevention; operation of the Baltimore City Visitation Center; anti-human trafficking; and sexual assault response.
- **Community Engagement and Opportunity** including youth diversion; re-entry support; Neighborhood Policing Plans (NPP); and Coordinated Neighborhood Stabilization Response (CNSR).

The agency's approach recognizes that Baltimore's vicious cycle of violence is a public health epidemic. Mayor Scott's comprehensive violence prevention approach is a nationally recognized and proven strategy to save lives and produce sustainable outcomes for communities experiencing devastating levels of violence.

### *Gun Violence Prevention*

Baltimore's dual, integrated approach to preventing gun violence focuses on Community Violence Intervention (CVI) and the Group Violence Reduction Strategy (GVRS). Both CVI and GVRS are evidence-based solutions grounded in equity, healing, public health, and trauma-informed practices. They contribute to safer neighborhoods immediately, as well as sustainable reductions in violence over time, by building relationships with the people at the center of gun violence.

### Community Violence Intervention and the Ecosystem

Baltimore's CVI landscape is comprised of the City's flagship community violence intervention program Safe Streets Baltimore (SSB); Hospital-Based Violence Interruption Programs (HVIPs); School-Based Violence Intervention (SBVI); and contracts with community-based partners engaged in violence intervention. CVI strategies are rooted in the communities they serve and rely on credible messengers to reach individuals at the highest risk of victimization or retaliation.

## Safe Streets Baltimore

Safe Streets is Baltimore's flagship community violence intervention program. Grounded in the evidence-based Cure Violence model created at the University of Illinois at Chicago School of Public Health, Safe Streets focuses on identifying and mediating conflicts that might otherwise result in gun violence and changing cultural norms around the acceptability of gun violence. Safe Streets has operated as a trusted program in Baltimore since 2007 and relies on credible messengers. There are 10 Safe Streets sites across Baltimore, collectively covering approximately 2.6 square miles of the 90 square mile city.

Baltimore's 10 Safe Streets sites are administered by two community-based organizations: Associated Catholic Charities and LifeBridge Health's Center for Hope. Funding agreements with both organizations are executed as contracts. MONSE CVI staff, which includes a Deputy Director and two Outreach Liaisons, provide oversight and support for Safe Streets sites. MONSE provides regular technical assistance to Safe Streets site staff and leadership with the goal of ensuring that the program operates with high fidelity to the [Cure Violence model](#). The agency's oversight priorities include workforce safety, program accountability, overall program efficacy, staff training and development, and workforce morale.

Each Safe Streets site relies on outreach staff who have credibility within the community they serve to work with those individuals at highest risk for violence and stop the spread of community violence. A typical Safe Streets site team includes a Site Director; Violence Prevention Coordinator (VPC); Site Supervisor; and several violence interrupters. Violence interrupters are trusted messengers in the community who work on the frontlines to mediate conflicts, often interrupting the transmission of violence by putting themselves in between a person pointing a gun and a person being targeted.

The conflict mediation done by violence interrupters can happen anywhere, at all hours, including street corners, crime scenes, funeral parlors, emergency rooms, and in someone's home. Workers try to show up wherever and whenever is needed, often with little advance notice, to prevent violence. When violent incidents occur, outreach workers gather intelligence to determine whether retaliation is likely and intervene to talk potential shooters out of violence; violence interrupters also work to connect victims with services.

Conflict mediation entails 1) listening to each party involved, 2) calming the situation, 3) identifying ways to meet each side's needs, and 4) addressing the interests of each party such that both sides are satisfied with the outcome. Once violence interrupters have intervened in a conflict, the protocol is to continue ongoing mediation efforts until the conflict is resolved. In calendar year 2022, Safe Streets staff completed a total of 2,207 conflict mediations across all 10 sites.

Data on Safe Streets mediations are collected to inform evaluation, implementation, and measurement of program impact. Data collection is not intended for law enforcement investigative purposes. Violence interrupters must operate independently from law enforcement in order to maintain the credibility and trust required to do their jobs. Frontline workers are

tasked with using their relationships and street knowledge to intervene among individuals at highest risk of perpetrating and/or being victims of gun violence, risking their lives to save others. If they were to function as extensions of the police, these workers would be at even greater risk while losing the credibility and access to sensitive information needed to de-escalate conflicts and prevent shootings from occurring.

In addition to conflict mediation and intervention to prevent violence, an important component of the Safe Streets work is connecting people at highest risk with social services, resources, and employment opportunities, thereby addressing underlying conditions that drive violence. Traditional social support systems often fail to reach the population served by Safe Streets.

Violence interrupters engage where others cannot, connecting community members resources that would otherwise be unattainable. Safe Streets leadership maintains a partnership with BPD that includes getting referrals from BPD of individuals who could benefit from Safe Streets outreach and connections to services.

### *Victim Services*

In January 2022, under the direction of Mayor Brandon M. Scott, MONSE established the City's first-ever dedicated victim services lane. MONSE's Victim Services team fills gaps that have long existed in helping people not traditionally served at the local level, namely, direct and indirect victims of gun violence. The agency serves as a central point of contact for referrals to resources and access to wrap-around services that promote physical, mental and emotional health. MONSE intentionally defines "victim" broadly, serving direct victims, their families, and individuals impacted by community violence within Baltimore City.

Working in close coordination with victim services units in the Baltimore Police Department and the State Attorney's Office, MONSE Victim Services strives to provide immediate support to survivors of gun violence and trauma that can lead to re-victimization. This includes but is not limited to protection, emergency relocation assistance, housing assistance, mental health, and employment services. The Victim Services team plays an active role in developing the wraparound service model associated with Baltimore's CVI ecosystem. For example, MONSE partners with area hospitals that treat gunshot victims to ensure coordination between hospital-based violence intervention programs and organizations that support victims.

The interagency coordination efforts of the victim services lane are in direct alignment with the CVPP's emphasis on a public health approach to safety. Every shooting or violent incident leaves behind a web of trauma – for the victim, as well as bystanders, families, neighbors, and even the perpetrators of violence. MONSE employs a broadened definition of "victim," recognizing that the City must address the deep traumatization of residents who have broadly been impacted by violence. This definition includes everyone from the direct victim of violence to witnesses, friends, and family of that individual.

MONSE's victim services work is crucial to breaking cycles of violence by ensuring that all residents have the resources they need to heal from experiences of victimization. Crisis response,

advocacy, therapy, wraparound services, and community awareness are key components of addressing trauma and ultimately preventing revictimization.

### *Community Engagement and Opportunity*

MONSE's Community Engagement and Opportunity team centers on community engagement, stakeholder coordination, and collaboration with a goal of co-producing public safety. This team works with grassroots organizations and service providers that serve youth, returning citizens, and people in a state of crisis. MONSE Community Engagement and Opportunity facilitates interagency coordination efforts on behalf of the agency, most notably through the implementation of Neighborhood Policing Plans and activation of Coordinated Neighborhood Stabilization Responses.

### Coordinated Neighborhood Stabilization Response (CNSR)

A Coordinated Neighborhood Stabilization Response (CNSR) is a violence reduction and prevention approach that addresses direct and residual trauma in a community by intentionally mobilizing City agencies and community-based partners over a 45-day period. MONSE activates CNSRs proactively and reactively in communities experiencing the highest levels of trauma. Each stabilization response is tailored to the specific needs of a given community, informed by 211, 311 and 911 data; survey data from residents; and qualitative needs assessment data gleaned from CBOs, churches, businesses, residents, schools, and neighborhood associations.

CNSRs may be activated in response to one of five scenarios:

- Mass shootings (4 or more victims)
- Youth-involved shootings
- Police-involved shootings
- Major law enforcement takedowns
- Rapid response situations.

After completing an initial assessment of the incident, the Mayor and MONSE Director determine whether a 45-day CNSR will be activated. Once activated, MONSE's CNSR Manager initiates the stabilization process and alerts interagency and community partners about next steps. While each stabilization is uniquely tailored to the community and incident, a general CNSR process map is included in the Appendix.

## Response Timeline

### *Mayor's Office of Neighborhood Safety and Engagement*

#### Timeline

At 12:42 A.M. on Sunday, July 2, MONSE team members who receive BPD First Net text alerts were notified about a shooting at 800 Gretna Court in the Southern District:

*S: Shooting  
M: Shooting  
SD 913 Post  
800 Gretna Ct  
7/2/23 @ 0035 hours  
SD DDU notified*

This alert did not indicate a mass shooting incident or fatalities.

MONSE's Communications Associate Director was contacted by the Baltimore Police Department public information officer (PIO) later that morning at 2:21 A.M. with the following message: *"we're on the scene of mass shooting of south Baltimore FYI."*

By 3:00 A.M., MONSE's Communications Associate Director followed up with BPD's PIO for additional information about the incident and then contacted the MONSE Interim Director, Victim Services Associate Director, and CVI Deputy Director. Immediately following this communication indicating a mass shooting in a Safe Streets catchment zone, MONSE's CVI Deputy Director contacted the Safe Streets Brooklyn site and staff at Catholic Charities, which administers the site.

At 4:44 A.M., Chief Administrative Officer Faith Leach provided a directive to the MONSE Interim Director to stand up immediate stabilization resources in Brooklyn in response to the mass shooting.

At 7:30 A.M., MONSE's Communications Associate Director reached and briefed the MONSE Interim Director on the mass shooting incident in Brooklyn Homes. Within 15 minutes, the Interim Director notified agency staff about the mass shooting and asked the team to be on standby for the impending Coordinated Neighborhood Stabilization Response. Additionally, the Interim Director made contact with the Mayor's Office of Neighborhoods, the Office of Emergency Management, and Councilwoman Phylicia Porter to solidify details associated with the immediate mobilization of resources.

At 8:00 A.M., the Mayor's Office, along with MONSE and BPD, released a joint statement on the incident, which outlined immediate next steps for the City's response:

*"In the early morning hours of July 2, a horrific mass shooting occurred at Brooklyn Homes in South Baltimore. At this time, two people have been killed and 28 others*

*injured, leaving three people in critical condition. My heart is with those who lost their lives, all those who are now battling injuries, and their loved ones. This community should also know that they have our wholehearted support during this unimaginably difficult time. This act of violence has shaken our city to the very core, and we are all grappling with the shock, pain, and trauma that accompanies such a heinous act of destruction.*

*“This investigation is ongoing, and we will not rest until the people responsible are held accountable. This tragedy again shows why we must continue to focus on the amount of illegal guns on our streets that make it into the hands of individuals who should not have them and continuously carry out violent acts in our city. There must be accountability at each level of the illegal gun trade from those using them, those trafficking them to those who manufacture them in ways they know will lead to violence. I’m asking that anyone who has information on who committed this cowardly, violent act to come forward and help us secure justice for the Brooklyn community.*

*“To support residents of South Baltimore during this time, my office has stood up immediate resources in and surrounding the Brooklyn Homes area. Today, the Brooklyn Homes Community Center will serve as a central place for various city agencies to provide residents immediate aid and services.*

*“My Mayor’s Office of Neighborhood Safety and Engagement (MONSE) will immediately begin their work activating a Coordinated Neighborhood Stabilization Response within this community, focused on addressing trauma and stabilizing the neighborhood in partnership with community-based organizations and City agencies.*

*“In the coming days, our community will undoubtedly be faced with grief, questions, and the need for answers. I assure you that the Baltimore Police Department, MONSE, and every other city agency is working diligently to investigate, engage residents, and keep everyone informed of additional pertinent information when it becomes available.”*

At 8:15 A.M., key MONSE staff held an emergency meeting to discuss the Brooklyn Homes stabilization response plan and start the work of coordinating City agencies, service providers, and trauma-responsive supports. Within one hour of the meeting ending, by 10:00 A.M., the first MONSE staff arrived on-site at the Brooklyn Homes community center to prepare for the response.

At 8:22 A.M., MONSE’s CVI Deputy Director contacted the Safe Streets Brooklyn site director, and continued outreach until reaching the site director at 10:35 A.M. The CVI Deputy Director contacted staff at Catholic Charities, which administers the Brooklyn site, at 9:04 A.M.

Additionally, MONSE Communications worked with the Office of Emergency Management to coordinate mass communication alerts to residents of the Brooklyn Homes community and immediate surrounding area to notify them of the resources and efforts underway at the Brooklyn Homes Community Center. At 10:48 A.M., OEM sent out an Everbridge BMORE ALERT informing recipients that the Mayor and MONSE would be at the Brooklyn Community

Resource Center with services and resources beginning at 1200 hours. The message provided a phone number for MONSE's Neighborhood Response Line, as well as an email address to reach MONSE's Victim Services team for assistance and support. At 11:34 A.M., OEM sent out the same Everbridge BMORE ALERT that was shared earlier to the impacted area.

By 12:00 P.M., MONSE was fully activated and on the ground in Brooklyn. The MONSE Interim Director was identified as the Incident Commander for the Recovery Center at the Brooklyn Homes Community Center, working in close partnership with the Office of Emergency Management and responsible for coordinating interagency and community-based providers. MONSE's Victim Services team engaged with residents who were outside of their homes and left letters from the Mayor indicating the activation of a CNSR. Specifically, letters were delivered to the Brooklyn Homes courts surrounding Gretna Court, homes across the street from Gretna Court on 6<sup>th</sup> Street, and homes along 10<sup>th</sup> Street.

In response to a directive from the CAO sent earlier that afternoon, City agency directors and designees met at the Brooklyn Homes Community Center between 1:00 P.M. and 2:00 P.M. Agency leadership began immediately assessing the impacted area, reviewing open service requests in and around Brooklyn Homes, and assisting with emerging needs in real-time.

At 1:06 P.M., OEM sent out another Everbridge BMORE Alert to the impacted area. This alert repeated the previous message. Shortly thereafter, the Department of General Services assisted in the transport of Baltimore's Peace Mobile to the Community Center.

The Mayor, BPD, MONSE, OEM, and City agency leadership provided a press update on the incident, scheduled for 2:30 P.M. It was at this press conference that MONSE's Interim Director notified the public that the agency would be activating a 45-day CNSR, in partnership with the Brooklyn Homes community, with an immediate focus on trauma-responsive supports and on-site mental health services.

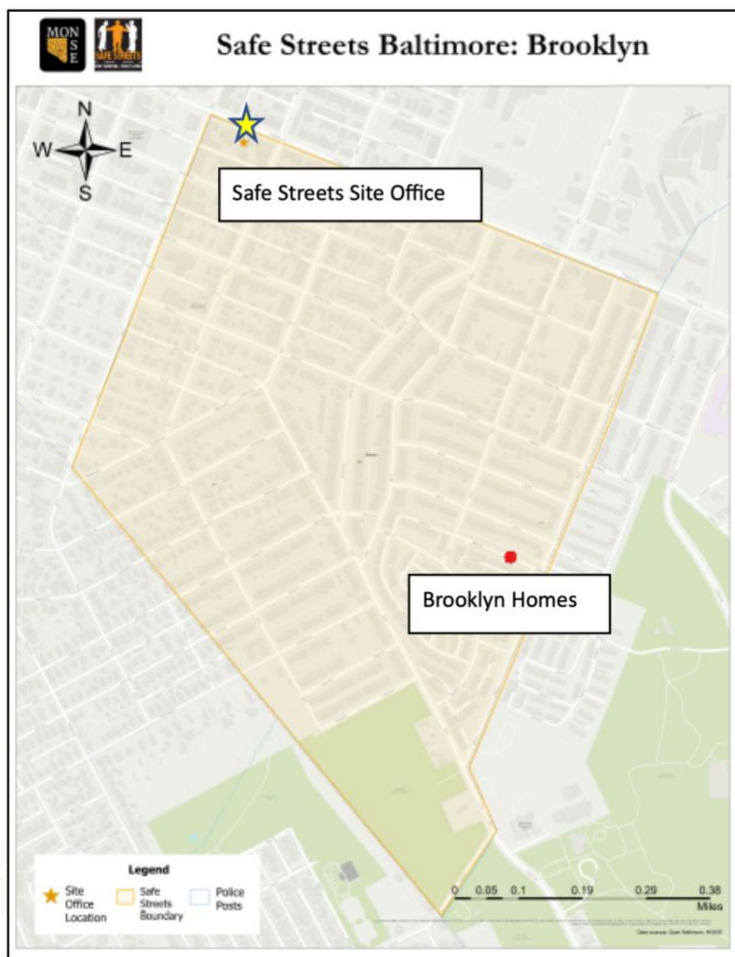

By the early evening, the Mayor's Office, MONSE, and MON developed a plan for the first week of the stabilization, which included a closed-door listening session with the Brooklyn community on Monday evening and an agency leader community walk on Wednesday evening. With permission from HABC, MONSE activated its plan to provide on-site resources for at least one consecutive week out of the Brooklyn Homes Community Center.

### *Safe Streets Brooklyn*

Safe Streets Brooklyn is located at 423 E Patapsco Avenue. The Safe Streets Brooklyn catchment area stretches North-South from E. Patapsco Avenue to the Baltimore City line and East-West from 10th Street to 4th Street. Brooklyn Homes falls within the site geography and is an area that site staff canvass daily. Posts are designated streets and blocks within a site's catchment area that intervention staff are assigned to canvass during their shift. Sites determine daily which posts will be canvassed based on activity within the site's catchment area that could lead to violence or where high-risk individuals spend time.

The Brooklyn Safe Streets site has a staff of five people, including three frontline violence interrupters, a violence prevention coordinator, and a site director. At present, there are three vacancies on the team: one site supervisor and two violence interrupters.

The violence interrupters at the Brooklyn site work Tuesday-Saturday from 3:00 P.M. to 11:00 P.M.; violence interrupters work selected shifts based on a data-driven analysis of trends in the timing of violent crime where they serve. The site director and violence prevention coordinator work from 10:00 A.M. to 6:00 P.M.

### Prior Incident Awareness

At least one month before the event, Safe Streets Brooklyn staff heard about tentative plans for the annual Brooklyn Day event from their daily outreach and engagement with the Brooklyn community, although an exact date was not known at that time. At the end of June, site staff learned that the event was slated to take place on July 1, 2023, when flyers were distributed in the community. Additionally, four of the five site staff are from the Brooklyn community, with many staff having attended Brooklyn Day celebrations in previous years in their capacity as longtime residents. Leading up to Brooklyn Day, Safe Streets staff did not witness or hear anything that suggested the event had the potential to turn violent.

## Timeline

Safe Streets Brooklyn violence interrupters started their shift at 3:00 P.M. on Saturday, July 1 and began canvassing their usual posts. As part of their daily outreach activities within the catchment zone, Safe Streets staff canvassed the area where the Brooklyn Day event was taking place. At 4:00 P.M., two violence interrupters were sent to a different post for outreach and engagement. These staff later returned to the Brooklyn Day event at approximately 9:00 P.M.

In the late afternoon, Safe Streets staff observed groups of young people getting off buses across the neighborhood asking where Brooklyn Day was taking place. Site staff encouraged the young people to return home if they were not sure where they were going.

Prior to the first documented mediation at 8:00 P.M., site staff walked through the large groups to separate and spread out the crowds, while monitoring group dynamics.

In the span of time at the event, Safe Streets staff mediated five conflicts/interventions involving individuals attending Brooklyn Day. Two were arguments between groups that had the potential to turn violent; one was a relationship dispute between two individuals; and two interventions involved Safe Streets staff persuading individuals known or believed to have guns to put them away and be safe. No shots were fired in any of the five conflicts and/or interventions. Each of the mediations/interventions were successfully resolved with two requiring follow up to ensure that conditions for resolution are met. [Note: *When a conflict is resolved as long as certain conditions are met, this means that the parties have agreed to a compromise and as long as both uphold the compromise, the conflict will remain resolved.*]

	Time	Conflict and/or Intervention	Outcome	Shots Fired?
1	8:00 P.M.	Argument between groups	Resolved	No
2	8:20 P.M.	Relationship dispute	Resolved	No
3	8:45 P.M.	Individual exposed previously concealed weapon	Resolved*	No
5	9:00 P.M.	Individual thought to have a gun	Resolved	No
4	10:30 P.M.	Argument between groups	Resolved*	No

*\*Resolved as long as certain conditions are met*

After the conclusion of their shift at 11:00 P.M., all Safe Streets site staff on site left the event between 11:00 P.M. - 12:20 A.M.

Once the Safe Streets Brooklyn team heard of the shooting, between 12:35 A.M. and 1:00 A.M., site staff contacted the Safe Streets Brooklyn Site Director to report the incident. Two staff members immediately returned to the scene, while another staff member went to the hospital where victims (including family members and loved ones of the staff) were being treated until approximately 5:00 A.M.

Based on policy documented in MONSE's Community Violence Intervention (CVI) Standard Operations Manual, the Safe Streets site director is to inform MONSE's CVI Deputy Director following a shooting incident within the site's catchment zone. In practice, this communication typically happens within 24 hours of an incident. In the instance of the Brooklyn Homes mass shooting, MONSE's CVI Deputy Director proactively contacted the Brooklyn site and Catholic Charities after learning of the incident.

Later that morning, by 10:00 A.M. on Sunday, July 2, the Safe Streets Brooklyn team returned to Brooklyn Homes to support the community and assist the MONSE team with the CNSR activation.

Additionally, the CVI Standard Operations Manual also outlines the protocol for scheduling and communicating about Safe Streets Shooting Responses. Shooting Responses are typically held within 72 hours of every shooting incident within the boundary of a Safe Streets post (or as soon after 72 hours that it is safe to hold the response). Safe Streets Brooklyn initially planned a Shooting Response for Wednesday, July 5, but rescheduled the response to Friday, July 7 in coordination with MONSE.

## Brooklyn Homes Coordinated Neighborhood Stabilization Response

At the direction of the Mayor in the hours following the mass shooting on July 2 in Brooklyn Homes, MONSE activated a 45-day Coordinated Neighborhood Stabilization Response. This CNSR activation, like other activations, was tailored to the magnitude of the incident and the expressed needs of the community. Due to the nature of the event and mass victimization of community members, the Brooklyn Homes CNSR was intentionally unique in comparison to previous activations in that it required immediate, sustained resource deployment, a focus on victim services, and unprecedented scale to address widespread trauma in the community.

Throughout the 45-day CNSR activation, the following resources and direct services were offered to residents of Brooklyn Homes and the broader Brooklyn community:

1. Housing assistance and emergency relocation
2. Rental assistance
3. Food assistance
4. Assistance with SNAP benefits
5. Mental health counseling
6. Employment assistance
7. Family services and childcare
8. Assistance with SSI benefits
9. Conflict mediation
10. Utility assistance
11. Legal aid and advocacy

12. Assistance with obtaining official documents (IDs, Birth Certificates, and Social Security Numbers)

*July 2 – July 12: Immediate, Intensive Stabilization Resources*

MONSE, in partnership with HABC and OEM, launched the first phase of stabilization response between July 2 – July 12, 2023, based in the Brooklyn Homes Community Center. MONSE coordinated City, State, and community-based organizations and providers to provide direct services out of the Community Center. Priority services in the first week and a half of the CNSR were on-site therapeutic and mental health services, coordinated victim services, and trauma-responsive care. Additionally, the agency's Peace Mobile was on site daily, serving as a haven for children and families in the community. Inspired by LIFE Camp New York's Peace Mobile, the Baltimore Peace Mobile is a City-owned RV outfitted into a mobile resource hub designed to offer immediate resources to residents experiencing trauma served during the city's Coordinated Neighborhood Stabilization Responses (CNSR). Features and resources include tablets and laptops; a recording studio; board games; snacks; Narcan kits; and toiletry kits.

MONSE participated in the Mayor's community meeting on Monday, July 3, to hear from residents of the community following the incident.

As part of this first week of activation, MONSE, Mayor Scott, and City agencies canvassed the community to identify additional areas of need and quality-of-life issues to tailor supplementary resources and deployment of City services on Tuesday, July 4, and Wednesday, July 5.

As part of Safe Streets Baltimore's work to shift cultural norms around the acceptability of gun use and address underlying conditions that drive violence, the Safe Streets Brooklyn team, joined

by staff from Safe Streets sites across the city, conducted a shooting response on Friday, July 7. Safe Streets staff and members of the community canvassed the neighborhood and Brooklyn Homes community to encourage residents to put an end to gun violence.

On Wednesday, July 12, the Safe Streets Brooklyn team held a resource fair in partnership with MONSE to distribute essential household items (including diapers, laundry detergent, and toilet paper) to residents of Brooklyn Homes and the surrounding community.

#### *July 13 – August 18: Continued, Tailored Supportive Services*

As MONSE transitioned from the immediate phase of this stabilization, involving victim services and trauma-responsive services, the agency worked with other partners to develop the schedule for the remaining weeks of this activation for the Brooklyn Homes CNSR around community-identified priorities. These priorities included activities for youth, employment services, and outreach to the Spanish-speaking community. For example, during the early days of the stabilization, residents expressed the need for more resources and opportunities for young people to “just be kids” and help heal from trauma caused by the incident.

On Thursday, July 20, MONSE helped support BCRP and MOCFS’s Movie Night event for young people in the Brooklyn Homes community.

On Wednesday, August 2, MONSE’s CNSR, MONSE’s Victim Services, MOED, City of Refuge, HABC, and Pivot held a combined resource fair and food distribution event to meet identified long-term needs around additional contributing factors to public safety. The agency continues to nurture existing partnerships and leverage City resources to address food insecurity and ensure that residents of the Brooklyn Homes community can access employment and job training opportunities.

On Saturday, August 12, MONSE’s CNSR and Victim Services teams worked with Councilwoman Phylicia Porter’s office, the Brooklyn Homes Tenants’ Council, Safe Streets

Brooklyn, We Our Us, HABC, City of Refuge, Catholic Charities, Young Black Scholars, and Let's Thrive Baltimore to hold a Brooklyn Homes "Fun Day" and Youth Town Hall.

### *Impact and Engagement*

MONSE achieved the following impacts and outcomes over the course of the immediate and ongoing coordinated stabilization efforts in Brooklyn Homes:

- More than 370 individuals signed in at the Recovery Center and outside of the Peace Mobile, with many of these individuals requesting follow-up services and support from MONSE. The agency estimates reaching even more individuals who did not sign in through direct outreach during events held in partnership with CNSR community organizations, as well as food and donation giveaways.
- A total of 98 individuals expressed a need for housing assistance, relocation services, and/or transfers. MONSE continues to work in close partnership with the State's Attorney's Office and HABC (in cases where the individuals are Brooklyn Homes residents) on these requests.
- Coordinated services with the Baltimore City Department of Social Services to provide on-site assistance with and registration for benefits, including food stamps, Social Security Income, counseling, employment and financial assistance, housing, water bills,

and more.

- Provided on-site, coordinated victim services supports, with staff at MONSE, SAO, and BPD working in close partnership to meet the immediate and ongoing needs of primary and secondary victims impacted by the Brooklyn Homes mass shooting.
- Coordinated with the Mayor's Office of African American Engagement to lead outreach and engagement efforts with young men and boys from Brooklyn Homes, with additional outreach support provided by We Our Us.
- Coordinated legal services with the Rebuild, Overcome, and Rise (ROAR) Center at UMB, which provided on-site support to individuals impacted by the incident, including assistance with landlord and rent discrepancies and the completion of forms for victim's compensation opportunities.
- Supported the Red Cross of Maryland with food distribution (lunch and dinner) for Brooklyn Homes residents on Sunday, July 2 and Monday, July 3.
- Coordinated with the Office of Emergency Management around incident command protocol, emergency needs for the community, event management, and donation documentation.
- Coordinated with Baltimore Crisis Response Inc. (BCRI) to provide immediate, on-site counseling services for residents directly and indirectly impacted by the incident.
- Coordinated with Mayor's Office of Children and Family Success (MOCFS) Community Action Partnership (CAP) Centers to support residents with rental and utility assistance. Additionally, MOCFS led coordination and communication with Baltimore City Public Schools, whose social work and student wholeness staff also provided on-site assistance to families and children visiting the Recovery Center.
- Coordinated services with the Mayor's Office of Immigrant Affairs (MIMA) and CASA de Maryland to aid in communication and connection to service providers for Brooklyn's Spanish-speaking residents.
- Moms Demand Action worked collaboratively with MONSE to provide activities for children in the Brooklyn community, including arts and crafts and games. The availability of these activities for youth, under the guidance of caring adults, allowed parents who visited the Recovery Center with their children to receive on-site therapeutic

services, register for resources, and engage with MONSE, BPD, and SAO victim services teams.

### Resident Impact Stories

The following victim services cases are illustrative of the trust and relationships that MONSE built during the initial days of the CNSR activation. The agency observed many residents returning to the Recovery Center day after day. This strong, immediate presence laid the foundation for the consistent engagement work that MONSE undertook, in partnership with the community and key stakeholders, in the second phase of stabilization response.

*“D”, a Brooklyn Homes resident, was a primary victim in the July 2 mass shooting. He was not open to interacting with the SAO or BPD when he walked into the community center on Day 1 of the stabilization, as he was in crisis with multiple acute needs. The MONSE victim services team immediately began working with “D” and connected him to a Transformation Health therapist. In the ensuing days, as trust was developed, he was connected on-site with SAO victim services, who paid his back BGE bill and back rent; DSS for assistance with food stamps and benefits; ROAR for bandages; and the University of Baltimore’s Center for Criminal Justice Reform for help with the Criminal Injuries Compensation Board (CICB) process. By Day 4, “D” was joining MONSE staff and other volunteers, side by side, in helping distribute food to residents.*

*“A’s” son was a non-fatal shooting victim in the July 2 incident. Her son was still at the hospital when “A” came to the community center, unable to sleep or eat. She was connected with SAO victim services and immediately received relocation assistance. SAO Victim Services reached out to her employer to ensure that she would not lose her job, and MONSE Victim Services made a connection to therapy.*

#### *Beyond the 45 Days: Ongoing Engagement Efforts*

MONSE will continue to work with local organizations, faith leaders, and other partners to stay engaged in and support community-led event planning and resource provision efforts to ensure that City government is able to maintain supports for Brooklyn Homes residents post-CNSR. This includes actively working with the Mayor's Office and Children and Family Success to distribute bookbags and other school supplies at back-to-school events throughout the surrounding communities.

- Some of this work has already started, with a calendar of meetings and events taking place post-CNSR activation included below:
  - Saturday, August 19 - Backpack and school uniform coordination for families
  - Monday, August 21 - We Our Us Community Walk (Gretna Ct)

- Tuesday, August 22 - Youth and family engagement at the Baltimore Orioles Game (40 children and parents)
- Thursday, August 24 - Bi-weekly Community Stakeholder meeting (non-public)
- Saturday, August 26 - Coordinate families to attend Charm City Live event
- Thursday, September 7 - After-Action Report Community Meeting
- Saturday, September 9 - Community-Led Resource Fair
- Thursday, September 21 - Bi-weekly Community Stakeholder meeting (non-public)
- Saturday, September 23 - Coordinate families to attend Artscape
- Sunday, September 24 - Coordinate families to attend Artscape
- Wednesday, September 27 - Brooklyn Healing Day meeting (non-public)
- Saturday, September 30 - Brooklyn Healing Day (90 Day Close-Out Event with Lisa Molock)

## Findings and Recommendations

As the agency tasked with carrying out Baltimore's comprehensive, public health approach to safety, MONSE is committed to ensuring everything within the scope of responsibility is done to support the primary and secondary victims of the Brooklyn Day mass shooting, help the community heal, and ensure that what happened on July 2<sup>nd</sup> never happens again.

Over the past two months, the agency has taken time to assess:

- The results, outcomes, and impacts of CNSR activation, a constantly evolving process
- Internal, interagency, and community coordination and collaboration
- Internal and external communication

MONSE presents the following findings and recommendations, with a goal of implementing changes that aid the agency in its mission to support the Baltimore community and build a safer city.

### *Role of Safe Streets Baltimore*

#### Finding 1

There are only informal practices -- no documented protocols -- regarding when and how Safe Streets staff share knowledge with MONSE CVI staff about large events or potential/ emerging threats to public safety in their catchment zones. In this case, Safe Streets had no advance information about conflicts among attendees or likely violence at Brooklyn Day, although they were aware of the occurrence of the Brooklyn Day event. It is important to note that Safe Streets' violence interrupters mediate conflicts involving weapons on a daily basis, and the conflicts they mediated on Brooklyn Day were not out norm of their daily course of duty. However, escalation protocols could have helped to mitigate the risk of violence by increasing government awareness of the Brooklyn Day event.

#### **Recommendation:**

- MONSE will update the CVI Standard Operations Manual to expand the criteria for when Safe Streets staff escalate information about potential incidents to MONSE CVI staff. The agency will work with Safe Streets site staff and the strategic partners that administer sites to finalize and implement suggested formal notification and escalation protocol.
- MONSE will also work with Safe Streets site staff and the strategic partners that administer sites to finalize a formal notification and escalation protocol for both large events happening within catchment zones and emerging situations where additional support and/or resources may be needed.
- Proposed escalation protocol is included below:
  - *If staff are aware of a potential incident that could cause mass harm or destruction, including prior knowledge of potential violence at an upcoming event or exceeds the ability of Safe Streets staff to intervene or mediate conflict, they would escalate to MONSE, who would then escalate to the Administration. This includes events hosted or supported by Safe Streets, as well as community events taking place within a Safe Streets catchment zone.*
    - *Proposed criteria for escalation to MONSE [Note: escalation to require occurrence of at least two or more of the following criteria]:*
      - *Suspicion of or witnessing multiple individuals with weapons in a single location.*
      - *Conducting multiple interventions with individuals with exposed weapons.*
      - *Engagement exceeds Safe Streets staff's capacity to intervene and mediate.*
      - *Large event taking place in a Safe Streets catchment zone with more than 50 attendees.*
      - *Two or more groups with a known conflict attending the same event.*
- Escalation path for staff if or when a Site Director cannot be reached should be as follows:
  - *Contact the Site Administrator and next staff member in the chain of command, the Violence Prevention Coordinator (VPC) then Site Supervisor.*
  - *The VPC or Site Supervisor will contact MONSE in the absence of the Site Director.*
  - *MONSE will also communicate directly with the Site Administrator to assist in coordinating a response and gaining information about potential violence or the incident.*

## Finding 2

The scrutiny of Safe Streets' response to the incident made it apparent that there is some public confusion about Safe Streets Baltimore's role and its model.

**Recommendation:**

- MONSE will increase public communication and awareness about the daily work of Safe Streets Baltimore, what their evidence-based street outreach model looks like, and how they function as credible messengers with those at highest risk.
- MONSE will work with site administrators to facilitate increased engagement between Safe Streets sites and key community stakeholders.

*Mobilization, Wraparound Supports, and Coordination*Finding 3

The MONSE team was able to immediately mobilize during off hours to arrive within one to two hours of the agency's internal planning meeting to address urgent needs in the community within hours of the incident.

**Recommendation:**

- Ensure communication channels exist to replicate immediate response timeline for future incidents.

Finding 4

MONSE adapted to meet evolving needs throughout the agency's Brooklyn Homes Coordinated Neighborhood Stabilization Response. The team held internal debriefings to catalog and discuss strengths and opportunities of each step, discussed process improvements on a day-to-day and week-to-week basis, and worked to increase team accountability and redundancy over the stabilization event, even amid MONSE's CNSR manager being scheduled out of the office during the first part of the stabilization.

**Recommendation:**

- Conduct a feedback session to outline strengths and opportunities after each activation in order to continually improve the effectiveness, speed, and coordination associated with future CNSRs.

Finding 5

Coordinated Neighborhood Stabilization Responses are constantly evolving activations that require the coordination of multiple interagency, cross-governmental and community-based partners to address residents' needs throughout the process. This work is relatively new to the City, being first piloted by MONSE in 2022, and a CNSR had never been deployed for an incident of the magnitude of the July 2 mass shooting.

MONSE collaborated with partners and community members to identify residents' specific needs and tailor the response to those needs. The need to manage an extensive amount of coordination across partners and community stakeholders -- while simultaneously addressing trauma and root drivers of violence through direct service work on the ground -- presented a significant challenge to MONSE's capacity.

Additionally, MONSE found that partner organizations were at times confused about who was serving as lead within MONSE and within the administration, which created challenges for event planning and coordination with external organizations. The existence of firm procedures around CNSR roles and responsibilities could have remedied this issue.

**Recommendation:**

- Implement CNSR roles and responsibilities process to ensure everyone on the MONSE team knows what they are responsible for delivering and to ensure the CNSR manager has a backup.
- Update the CNSR process map to ensure that protocols are consistent, fully developed, and up to date.
- Establish a Joint Information Center (JIC) for future CNSR activations to streamline communication channels across stakeholders. The JIC for the City's response to the COVID-19 pandemic served as a standing meeting for agencies to coordinate and uplift both internal and external communications and was essential to the City's work to navigate that public health crises. MONSE believes that the JIC's success could be replicated for CNSR activations.
- Ensure dates and commitments are locked down and promoted to community stakeholders and residents at least 48 hours in advance.

**Finding 6**

MONSE is actively working with HABC to prioritize assistance for primary and secondary victims from the July 2<sup>nd</sup> incident. This work is shared between BPD Victim Services (which provides support for direct victims), the SAO Victim Services Division (which provides support for victims and witnesses as part of the criminal justice process), and MONSE Victim Services (which provides central case management, support for secondary and tertiary victims, and interagency coordination). MONSE's Victim Services team also quickly engaged with other governmental partners and community-based providers where necessary.

Over the course of the Brooklyn Homes CNSR, MONSE connected with 167 residents who expressed a need for follow-up services and case management through the agency. Of the 98 requests for relocation and/or housing assistance MONSE received throughout the CNSR activation, 86 were from residents of Brooklyn Homes. To date, MONSE is providing some level of case management support to 19 victims (both primary and secondary) of the Brooklyn Homes mass shooting, with needs ranging from relocation assistance to ongoing mental health supports.

MONSE is actively working with partners to assess and process the remaining requests. Many residents were able to fill out applications for support services and resources on-site, which helped streamline and expedite what can otherwise be lengthy and complex processes.

**Recommendation:**

- Build out an internal central information hub and database for resources and offers of assistance from external partners to limit service redundancy and ensure resident needs are more effectively met.
- Work in partnership with BPD and SAO Victim Services to develop an interagency process map and regular coordinated case review meeting. Some of this work has already begun and should be institutionalized.
- Work with partner agencies and service providers to integrate the on-site direct resource and support service structure into future CNSR activations.

[Finding 7](#)

At the Community Center and outside of the Peace Mobile, MONSE primarily used paper sign-in sheets to log resident information and track expressed needs, as well as to collect contact information for follow-up and case management purposes. Due to the extensive nature of the response, staff had to monitor and manually enter information into the agency's internal data tracking system. Some entries had inaccurate or incomplete names and contact information for residents.

**Recommendation:**

- Identify data lead for all future CNSRs.
- Develop and use digital sign-in forms instead of paper sheets where possible.
- Create a streamlined data collection system to ensure continuity of recorded data amongst each agency partner and prevent double-counting and/or duplication of efforts.

[Finding 8](#)

As this was MONSE's highest profile incident response to date and the first time many people heard about a CNSR, there was public confusion about the scope of CNSR activations. Some mistakenly believed that the CNSR was a 45-day resource fair based on what Day #1 of the response looked like.

Throughout MONSE's presence in Brooklyn Homes, there was a concern that resources to the community would cease at the conclusion of the 45-day period. Many residents expressed a distrust and/or lack of faith in City government. By maintaining a regular presence in the community throughout the response and focusing on relationships, the MONSE team actively worked alongside residents and community leaders to build trust.

**Recommendation:**

- Distribute stronger, clearer, and more detailed public communication in the press and on social media to reinforce the CNSR process.
- Provide consistent updates, including daily updates with specific resource offerings, at least in the first week of the response.
- Maintain an ongoing presence in the community and continue to foster relationships with residents and community-based organizations after the 45-day period, with a focus on community-led decision-making.
- Continue to participate in community-led event and resource planning with Councilwoman Porter's office, the Brooklyn Tenant's Association, and other organizations, faith institutions, businesses, and service providers operating in the Brooklyn community.
- Explore opportunities to make small grants available to local community-based organizations operating in the Brooklyn community.

**Finding 9**

MONSE's Peace Mobile, which debuted only one month prior to this incident, was on-site daily for the initial phase of the CNSR activation and served as a hub for youth engagement and resources in addition to the Brooklyn Homes Community Center. Young people are the primary demographic that took advantage of this space, allowing them to decompress and take their minds away from their respective trauma following the mass shooting while family members received services. This required regular staffing and maintenance of the space. On a few occasions, MONSE had to close off the bus due to not having sufficient staffing to oversee young people and clean the space. Established protocols around staffing and cleaning of the Peace Mobile could have limited these closures.

**Recommendation:**

- Establish a standard operating procedure for Peace Mobile deployment, cleaning, resident sign-in, and staffing.
- In response to the agency's experience in the initial phase of the stabilization, MONSE has established a staffing minimum of two people for the Peace Mobile.

MAYOR

*100 Holliday Street, Room 250  
Baltimore, Maryland 21202*

July 2, 2023

Dear Neighbor,

In light of the recent event that occurred in the Brooklyn Homes community, I wanted to provide information to make you aware of support available to residents during this difficult time.

The Mayor's Office of Neighborhood Safety and Engagement (MONSE) will be activating a Coordinated Neighborhood Stabilization Response within this community over the next 45 days, focused on addressing trauma and stabilizing the neighborhood in partnership with community-based organizations and City agencies. This response is part of my administration's focus on prioritizing the well-being of our residents in the immediate aftermath of a traumatic event like the one experienced this weekend.

Even though we missed you today, please know that my team is here to support and facilitate your healing and well-being at this moment. We know that incidents of violence have any number of personal, mental, and/or emotional impacts. You can reach a member of the MONSE team by calling **(410) 929-5488** or by emailing [monse@baltimorecity.gov](mailto:monse@baltimorecity.gov).

To support residents of South Baltimore during this time, my office has stood up immediate resources in and surrounding the Brooklyn Homes area. Today, the Brooklyn Homes Community Center will serve as a central place for various city agencies to provide residents immediate aid and services. Residents are also encouraged to visit the Enoch Pratt Free Library Brooklyn branch starting Monday, July 3 at 10am to receive free mental health supports.

We are available to discuss the support services and resources available for you according to your needs. Again, the MONSE neighborhood response line is available at **(410) 929-5488** and at [monse@baltimorecity.gov](mailto:monse@baltimorecity.gov). Please note: The line and email inbox are not staffed 24/7; however, multiple members of the MONSE team actively monitor them. If you leave a message requesting support, please know that a MONSE team member will get back to you as soon as possible.

Violence impacts everyone in every neighborhood of our city, yet we can never accept this as normal. You have my unyielding commitment as your Mayor that we are not and will not be deterred in our efforts to disrupt it.

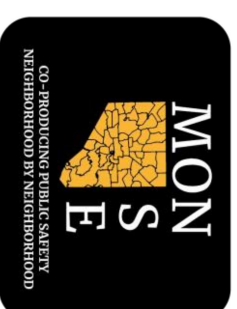

In service,

Brandon M. Scott  
Mayor  
City of Baltimore

## Background/Context

### *Baltimore Fire Department*

The Baltimore Fire Department serves a geographic area of approximately 92 square miles with a daytime population exceeding 1,000,000 and a residential population of approximately 600,000. More than 1,600 members are assigned across Community Risk Reduction, Safety and Member Services, and Emergency Operations management branches. These members respond to more than 235,000 calls for service per year utilizing 35 engine companies, 17 ladder companies, 24 first-line medic units, 5 critical alert medic units, 1 heavy rescue and other specialty units.

The Baltimore Fire Department also provides the City of Baltimore with emergency medical services, fire suppression, basic and technical rescue, emergency communications, disaster preparedness planning and response, hazardous materials mitigation, community fire risk reduction, community recruitment, community outreach, public education, and marine fire rescue programs.

The Fire Department is consistently working to achieve and maintain the highest level of professionalism and efficiency on behalf of the residents, businesses and visitors we serve.

### *Office of Emergency Management*

The Baltimore City Office of Emergency Management (OEM) maintains the highest level of preparedness to protect Baltimore's citizens, workers, visitors, and environment from the impact of natural and man-made disasters. OEM prepares the City for emergencies, prepares the public for emergencies, and coordinates interagency response and recovery.

## Summary/Timeline

### **Sunday, July 2, 2023**

**0035 Hours:** Medic 9, EMS-6 and Engine 35 were dispatched to 839 Herndon Court for a reported shooting. While units were responding, communications advised that they were also receiving 4111 Cleve Court, 813 Herndon Court, 809 Gretna Court, 805 Gretna Court, 10th Street and Stoll Place, 813 Gretna Court, 801 Gretna Court, 800 Block of Clintwood Court, 4117 6th Street, and 857 Herndon Court for shootings.

**0039 Hours:** Medic 2 was dispatched as a second unit.

**0040 Hours:** BCEMS attached to response.

**0043 Hours:** Engine 35 confirms they have a shooting victim and request a second fire company. Medic 21 is added to response as the third medic unit.

**0044 Hours:** Truck 21 is dispatched as the second fire company and Medic 1 is dispatched as the fourth medic unit.

**0055 Hours:** Truck 21 advises BCEMS that they have 2 patients, a priority 3 patient and a trauma arrest patient. OEM 10 Emergency Management Specialist George Theodoroy received a

call from Baltimore City Health Department on call representative about crowding issues at area hospital and asked if OEM could assist with finding out what was happening.

**0056 Hours:** BCEMS arrives and establishes command requesting a separate talk group

**0057 Hours:** OEM 10 Emergency Management Specialist George Theodoroy contacted the Fire Communications Bureau (FCB) by phone for an update on area hospitals and was advised of the Mass Casualty Incident (MCI).

**0057—0102 Hours:** Anne Arundel County Medic 33 and Baltimore County Medic 4 are dispatched. BCEMS Command request a second Chief to assist with tracking units. Anne Arundel BC1, Anne Arundel Medic 11, and BC6 are dispatched. 839 Herndon was established as the staging area, EMS-6 was designated as the Glade Court Division. Communications advised Command that Harbor hospital was reporting 10 to 20 walk-in shooting victims. The decision was made to designate Harbor Hospital as Harbor Division and send the next available resource to investigate; Medic 12 was the investigating resource. OEM 10 Emergency Management Specialist George Theodoroy notified the Health Department that the source of the crowding issues at area hospitals was due to the MCI at the Brooklyn Community Homes.

**0104 Hours:** Medic 15 dispatched.

**0105 Hours:** Medic 12 dispatched.

**0107 – 0110 Hours:** Glade Court Division advises command that Medic 21 was transporting 2 patients to Shock Trauma. All known shooting victims at that time were in the care of medic units on the scene. Medic 15 was directed to report to staging while police canvassed the area looking for other patients and Medic 12 was directed to report to Harbor Hospital and advise on the number of patients and any resources that Harbor might need.

**0111 Hours:** PIO and CAR5 are attached to the response. Communications advised another reported patient at 801 Clintwood Court. Anne Arundel M33 sent from staging to handle that patient.

**0112 Hours:** Anne Arundel EMS-1 dispatched.

**0114 Hours:** Medic 12 advised command that Harbor has 17 walk-in patients from the incident then returned to staging. Truck 21 advises they had a patient with trouble breathing at 839 Herndon Court. Anne Arundel Medic 11 sent from staging to transport that patient.

**0116 Hours:** Communications advised 2 walk-in patients at the southern district police department. This was later determined to be a miscommunication and was actually the Southern District reporting 2 walk-in victims at Baltimore Washington Medical Center.

**0120 Hours:** Howard County Medics 25 and 125 dispatched. They were directed to staging.

**0121 Hours:** Police discover another patient. Medic 12 sent from staging to handle.

**0123 Hours:** Ambulance 23 dispatched to assist Medic 21 at Shock Trauma.

**0125-0135 Hours:** Command requests an EMS Officer to report to Harbor Hospital and assume Harbor Division. EMS-1, Medic 5, Engine 57 and Engine 55 responded to Harbor as Harbor Division. EMS-1 advises the official count is 16 walk-ins at Harbor Hospital, not 17. At the same time Baltimore County Medic 4 is sent from staging to Glade Court Division for a behavioral emergency and transported that patient to Saint Agnes Hospital.

**0138 Hours:** Howard County Medic 125 arrives in staging

**0143 Hours:** Harbor Division announces a third patient being transported from Harbor Hospital to Shock Trauma by Maryland Express Care.

**0146 Hours:** Command officially declares this incident a Level II mass casualty incident.

**0154 Hours:** Howard County Medic 25 arrives in staging.

**0156-0159 Hours:** Harbor Division has 2 more patients to transfer to Shock Trauma. Medic 15 and Howard County Medic 25 transport those patients.

**0200 Hours:** Medical Director responds and was advised by Command to assist Harbor Division. Command requests police to do a final sweep looking for any other patients

**0206 Hours:** Command releases all units except Truck 21, EMS6, Howard County Medic 125, and units at Harbor Division.

**0207 Hours:** OEM 10 Emergency Management Specialist George Theodoroy contacted OEM 2, Captain Scott Brillman, OEM Deputy Operations Director, and updated him on the communication with the Baltimore City Health Department regarding crowding issues at area hospitals, and the Fire Communications Bureau notification of the MCI. It was confirmed during this call that OEM had not been made aware by the Fire Communications Bureau of the MCI/ mass shooting.

**0219 Hours:** OEM 10 Emergency Management Specialist George Theodoroy contacted OEM 1 Deputy Chief Wallace, OEM Acting Director, and notified him of the incident at Brooklyn Community Homes MCI. OEM 1 was also informed that OEM 2, Captain Scott Brillman, was in route to the incident site.

**0256 Hours:** Command clears the fire ground channel and holds Howard County Medic 125. No other patients were located.

**0311-0335 Hours:** Command clears Howard County Medic 125 and all operational units at Harbor Division go in service. Only units remaining on scene were command staff.

**0521 Hours:** Command is terminated and the incident is handed over to The Office of Emergency Management (OEM).

**0900 Hours:** The Baltimore City Emergency Operations Center was activated to support the Brooklyn Homes Community MCI/ Mass Shooting incident. OEM requested City agency representatives to the EOC from 1700 hours until closed. Representatives were requested from BPD command, BCFD, OEM, DOT, DPW, MONSE, and BCIT (virtual).

**0915 Hours:** Chief Wallace notified OEM Preparedness Section Chief Michelle Smith and Deputy Preparedness Section Chief Crystal Bright of the MCI/Mass Shooting in the Brooklyn Homes Community, which involved approximately 30 people. Chief Wallace reported that a Resource Center would stand up at the HABC location in Brooklyn Homes (known as the Brooklyn Homes Community Center, located at 4140 10th Street). Chief Wallace requested outreach support, including recovery resources and documents pertaining to mass shooting victims.

**0955 Hours:** Chief Wallace notified the OEM Preparedness Team that the American Red Cross point of contact called to offer resources to the immediate impact area of the incident. Michelle Smith was instructed to follow up.

**0958 Hours:** Michelle Smith called the American Red Cross point of contact to discuss the resource center being opened later that day at the Brooklyn Homes Community Center. Michelle Smith inquired about the services the Red Cross would be able to provide. According to the Red Cross point of contact, they were able to provide food and water support, and would try to mobilize at the location as close to 1300 hours as possible. In addition, the American Red Cross was able to locate Mental Health Services and supports upon request. These services were available at the resource center in the following days.

**1000 Hours:** Michelle Smith texted the American Red Cross point of contact the address of the resource center, the tentative time City agency representatives would begin arriving, and the tentative time the center would open.

**1004 Hours:** Michelle Smith called Chief Wallace to receive approval of the three offered types of support services (food, water, and mental health). Chief Wallace inquired about the need for such support from the Incident Commander, Stefanie Mavronis, Acting MONSE Director.

**1014 Hours:** Chief Wallace notified Michelle Smith that MONSE approved the request of services from the American Red Cross.

**1015 Hours:** Michelle Smith informed the American Red Cross that the request for service was approved by the MONSE Team.

**1048** OEM Emergency Planner, Sandra Moyer, sent out an Everbridge BMORE ALERT informing recipients that the Mayor and MONSE would be at the Brooklyn Community Resource Center with services and resources beginning at 1200 hours. The message provided a

phone number to reach MONSE's Neighborhood response line, as well as an email address to reach MONSE's victim services hotline.

**1134 Hours:** OEM Emergency Planner, Tishawna McGowan, sent out the same Everbridge BMORE ALERT that was shared earlier to the impacted area.

**1200 Hours:** MONSE Team arrived at Brooklyn Homes, including the MONSE Peace Mobile.

## **IMPROVEMENT PLAN BASED UPON INCIDENT ACTION OBSERVATIONS**

### **1. Enhanced Dispatch and Communication:**

- Develop an automatic dispatch profile for mass casualty incidents to ensure a swift and coordinated response.
- Implement a system that prompts the Incident Commander to consider declaring a mass casualty incident based on specific criteria.
- Revise Mass Casualty Incident Manual Operating Procedures (MOPs) to include clear protocols for responding to level I, level II, and level III incidents.

### **2. Triage and Incident Command:**

- Assess the scope of the incident and establish command if necessary, while still providing patient care.
- Continue utilizing Incident Command System (ICS) skills focusing on quick decision-making in dynamic incidents to improve response efficiency.

### **3. Safety and Support:**

- Ensure a designated Safety Officer is dispatched for each incident of this scale to address safety concerns and mitigate risks.
- Establish a clear system to verify the roles of support personnel on scene, such as CISM members, to avoid miscommunications and delays in providing critical support.

### **4. Prompt Decision-Making:**

- Encourage Incident Commanders to promptly escalate the incident level if it becomes evident that the situation requires additional resources.
- Train Incident Commanders to assess incidents rapidly and accurately to make timely decisions about resource allocation.

### **5. Divisional Responsibilities:**

- Assign resources to divisions with specific responsibilities such as triage, treatment, and transport, even in large-scale incidents.
- Consider deploying Triage Strike Teams for rapid triage and allocation of resources to patients.

### **6. Division Management:**

- Assign resources to assume divisional responsibilities until relieved by designated personnel.
- Utilize available technology to facilitate communication between divisions and central command.

### **7. Personal Protective Equipment (PPE):**

- Implement a policy to provide body armor and ballistic helmets to personnel responding to incidents involving violence to enhance responder safety.

### **8. Training and Development:**

- Continue to provide ongoing training opportunities for personnel, with a focus on incident management, effective communication, and decision-making during mass casualty incidents.
- Encourage personnel to pursue additional certifications to enhance their ability to respond to high-risk incidents.

## SUCCESSES AND AREAS OF IMPROVEMENT

The following Core Capability successes and areas of improvement are provided for the Office of Emergency Management only. These items will be combined with the Core Capability successes and areas of improvement for other City agencies.

### **Core Capability:** Logistics and Supply Chain Management

**Strengths:** Approximately 50 agencies were at the Brooklyn Community Resource Center from Monday, July 2, until Wednesday, July 12, to enhance public, private, non-profit resources and support services to the Brooklyn Community. Available resources presented by the agencies brought services to meet basic human needs, stabilize the incident, and transition to recovery.

**Challenges/ Areas for Improvement:** Services and resources available to individuals did not adequately fit in the space allotted for the Resource Center. This left multiple agencies providing resources to individuals in the area immediately outside of the resource center, leaving these entities exposed to the elements such as sun, heat, and occasional rain.

The Office of Emergency Management resource table took up too much space and should have been broken down earlier in the week to allow for additional table space for other agencies at the resource center.

**Actions:** MONSE will continue to connect residents with available agencies and resources as requested during the 45-day recovery period (and beyond if needed).

If the Office of Emergency Management is requested to provide support as one of these agencies, support will be provided as needed.

### **Core Capability:** Infrastructure Systems

**Strengths:** Partnerships between both City and State governments, as well as both private and public non-governmental organizations, came together to triage and collaboratively respond to cascading impacts in an efficient manner.

From July 3 until July 12, approximately 600 individuals came into to the Brooklyn Community Resource Center for services and resources. Notably, individuals were able to connect with mental health services to provide them support during recovery as individuals were processing the impacts of trauma initiated by the MCI/ Mass Shooting Incident.

**Challenges/ Areas for Improvement:** While the Brooklyn Homes Community Resource Center had a designated spot for individuals to meet privately with mental health professionals, there was only enough space for one individual and/or household to meet at a time.

**Actions:** Given the trauma impacts of a mass shooting incident, future resource centers will have additional designated spaces allotted for personal discussions and or interviews with necessary resource contacts.

OEM will work to build a comprehensive list of potential resource centers, shelters, etc. located throughout the City and will ensure space is set aside in the building footprint to address personal matters, such as meeting with a counselor, discussing services, and conducting intakes.

**Core Capability:** Operational Coordination

**Strengths:** Coordination between multiple City and State governments, as well as both private and public non-governmental organizations, took place each day at the Brooklyn Community Resource Center.

**Challenges/ Areas for Improvement:** Daily coordination between multiple City and State governments, as well as both private and public non-governmental organizations (including introductions) only took place once daily and occurred toward the beginning of the day. Coordination involving a second briefing held toward the end of the day could improve Operational Coordination.

Given the multitude of agencies that provided resources, those not established at tables within the Community Center may not have taken part in daily coordination.

**Actions:** Community Centers formed in response to any incident will have action plans to improve daily coordination, to include an end-of-day brief among all agencies present.

Agencies providing resources at future community resource centers will be informed via email or hard copy hand out of scheduled briefings.

**Core Capability:** Operational Coordination

**Strengths:** Once made aware of the incident, OEM was able to assist with resource coordination efforts.

**Challenges/ Areas for Improvement:** Earlier notification by the Fire Communications Bureau to OEM could improve operational coordination to enable OEM to have more lead time to seek Mutual Aid resources from other jurisdictions, the State level, and beyond (if needed).

**Actions:** Community Centers formed in response to any incident will have action plans which improve daily coordination to include an end of the day brief out among all agencies present.

Agencies providing resources at future community resource centers will be informed via an email or hard copy hand out of scheduled briefings.

**Core Capability:** Public Information and Warning

**Strengths:** Affected populations and immediate stakeholders were notified of the Resource Center at the Brooklyn Homes Community Center via a multitude of systems. Multiple City and State governments, as well as both private and public non-governmental organizations, advertised the resource center on various social media accounts. Media coverage, including television and radio, also announced the presence of the resource center. Finally, the Everbridge BMORE ALERT system sent messages to the immediate alerting area to provide information on the resource center.

Door-to-door outreach was conducted by Baltimore City employees from various agencies to notify individuals of the resource center. Members of this team included multilingual staff members (specifically Spanish), to ensure non-English speaking individuals were made aware of the resource center.

**Challenges/ Areas for Improvement:** Means of communication to the notify the impacted area may not have reached all individuals of services available to them at the resource center. For example, those with specific communication barriers may not have received the notifications regarding the Resource Center. Communication barriers include, but are not limited to, social media accounts, internet access, television, radio, cellular telephone (which could receive BMORE ALERT messages), or those with language barriers (speaking English as a second language or who have a limited ability to communicate in English).

While alerts were sent out using the BMORE Alert Everbridge system, it is not guaranteed all individuals in the immediate alert area received the messages. For example, lists obtained to alert the public may not include pay-as-you-go phones or free government issued cell phones.

OEM was not notified by the Fire Communications Bureau of the MCI/Mass Shooting Incident until OEM sought this information out. A delay in this communication impacts the amount of lead time OEM has to utilize mass notification systems (such as the Everbridge Emergency Alert system).

**Actions:** OEM will work with the Mayor's Office of Immigrant Affairs to develop additional outreach materials, graphics, and social media content to share with non-English-speaking residents of Baltimore.

OEM will develop an opt-in portal for Baltimore residents interested in signing up for BMORE ALERTs who do not currently receive alerts. Once this opt-in portal is established, OEM will conduct targeted outreach to HABC communities to ensure residents are well informed of this system and their options for signing up.

Given the resource coordination, including Mutual Aid needs OEM can request through the Emergency Management Assistance Compact (EMAC), OEM will request the Fire Communications Bureau notify OEM of any MCI/Mass Shooter incidents as soon as possible to allow for additional lead time to make such requests, if they are needed.

**Core Capability:** Mass Care Services

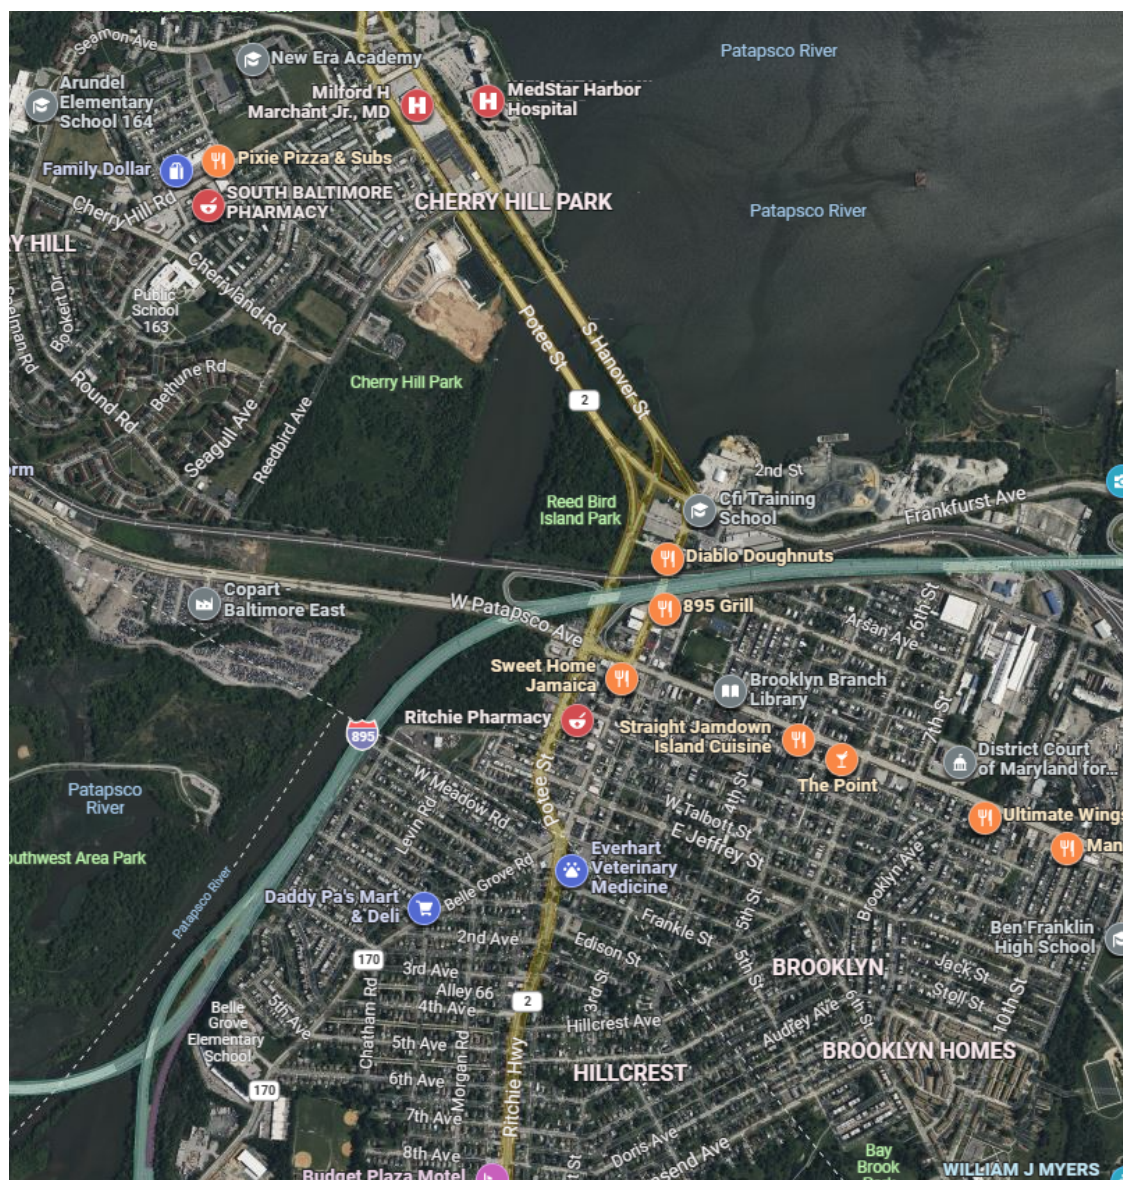

**Strengths:** Baltimore City was able to collaborate with third party, non-governmental organizations to effectively receive and distribute donated items to the residents of Brooklyn Park Homes.

**Challenges/ Areas for Improvement:** Donation collection forms are necessary for future centers to better track donations.

**Actions:** OEM will work with the Mayor's Office of Digital Services to develop a system to track donations. OEM will create a form for individuals to complete upon arriving at the Resource Center with donations.

## ADDITIONAL DATA

Map Showing the use of Incident Command Systems Harbor Hospital Division and Glade Court Division.

During the incident command chose not set up triage, treatment, or transport groups. Given the size of the incident area, the number of medic units already on scene, and the time limitations, command felt it was a better use of resources to set up 2 divisions instead (Glade Court Division and Harbor Division), with each division doing their own triage and treatment assignments and then requesting transport units from staging as needed. Command set up the incident command post in the staging area and was able to sufficiently deploy units with the assistance of BC-6 and his Battalion Tech.

Below is the list of transports from the Glade Court Division:

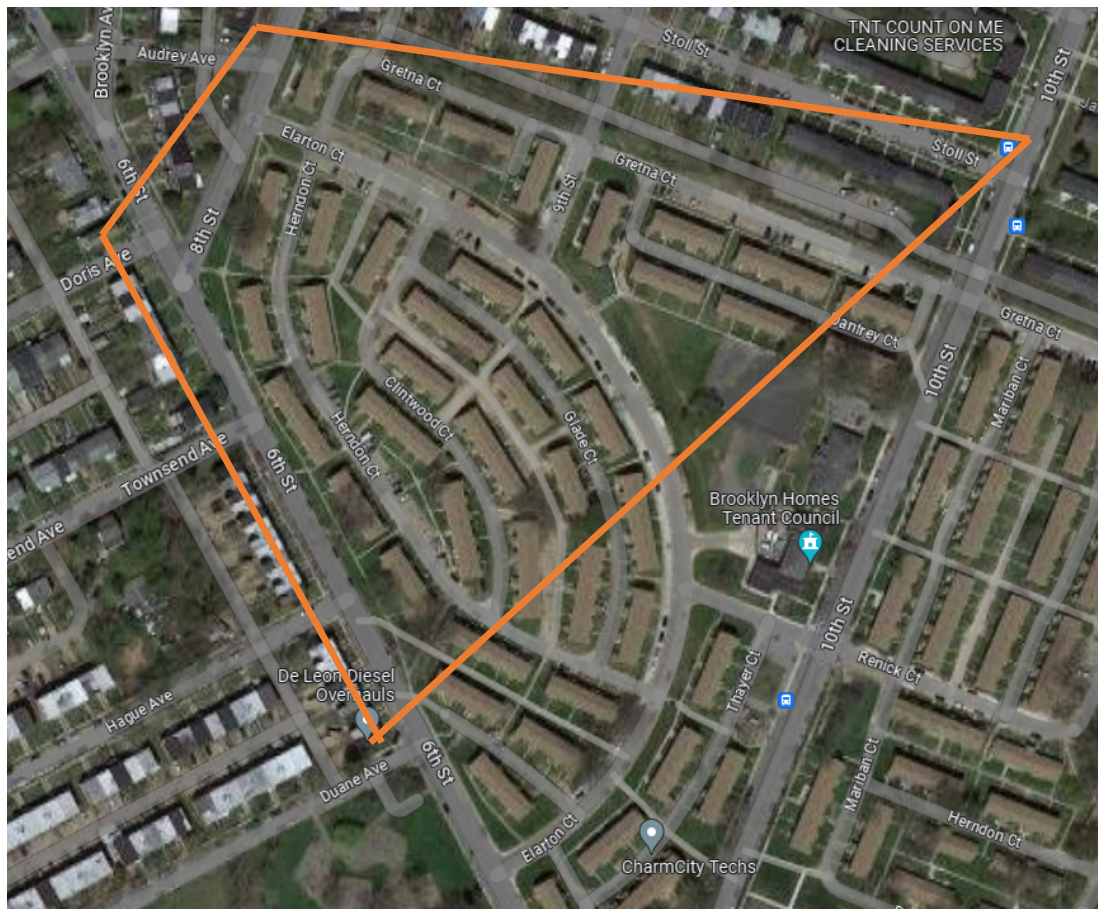

EMS-6	1 patient – DOA (no transport)
Medic 1	2 patients to Shock Trauma
Medic 21	2 patients to Shock Trauma
Medic 12	1 patient to Shock Trauma
Medic 9	1 patient to Shock Trauma
Medic 2	1 patient to Shock Trauma (deceased at hospital)
AA Medic 11	1 medical patient to University Hospital
BCoM 4	1 medical patient to Saint Agnes

Below is the list of transfers from Harbor Division:

MD Express Care	2 patients to Shock Trauma
Medic 5	1 patient to Shock Trauma
AA Medic 33	1 patient to Shock Trauma
Medic 15	1 patient to Shock Trauma
HCo Medic 25	1 patient to Shock Trauma

Glade Court Division:

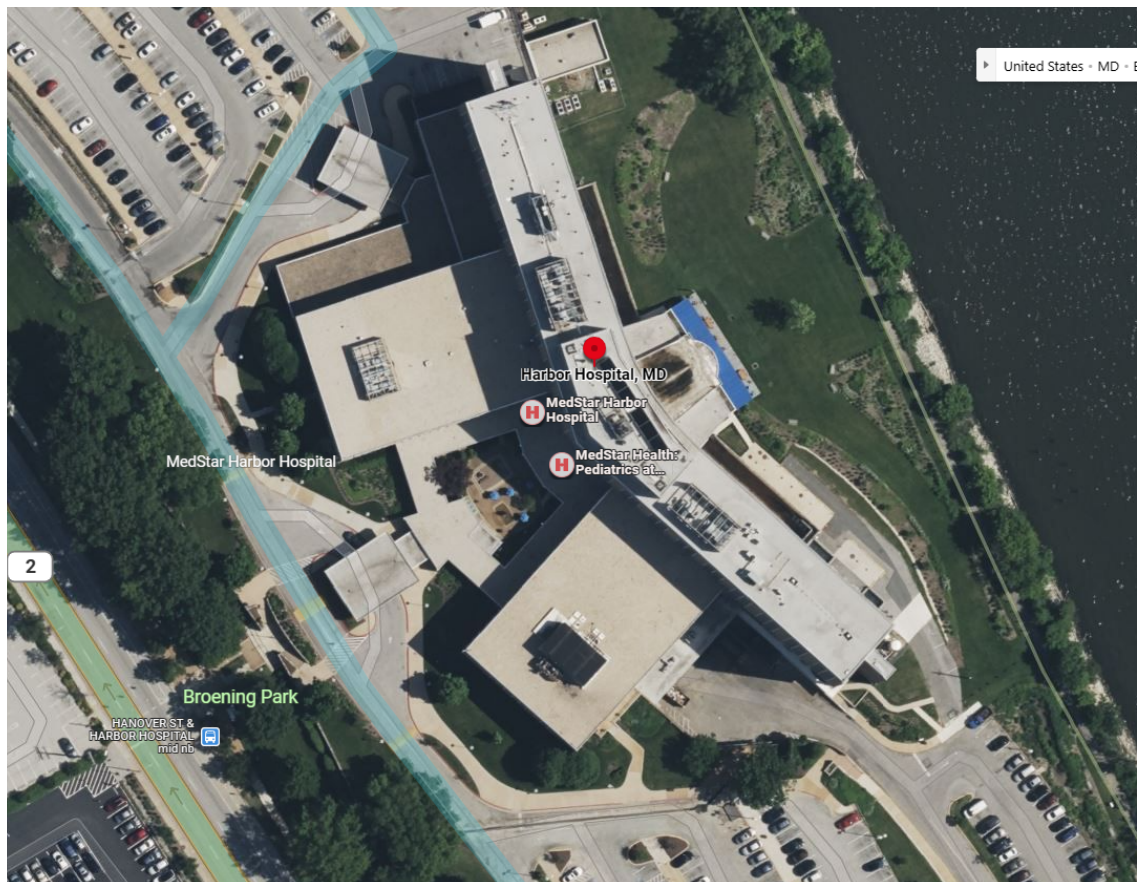

All victims were located outside. Below is a map of the area involved for geographical reference.

#### Harbor Hospital Division:

Harbor Hospital is a private nonprofit, 150-bed, acute care teaching hospital in Baltimore City, Maryland, U.S. It is located on South Hanover Street along the Middle Branch of the Patapsco River in the Cherry Hill neighborhood of South Baltimore. The hospital has around 10,000 inpatients admissions and close to 60,000 emergency department visits per year. Harbor Hospital is not a designated trauma center.
